Billy Crone

The Left Behind Deception:

The Left Behind Deception Steve Wohlberg,2001-11 Biblical proof that there is NO secret rapture 7 Year Tribulation or second chance for salvation after Jesus Christ returns A credible alternative to the Left Behind series New Age & the Last Days Deception Billy Crone,2019-03 Some would say New Age refers to those flower loving freewheeling people in the 60 s who wore tinfoil triangles on their head Others will remark it has to do with those who fear for the ecosystem Still some will give you a blank stare and say they have no idea what you re talking about Yet little do any of these people realize that the beliefs and teachings of the New Age Movement have not only permeated virtually every sector of our society but they are leading mankind towards the greatest time of deceit this planet has ever seen Therefore this book New Age the Last Days Deception seeks to give you the reader an in depth insight into the background and beliefs of the New Age Movement and how they are attempting to lead and deceive our planet Here you will discover such shocking facts as The Basics of New Age New Age in Society The Beliefs of New Age New Age Astrology The History of New Age New Age Mediumship Oprah Winfrey Her New Age Friends and New Age Divination **Writing the Rapture** Crawford Gribben,2009-02-02 For the past twenty years evangelical prophecy novels have been a powerful presence on American bestseller lists Emerging from a growing conservative culture industry the genre dramatizes events that many believers expect to occur at the end of the age the rapture of the saved the rise of the Antichrist and the fearful tribulation faced by those who are left behind Seeking the forces that drove the unexpected success of the Left Behind novels Crawford Gribben traces the gradual development of the prophecy fiction genre from its eclectic roots among early twentieth century fundamentalists The first rapture novels came onto the scene at the high water mark of Protestant America From there the genre would both witness the defeat of conservative Protestantism and participate in its eventual reconstruction and return providing for the renaissance of the evangelical imagination that would culminate in the Left Behind novels Yet as Gribben shows the rapture genre while vividly expressing some prototypically American themes also serves to greatly complicate the idea of American modernity assaulting some of its most cherished tenets Gribben concludes with a look at post Left Behind rapture fiction noting some works that were written specifically to counter the claims of the best selling series Along the way he gives attention not just to literary fictions but to rapture films and apocalyptic themes in Christian music Writing the Rapture is an indispensable guide to this flourishing yet little understood body of literature **KEY TO THE APOCALYPSE** H. Grattan Guinness,2017-01-05 The Seven Divine Interpretations of Symbolic Prophecy for Understanding the Apocalypse Code *The Anointed* Randall J. Stephens,Karl W. Giberson,2012-07-09 Why do so many evangelicals follow leaders with dubious credentials when they have other options in their own faith Exploring intellectual authority within evangelicalism the authors reveal how the concept of anointing being chosen by God to speak for him established a conservative evangelical leadership isolated from secular arts and sciences *Taken* Aneala Lance,2016-06-16 The fact that Jesus is definitely coming back is the bottom line and the

source of comfort for myself as a believer as I hope it is the same for you Whether you believe that the Rapture will happen prior to the Tribulation or at the very end the fact of the matter is that its going to happen Be encourage and keep your heart and faith in God as you look to the future with great hope Grace Mercy Peace from God our Father Aneala Lance servant of the high God Jesus Christ When The Third Temple Is Built Nicklas Arthur,2017-01-13 Most of the Evangelical and Christian world today believes that the Coming of Christ is imminent and that they will be Raptured away before all of the calamity of the entire Book of Revelation ensues during the very last seven or three and a half years of this era a period of Great Tribulation unlike any other in the History of the World As the world around us shapes to confirm that we are indeed in the time of the very end many are beginning to look deeper into the Bible and more specifically the prophetic passages of Jesus the epistles and the Revelation This has caused many to lay down the Pre Tribulation Rapture Doctrine because of the shaky ground on which it is founded What I found out is that the error and deception goes much deeper than one would think upon entering this sojourn **Deception's Path** Henry J. Gambino,2000-09-16 When prominent businessman and arts patron E Dillon Parsons is murdered at the prestigious Verdi Society s annual masquerade ball Homicide Lieutenant Douglas MacArthur Kim is plunged into the Philadelphia arts scene where to find the killer he must follow a path of deception in which the arts are subject to corporate whim and justice is subordinated to political expediency When three other members of the city s arts scene are murdered the pathways of deception branch even farther forcing Kim to cope with pressure from his superior officer who wants to be police commissioner from the District Attorney who wants to be mayor and from an overbearing newspaper editor who wants headlines They want an arrest and conviction even though Kim is convinced the prime suspect is innocent Along the way Kim must come to grips with the deceptions of his own life Half Korean half Caucasian he is torn between two cultures Unsure of his own identity he has become alienated from his American stepfather who brought him to this country and raised him as his own then abandoned him and his mother for another woman Now he must follow deception s path until he reaches a doorway of truth **Deception in War** Jon Latimer,2003-04-29 From the Trojan Horse to Gulf War subterfuge this far reaching military history examines the importance and ingenuity of wartime deception campaigns The art of military deception is as old as the art of war This fascinating account of the practice draws on conflicts from around the world and across millennia The examples stretch from the very beginnings of recorded military history Pharaoh Ramses II s campaign against the Hittites in 1294 B C to modern times when technology has placed a stunning array of devices into the arsenals of military commanders Military historians often underestimate the importance of deception in warfare This book is the first to fully describe its value Jon Latimer demonstrates how simple tricks have been devastatingly effective He also explores how technology has increased the range and subtlety of what is possible including bogus radio traffic virtual images even false smells Deception in War includes examples from land sea and air to show how great commanders have always had as Winston Churchill put it that indispensable element of legerdemain an original and
