The Light Of Egypt Vol I:

The Light of Egypt: The Science of the Soul and the Stars Belle M. Wagner, Thomas H. Burgoyne, 2020-09-28 It is the duty of Occult students to familiarize themselves with the subjects herein discussed They should know the ideas of our ancestors regarding them and be familiar with their thought in order to appreciate the sublime wisdom and knowledge of Nature as taught by them otherwise we are sure to do them as well as ourselves great injustice The history of Occultism bears out the fact that there is very little that is new to the present time The arrangement and classification of thought differs during each cycle of time on the different spirals and like the fruitage on lower rounds of Nature s progressive wheel of destiny variety and quality are diverse so likewise do we find the mental manifestations This age however is blessed with a great variety and abundance of thought in clear cut language that should enlighten the races of the Earth with Mother Nature s modus operandi in every department of human thought We hope these chapters will aid to this end and doubtless many students will find in them the key to unlock the mysteries veiled in symbol and hieroglyphic by ancient writers The author s object has been to make plain and easy of understanding these subjects Much however has been left for private study and research for many large volumes might be filled if a detailed description of each subject were entered upon which task is left for those who feel so inclined A rich reward is in store for those spiritual investigators who will follow out the paths and lines herein mapped out on Spiritual Astrology Alchemy and other subjects Meditation and aspiration will open up hidden treasures that will prove a boon to Occult students for Astrology and Alchemy are the two grand sciences that explain the why and reasons for what we see and experience on every plane of life In this age there should be no concealing of these Divine truths We cannot hide anything in the air and for this reason the Sun in Aquarius will unearth and reveal to man all that the present cycle has to give during the Sun s passage through this airy sign The watery sign Pisces through which the Sun manifested during the past 2 160 years gave up to man their secret powers and hidden attributes in steam as a motive power which man has completely mastered He will likewise master the airy forces during the present sub cycle of the Sun in Aquarius Already we see him using liquid air and compressed air as a motive power which will gradually take the place of steam as the Sun gets farther into the sign or constellation of Aquarius Men will become immensely wiser than they have been and it is to be hoped they will leave the written record of their achievements in science and art to show to future races their status of mind on every subject for the edification and enlightenment of coming races Our ancestors were denied this great privilege Consequently their wisdom is only symbolized to us in a way that it is difficult to read and interpret correctly yet we who have the key to their symbols can read accurately the truth they wish to convey which stands out clearly to all capable of understanding and interpreting symbolism and correspondence correctly History and Nature repeat themselves in every cycle of time therefore these forces and potentialities are natural to the sign through which the Sun manifests We can go backward or forward through the Sun s Zodiac and read correctly the history of the hoary past as well as the present and

future by bearing in mind the sign and cycle in manifestation at any given period When the proper time arrives a work will be given to the world to prove to mankind the law of cycles

The Light of Egypt Thomas H. Burgoyne,1889

The Light of Egypt Thomas Burgoyne,2021-10-18 The Light of Egypt The Science of the Soul and the Stars is a late 19th century work of occultism by Thomas H Burgoyne It explores both the soul and nature of man as well as his relation to the stars and planets through Burgoyne's study of astrology Volume I of The Light of Egypt included here is divided into two parts The first The Science of the Soul explores the realms of spirit matter and the origins of physical life It also explains the Brotherhood of Light's views of reincarnation karma and mediumship Unlike the common idea of reincarnation as a literal rebirth of a soul into different bodies here on Earth Burgoyne argues that this would be a stalling of man's progress Instead we are reborn into a higher and more perfect form of life In part two Burgoyne goes into more detail regarding the science of astronomy This science he explains consists of two parts One is astronomy which deals with the sun's moons planets and stars and strictly confines its researches to a knowledge of their size distance and motion The other he calls correspondences which explore the spiritual and physical influences of the same bodies first upon each other then upon the earth and lastly upon the organism of man Like other occultist writers and thinkers Burgoyne views man as a microcosm of the greater universe In the zodiac we find each sign to be associated with a section of the human body Each also has its own unique characteristics which he describes from the symbolic Kabbalistic intellectual and physical views Not only date but birth time and birth location determine man's physical and mental traits as well as their fortunes Burgoyne would not

have been impressed with modern horoscopes that lump all people with the same zodiac sign together The Light of Egypt is a work to be studied over time by those searching for wisdom and truth It was described by Elbert Benjamine the founder of the Church of Light successor to the Hermetic Brotherhood of Luxor as the greatest spiritual work of the 19th century

The Light of Egypt: Volume Two, the Science of the Soul and the Stars, 2000 **The Light of Egypt (Volumes I and II)** Thomas H Burgoyne, 2020-12-30 First published in 1889 The Light of Egypt was written by the Scottish born astrologer and occultist Thomas Henry Burgoyne One of the founding members of the Hermetic Brotherhood of Luxor Burgoyne claimed to be a psychic and that he was visited as a child by the Brotherhood of Light a group of advanced beings who attempt to help humankind Burgoyne moved to the United States in 1880 and came into contact with others who said that they too had been in contact with the Brotherhood of Light Encouraged by these new associates Burgoyne wrote The Light of Egypt in order to bring the teachings of the Brotherhood to the rest of humanity As described by Burgoyne the Brotherhood had initially been established to oppose the dominant religion in Egypt in ancient times and have continued as an esoteric occult order in the modern world In Burgoyne s work he sought to provide lessons for the reader to practice in order to obtain spiritual wisdom and the relationship between the attainment of that wisdom and astrology The Light of Egypt is essential reading for any student of the occult and esoteric mysticism Volumes I and II are collected together here in an edition which is printed on premium acid free paper **Ancient Egypt, the Light of the World** Gerald Massey, 1992 Gerald Massey was one of the first Egyptologists in modern times to realize that with the final eclipse of the incredibly old Land of Kam a k a ancient Egypt a light had been extinguished in world civilization He was a man of protean interests and concerns at once a poet socialist Shakespearean scholar mythographer and Egyptologist Part of his genius was the ability to look truth in the face and not flinch Massey did in the cultural domain what modern paleontologists have done in the anthropological pinpoint Africa as the crucible of humanity s story In the first volume of Ancient Egypt Massey was primarily concerned with elaborating how the first humans emerge in Africa created thought What had been evident to him from the outset was that the myths rituals and religions of ancient Egypt or Old Kam had preserved virtually intact a record of the psychomythic evolution of humanity In the second volume Massey examines the celestial phenomenon known as the Precession of the Equinoxes He believed only by understanding this phenomenon was it possible to fathom Nile Valley history He provides the reader with extensive detail on the interconnection of the two The last half of the second volume is devoted to the Kamite sources of Christianity Massey demonstrated the manner in which New Testament Christianity evolved directly out of the Osirian mysteries Massey pioneered the effort to connect Old Kamite thought to its origin in Africa s antiquity His conclusions which are constantly being verified showed that Kamite thought was the direct progenitor to the philosophy metaphysics religion and science that eventually shaped Western civilization from back cover
