The Sino-Soviet Conflict, 1956-61 Donald S. Zagoria, 1973 **The Sino-Soviet Conflict, 1956-1961** Donald S. Zagoria, 1969 *Sino-Soviet Conflict, 1956-1961* Donald S. Zagoria, 2015-12-08 What happens if the two most powerful partners in the Communist world cannot agree on basic issues of principle and policy Donald S Zagoria who was from 1951 to 1961 an analyst of Communist Bloc politics for the U S Government traces the development of serious conflict between the U S S R and China from the 20th Party Congress in 1956 to the 22nd Party Congress in late 1961 This conflict has enveloped three major areas global strategy domestic policy and intra Bloc relations and has plagued the relations between Khrushchev and Mao Tse tung and affected their differing attitudes toward de Stalinization the communes Yugoslavia Taiwan and the developing African and Asian nations In studying these differing policies Mr Zagoria makes extensive use of the published statements of the Chinese and Russian Communists his analysis of this literature is in itself an important contribution to all future evaluations of Communist intentions Originally published in 1962 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 [The Sino-Soviet Conflict, 1956-1961](#) Donald S. Zagoria, 1964 **Sino-Soviet Conflict** United States. Congress. House. Committee on Foreign Affairs. Subcommittee on the Far East and the Pacific, 1965 Reviews Sino Soviet ideological and border disputes and their possible impact on U S policy and military objectives in Vietnam *Sino-Soviet Conflict, Report ... by the Subcommittee on the Far East and the Pacific ... Together with Hearings Held March 10-31, 1965* United States. Congress. House. Foreign Affairs, 1965 **Sino-Soviet Dialogue on the Problem of War** S. Yin, 2012-12-06 The author has spent upwards of ten years in working on this book His objective is to clarify the military aspect of the Moscow Peking dialogue which has not yet received its deserved treatment The apogee of that dialogue seems to have been passed toward the end of the rule of Khrushchev Yet the Vietnam war spawns fresh contention Our cover age will span the development from 1956 to the present The beginning of the dispute with regard to the origins of war in general is taken up in the first two chapters The next three chapters discuss the several types of war with the frame of reference set in what now appears to be a quondam era But the principle differences between the disputants are just as outstanding today as they were then The penultimate chapter is somewhat wide in scope in order to deal with the larger and more intensely bitter polemics evolving after Khrushchev left office There have been many new and startling views held by both sides since then views splitting them poles apart Ominously at issue now is the question of Sino Soviet peaceful coexistence Our work obviously cannot wait until that question is answered to be finished The final chapter concludes our study To write of subjects as dynamic as this one is a

challenge because they are current affairs Due to the swift change of events no sooner is our typescript put to press than it needs a revision

The China Factor Gerald Segal,2018-09-18 The purpose of this book first published in 1982 is to analyse certain crucial aspects of the great power triangle in order to establish a more complete picture of the role of China in the superpower balance These essays examine the key political economic and military issues involved in the complex relations between the three great powers

Becoming Asia Alice Miller,Richard Wich,2011-01-20 This student friendly text details the fascinating history of how Asia has evolved from being little more than a geographic expression to becoming a vibrant assertive region with an increasing impact on global political economic and security affairs

China and the United States Xiaobing Li,Hongshan Li,1997-12-11 This essay collection presents a new examination and fresh insight into Sino American relations from the end of World War II to the 1960s The compilation breaks new ground by exploring some of the untouched Chinese and Soviet Communist sources to document the major events and crises in East Asia It also identifies a new pattern of confrontations between China and America during the Cold War Based on extensive multi archival research utilizing recently released records the authors move the study away from the usual Soviet American rivalry and instead focus on the relatively unknown area of communists interactions and conflicts in order to answer questions such as why Beijing sent troops to Korea what role China played in the Vietnam War and why Mao caused crises in

the Taiwan Straits The articles in the book examine Chinese perceptions and positions and discuss the nature and goals of China's foreign policy and its impact on Sino American relations during this crucial period **Africa, Asia, and South America Since 1800** A. J. H. Latham, 1995 A reference for graduate and undergraduate students presenting the bibliographic details and sometimes describing and evaluating the content of over 5 000 books in English most published since 1945 and many quite recently but also some earlier works of enduring importance A section of works on all three continents is followed by sections on each which first consider the continent as a whole then each country usually by chronological periods and topics such as economics politics and society Indexed only by author and editor but the table of contents is detailed enough to provide adequate access Distributed in the US by St Martin's Press Annotation copyright Book News Inc Portland Or Harold Wilson's Cold War Geraint Hughes, 2015 Review Harold Wilson's Cold War analyses the Labour government's efforts to promote East West detente and to improve Anglo Soviet relations from 1964 to 1970 Geraint Hughes challenges the caricature of Harold Wilson's rigid subservience to America and shows how as Prime Minister he proposed to develop closer contacts with the Soviet leadership and to foster co operation on arms control conflict resolution in Vietnam and East West trade Jacket *Soviet-American Relations, 1953-1960* Victor Rosenberg, 2015-01-24 Dwight D Eisenhower and Nikita Khrushchev presided over a pivotal period in Soviet American relations The ongoing Korean War and the lack of an American ambassador in Moscow illustrate the strain in Soviet American relations at the start of Eisenhower's presidency but things changed after Stalin died only 44 days later Stalin's successors began to liberalize both domestic and foreign policy in what became known as the Thaw There was an increase in diplomatic exchanges including the first modern summit conferences Of even greater importance the Soviet leaders began to reestablish the scientific cultural and tourist contacts that had been broken under Stalin Because political and ideological tensions remained and there were still restrictions on contacts the Soviet overtures can best be described as a half offered hand of friendship and perhaps it was less of a thaw than the end of a blizzard Nevertheless these contacts began a process which would help end the Cold War three decades later This history of relations between the Soviet Union and the United States during the Eisenhower and Khrushchev administrations explores political social and cultural exchanges and assesses their impact upon the two countries Besides diplomatic documents memoirs from Americans and Soviets and works of history it relies upon eyewitness accounts by journalists tourists and others to paint a detailed picture of the era Notes are included for each chapter and there is a bibliography and an index
