and mental well being in clinical practice **On Social Structure and Science** Robert K. Merton,1996-09-15 Robert K Merton is unarguably one of the most influential sociologists of his time A figure whose wide ranging theoretical and methodological contributions have become fundamental to the field Merton is best known for introducing such concepts and procedures as unanticipated consequences self fulfilling prophecies focused group interviews middle range theory opportunity structure and analytic paradigms This definitive compilation encompasses the breadth and brilliance of his works from the earliest to the most recent Merton s foundational writings on social structure and process on the sociology of science and knowledge and on the discipline and trajectory of sociology itself are all powerfully represented as are his autobiographical insights in a fascinating coda Anchored by Piotr Sztompka s contextualizing introduction Merton s vast oeuvre emerges as a dynamic and profoundly coherent system of thought a constant source of vitality and renewal for present and future sociology *James S. Coleman* Dr Jon Clark,Jon Clark,2005-08-10 James S Coleman was one of a distinguished generation of sociology students who passed through the Columbia Sociology Department in the 1940s and 50s This book critically debates his work and his contribution to society and the social sciences more generally It consists of 18 major papers by 20 authors from six countries on a range of themes The volume is framed by an extended editorial introduction reflecting on the five year exchange of correspondence between James Coleman and the editor together with two of Coleman s own works **University of Nebraska-Lincoln, Catalog: ARTS & SCIENCES, COLLEGE OF.** University of Nebraska-Lincoln. College Of Arts & Sciences,1928 **Social Psychology** David E. Rohall,Melissa A. Milkie,Jeffrey W. Lucas,2024-11-04 This updated edition of Social Psychology Sociological Perspectives continues to offer a comprehensive approach to understanding human behavior emphasizing the critical roles that social contexts group processes and social structures play in shaping individual selves interactions emotions and thought processes Grounded in contemporary research this edition introduces new case studies and applications along with unique textboxes containing career information in fields linked to social psychology making it more relevant than ever to today s rapidly changing world By framing the chapters through the lenses of key sociological theories the text provides a distinctive framework for analyzing how social forces influence human behavior Pedagogically rich and thoughtfully organized this edition offers new learning tools including expanded critical thinking exercises visuals and sources to engage students and foster a more dynamic learning experience Perfect for sociology and psychology courses Social Psychology continues to be a must have resource for those seeking a sociological perspective on the complex and exciting field of social psychology *Social Processes and Behavioural Issues* Mr. Rohit Manglik,2024-06-20 Social behaviors are covered Guides students to analyze group dynamics fostering expertise in sociology through case studies and theoretical analysis **Announcements** University of Nebraska (Lincoln campus). Teachers College,1924 **Origins of Sociological Theory** Arris Dorsey &,2018-11-30 The field of sociology itself and sociological theory by extension is relatively new Both date back to the 18th

and 19th centuries The drastic social changes of that period such as industrialization urbanization and the rise of democratic states caused particularly Western thinkers to become aware of society The oldest sociological theories deal with broad historical processes relating to these changes Since then sociological theories have come to encompass most aspects of society including communities organizations and relationships The basic insight of sociology is that human behaviour is largely shaped by the groups to which people belong and by the social interaction that takes place within those groups The main focus of sociology is the group not the individual This compendium offers selections that present special propositions specific concepts or examples of substantive theorizing rather than discussions of integrated systems The present attempt is made to describe the different aspects of sociological theory generally being explained by the social scientists and it is hoped that it will be of great use for all those concerned with sociology *Generating Images of Stratification* Thomas J.

Fararo,Kenji Kosaka,2013-03-09 *Generating Images of Stratification* is a self contained presentation of a theoretical research program that deals with a significant explanatory problem relating to social inequality and that constructs generative theoretical models in doing so In more detail Self contained presentation In respect to the background sociological facts and theoretical ideas and also the formal methods the book provides clear and simple accounts accompanied by examples A theoretical research program The emphasis is on theory development involving a series of theoretical models constructed within a core framework of principles and methods Deals with a significant explanatory problem relating to social inequality We know from research that how people perceive the stratification system of a society depends upon their position in that system So the problem is What process generates this regularity and thereby explains empirical generalizations about the social structuration of images Constructs generative theoretical models The book is an extended presentation of generative theory in sociology a formal method of producing effective theoretical explanations *Generating Images of Stratification* is of interest to mathematical sociologists and formal theorists in sociology sociologists interested in social stratification methodologists both in sociology and in other fields philosophers of social science and theoretical scientists and mathematicians who are interested in applying their analytical tools to social science topics
