Social Inequality And Class Radicalism In France And Britain

Marcel van der Linden

Social Inequality And Class Radicalism In France And Britain:

Social Inequality and Class Radicalism in France and Britain Duncan Gallie, 1984-01-26 This book first published in 1983 examines in depth the nature and sources of class radicalism in France and Britain and takes issue with some of the major theories of class consciousness and class action Drawing on data both from detailed case studies and from wider national surveys it shows that the conflict of class interests within capitalist societies can lead to sharply diverging attitudes to class inequality It argues that the explanation of such differences cannot be found in some general law of the evolution of social conflict in capitalist society It must be sought in the profound institutional differences that exist between the two societies In particular the study argues for a reassessment of the importance of the experience of war and of the way in which the business and political elite handled the social crises generated by war in accounting for the long term structural divergence of capitalist societies

Pluralist Thought and the State in Britain and France, 1900-25 Cécile Laborde, 2000-03-07 This is the first comparative study of early twentieth century French and British schools of political pluralism A wide ranging survey of the works of thinkers such as JN Figgis GDH Cole Harold Laski Edouard Berth Maxime Leroy and L on Duguit **Pluralist Thought and the State in Britain and France 1900 25** is a major contribution both to the study of national tradition of political thought and to the understanding of relationships between state groups and individuals in democratic societies

Cultures of Solidarity Rick Fantasia, 1989-08-18 A commonplace assumption about American workers is that they lack class consciousness This perception has baffled social scientists demoralized activists and generated a significant literature on American exceptionalism In this provocative book a young sociologist takes the prevailing assumptions to task and sheds new light upon this very important issue In three vivid case studies Fantasia explores the complicated multi faceted dynamics of American working class consciousness and collective action

State Capitalism and Working-class Radicalism in the French Aircraft Industry Herrick Chapman, 1991-01-01 Using the example of the aircraft industry which takes him like an arrow to the heart of many of the key conflicts in French life between 1936 and 1948 Herrick Chapman has written a penetrating and exceptionally well documented account of the way that France developed her present style of industrial relations in which the state plays such a central role No book I know so successfully integrates the history of aviation with the political and social history of France Both thorough and thoughtful it is an impressive achievement Robert Wohl University of California Los Angeles An unusual innovative book based on impressive research that throws new light in a major way on twentieth century French politics and society one of the most interesting and original monographs in modern French history in a long time Robert O Paxton Columbia University This is a breakthrough of considerable importance Chapman will become the leading North American perhaps even English speaking historian of contemporary France George Ross Brandeis University

Just the Working Life Marc Lendler, 2019-07-25 Based on interviews with workers at a chemical factory this study elicits perceptions of authority relations at work and provides information on the degree to which people

see these relations as legitimate The employees discuss safety self fulfillment and resistance to authority **Rethinking Industrial Relations** John Kelly,2012-10-12 This original book is a wide ranging radical and highly innovative critique of the prevailing orthodoxies within industrial relations and human resource management It covers central problems in industrial relations the mobilization theory of collective action the growth of non union workplaces and the prospects and desirability of a new labour management social partnership an historical account of worker collectivism organization and militancy and state or employer counter mobilization a critique of postmodernism and accounts of the end of the labour movement Containing a detailed examination of the evolution of industrial relations it argues that the area is often under theorized and influenced by the policy agenda of the state or employers and will prove informative reading for students of industrial relations **Union Retreat and the Regions** Ron Martin,Peter Sunley,Jane Wills,2012-10-12 Since the beginning of the 1980s British trade unions have experienced a dramatic retreat marked by rapidly falling membership and declining industrial power The authors examine the regional dimensions of this retreat of organised labour paying particular attention to The resilience of the unions historical heartland areas The impact of economic restructuring on local union traditions The shrinking landscape of industrial militancy The geographical decentralization of the new industrial relations The link between these factors and the more general debate on regional development and regional labour markets An important synthesis of economic geography and industrial relations work this book marks a major contribution towards the newly emerging field of labour geography **Workers of the World** Marcel van der Linden,2008-09-30 The studies offered in this volume contribute to a Global Labor History freed from Eurocentrism and methodological nationalism Using literature from diverse regions epochs and disciplines the book provides arguments and conceptual tools for a different interpretation of history a labor history which integrates the history of slavery and indentured labor and which pays serious attention to diverging yet interconnected developments in different parts of the world The following questions are central What is the nature of the world working class on which Global Labor History focuses How can we define and demarcate that class and which factors determine its composition Which forms of collective action did this working class develop in the course of time and what is the logic in that development What can we learn from adjacent disciplines Which insights from anthropologists sociologists and other social scientists are useful in the development of Global Labor History **Masters to Managers** Sanford M. Jacoby,1991-01-23 **Masters to Managers Government and Politics of France** Anne Stevens,2017-03-14 Updated throughout to cover the period of Chirac Jospin cohabitation and the implications of Chirac s success in the dramatic 2002 presidential and parliamentary elections the third edition of this popular and widely used text provides a clear and comprehensive account of the contemporary French political system *British Trade Unions and Industrial Politics* John McIlroy,Nina Fishman,Alan Campbell,2018-10-04 First published in 1999 this book discusses trade unionism in Britain from 1964 to 1979 Detailing political change in British politics from union strikes to Thatcherism in the late 1970s and the

implications that had on trade unions and industrial politics

Large Firms and Institutional Change Bob Hancké, 2002
 Between 1980 and 1985 the French economy and industry faced a dramatic crisis in the ten years that followed it witnessed a remarkable revival How did the French economy make this transition While the state is still an important economic agent in France and the market certainly has become more central in the organization of the French economy both state and market centered perspectives fail to understand critical elements of this adjustment Building on the new Varieties of Capitalism approach in political economy which puts firms at the center of the analysis this book argues that the post war state led system changed into a system organized by and around the large firms Large firms have always been central in the French post war economic development model In the past however they adapted to patterns set by the central state By exploiting the possibilities in government policies in different areas such as finance labour relations and regional policies the large firms were able to induce their main interlocutors the state banks labour unions workers and small firms to adjust in a way which was congruent with their own interests From subservient economic agents they became the drivers of economic adjustment Through this case study of readjustment in France this book offers a subtle critique of neo institutionalist perspectives on firms Institutional frameworks do not simply offer scenarios for adjustment but are themselves constructions of economic and political actors and therefore subject to change and reorganization By analysing how large firms in France arguably one of the least likely places to harbour such endogenous capacities changed their institutional environment to fit their own needs this book offers an important new perspective on the political economy of industrial and economic change

The Working Class and Politics in Europe and America 1929-1945 Stephen Salter, John Stevenson, 2014-09-25 This volume contains a series of essays which examines various regimes and working classes of such countries as Italy France Poland the USA the Soviet Union and Great Britain in the early 20th century

Dynamic Human Resource Systems James P. Begin, 2014-12-11 The goal of this work was to use these cross national comparisons to better understand how human resource policies operate to affect firm performance not as individual practices but as bundles of interacting practices that have positive effects on both productivity and the quality of life of workers

Enemy Brothers W. Rand Smith, 2014-10-01 Since the 1920s Socialist and Communist parties in Europe and elsewhere have engaged in episodes of both rivalry and cooperation with each seeking to dominate the European Left *Enemy Brothers* analyzes how this relationship has developed over the past century focusing on France Italy and Spain where Socialists and Communists have been politically important Drawing on fieldwork and interviews in all three nations W Rand Smith identifies the critical junctures that these parties faced and the strategic choices they made especially regarding alliance partners In explaining the parties diverse alliance strategies *Enemy Brothers* stresses the impact of institutional arrangements party culture and leadership The paperback edition features a new afterword that updates the impact of the current euro crisis through mid 2014

Reworking Class John R. Hall, 2018-09-05 The twelve essays in this volume propose new directions in the analysis of class John R Hall argues that recent historical and

intellectual developments require reworking basic assumptions about classes and their dynamics The contributors effectively abandon the notion of a transcendent class struggle They seek instead to understand the historically contingent ways in which economic interests are pursued under institutionally socially and culturally structured circumstances In his introduction Hall proposes a neo Weberian venue intended to bring the most promising contemporary approaches to class analysis into productive exchange with one another Some of the chapters that follow rework how classes are conceptualized Others offer historical and sociological reflections on questions of class identity A third cluster focuses on the politics of class mobilizations and social movements in contexts of national and global economic change

Engineering Labour Peter Meiksins, Chris Smith, Boel Berner, 1996-08-17 Engineers often perceived as central agents of industrial capitalism are thought to be the same in all capitalist societies occupying roughly the same social status and performing similar functions in the capitalist enterprise What the essays in this volume reveal however is that engineers are trained and organized quite distinctly in different national contexts The book includes case studies of engineers in six major industrial economies Japan France Germany Sweden Britain and the United States Through a comparison of these six cases the authors develop an approach to national differences which both retains the place of historical diversity in the experience of capitalism and accommodates the forces of convergence from increasing globalisation and economic integration Contributions from Boel Berner Stephen Crawford Kees Gispens Kevin McCormick and Peter Whalley

Nation and Citizenship in the Global Age R. Münch, 2001-08-08 This book is about the formation of nationhood and citizenship and their transformation in the global age The different collective identities which evolved affected particularly by immigration in Britain France the United States and Germany are outlined in a historical genetic and comparative perspective with special emphasis on the case of Germany It looks at the question of transnational civil ties and the identities which emerge during the process of European integration and how they relate to national and sub national identities

The End of Organized Capitalism Scott Lash, John Urry, 2018-03-08 In this thought provoking new book Anthony Smith analyses key debates between historians and social scientists on the role of nations and nationalism in history In a wide ranging analysis of the work of historians sociologists political scientists and others he argues that there are three key issues which have shaped debates in this field first the nature and origin of nations and nationalism second the antiquity or modernity of nations and nationalism and third the role of nations and nationalism in historical and especially recent social change Anthony Smith provides an incisive critique of the debate between modernists perennialists and primordialists over the origins development and contemporary significance of nations and nationalism Drawing on a wide range of examples from antiquity and the medieval epoch as well as the modern world he develops a distinctive ethnosymbolic account of nations and nationalism This important book by one of the world's leading authorities on nationalism and ethnicity will be of particular interest to students and scholars in history sociology and politics

Redefining Regional French David Hornsby, 2022-10-10 This study challenges the orthodox view that emergent

regional varieties of French represent no more than an ephemeral dialect residue of little theoretical interest. It follows the life cycle of an obsolescent urban Picard variety spoken in a mining town in the Pas de Calais and attempts to unravel the complex reasons behind the survival of some local variants at the expense of others. Applying a sociolinguistic model developed by Peter Trudgill, it shows how the processes of levelling and simplification have driven change in a dialect contact situation, giving rise to a new stable variety or koine. This is compared with other new urban varieties in Sweden and the UK where different economic, social and demographic conditions have produced very different linguistic outcomes. The emergence of Regional French in the north, it is argued, may herald the start of a new diversification of French in Europe. This book will therefore interest both students of French and of language variation more generally.

Social Inequality And Class Radicalism In France And Britain Book Review: Unveiling the Magic of Language

In a digital era where connections and knowledge reign supreme, the enchanting power of language has are more apparent than ever. Online Retailers: Websites like Amazon, Google Books, or Apple Books often sell eBooks. Sometimes, authors or publishers offer promotions or free periods for certain

books. Authors Website Occasionally, authors provide excerpts or short stories for free on their websites. While this might not be the Social Inequality And Class Radicalism In France And Britain full book, it can give you a taste of the authors writing style. Subscription Services Platforms like Kindle Unlimited or Scribd offer subscription-based access to a wide range of Social Inequality And Class Radicalism In France And Britain eBooks, including some popular titles.

FAQs About Social Inequality And Class Radicalism In France And Britain Books

What is a Social Inequality And Class Radicalism In France And Britain PDF? A PDF (Portable Document Format) is a file format developed by Adobe that preserves the layout and formatting of a document, regardless of the software, hardware, or operating system used to view or print it. **How do I create a Social Inequality And Class Radicalism In France And Britain PDF?** There are several ways to create a PDF: Use software like Adobe Acrobat, Microsoft Word, or Google Docs, which often have built-in PDF creation tools. Print to PDF: Many applications and operating systems have a "Print to PDF" option that allows you to save a document as a PDF file instead of printing it on paper. Online converters: There are various online tools that can convert different file types to PDF. **How do I edit a Social Inequality And Class Radicalism In France And Britain PDF?** Editing a PDF can be done with software like Adobe Acrobat, which allows direct editing of text, images, and other elements within the PDF. Some free tools, like PDFescape or Smallpdf, also offer basic editing capabilities. **How do I convert a Social Inequality And Class Radicalism In France And Britain PDF to another file format?** There are multiple ways to convert a PDF to another format: Use online converters like Smallpdf, Zamzar, or Adobe Acrobats export feature to convert PDFs to formats like Word, Excel, JPEG, etc. Software like Adobe Acrobat, Microsoft Word, or other PDF editors may have options to export or save PDFs in different formats. **How do I password-protect a Social Inequality And Class Radicalism In France And Britain PDF?** Most PDF editing software allows you to add password protection. In Adobe Acrobat, for instance, you can go to "File" -> "Properties" -> "Security" to set a password to restrict access or editing capabilities. Are there any free alternatives to Adobe Acrobat for working with PDFs? Yes, there are many free alternatives for working with PDFs, such as: LibreOffice: Offers PDF editing features. PDFsam: Allows splitting, merging, and editing PDFs. Foxit Reader: Provides basic PDF viewing and editing capabilities. **How do I compress a PDF file?** You can use online tools like Smallpdf, ILovePDF, or desktop software like Adobe Acrobat to compress PDF files without significant quality loss. Compression reduces the file size, making it easier to share and download. **Can I fill out forms in a PDF file?** Yes, most PDF viewers/editors like Adobe Acrobat, Preview (on Mac), or various online tools allow you to fill out forms in PDF files by selecting text fields and entering information. Are there any restrictions when working with PDFs? Some PDFs might have restrictions set by their creator, such as password protection, editing

restrictions, or print restrictions. Breaking these restrictions might require specific software or tools, which may or may not be legal depending on the circumstances and local laws.
