

The background of the cover is a dark, high-contrast collage of many human faces, mostly in shades of brown and black, appearing to be in motion or layered. A central, translucent, multi-colored prism (showing hues of blue, purple, and pink) is positioned in the middle, with several thin, bright white lines radiating from its center, creating a starburst effect. The title 'SOCIAL PRISMS' is overlaid on the top half of the image.

Social Prisms Reflections On Everyday Myths And Paradoxes:

Social Prisms Jodi O'Brien, 1999 Presenting basic sociological topics in terms of the paradoxes they contain O'Brien situates the discipline and its subject matter in historical and intellectual context while using examples that are contemporary accessible and of interest and relevance to students

Social Prisms Jodi A. O'Brien, 1999-01-27 This is a superb book By presenting basic sociological topics in terms of the paradoxes they contain O'Brien situates the discipline and its subject matter in historical and intellectual context while using examples that are contemporary accessible and of interest and relevance to students I look forward to using *Social Prisms* in my sociology courses and to the animated class discussions that I'm sure her book will engender Anita Ilta Garey University of New Hampshire Pine Forge Press has done it again *Social Prisms* bolsters the well deserved reputation of Pine Forge Press for publishing serious and innovative yet interesting and accessible works for undergraduate sociology courses Students will enjoy O'Brien's frequent references to the popular culture sports television movies which is so central to their existence outside the classroom and be challenged by her call to embrace rather than resolve the many paradoxes of contemporary social life in America David Yamane University of Notre Dame

The Social Worlds of Higher Education Bernice Pescosolido, Ronald Aminzade, 1999-03-22 This is the first comprehensive guide to teaching in the social sciences ever published Two complete works in one provides a survey of the larger institutional context and alternative perspectives on current debates in higher education as well as a comprehensive and practical guide to teaching Contains original essays by leading teachers and scholars including Craig Calhoun Teresa Sullivan Dean Dorn Paul Baker Charles Tilly Howard Aldrich Daniel Chambliss and Mary Romero The accompanying Fieldguide for Teaching includes an additional 80 articles excerpts teaching tips exercises checklists and overheads covering a complete spectrum of teaching concerns

The Riddles of Human Society Conrad L. Kanagy, Donald B. Kraybill, 1999-01-27 Why are all U.S. Presidents white men Why does technology enchant us Why do some people commit suicide Why are sports so important to Americans How will the Internet change society Why do people do good This very teachable and short new introductory text explores these and other riddles to stir students' sociological curiosity and promote active learning as the sure path toward mastering the fundamentals of the discipline Once again Pine Forge Press has done us Intro teachers a great service with *The Riddles of Human Society* The authors have produced a remarkable text designing it from the point of view of how students actually acquire sociological tools and imagination when reflecting on their social world It is written as a conversation with readers yet is organized with learning tools like chapter summaries discussion questions and an in-text glossary It considers a broad range of topics from micro to macro levels thus uniquely blending the best of a shorter textbook and a monograph It will serve very well as a main text for introductory sociology courses I recommend it highly Stephen Sharkey Department of Social Science Alverno College

Sociology in Action David S. Hachen, 2001 The book's objective is to help students develop a skill their ability to interpret and analyze situations

sociologically Development of student skills and their sociological eyesight is facilitated through practice using decision cases relatively short problem centered narratives that promote critical thinking The book s structure promotes the progressive and incremental development of skills Each chapter in Part I begins with a case The body of each chapter introduces sociological ideas and concepts by using them to analyze the beginning case Each chapter concludes with another case so that students can practice the specific skills they have acquired in the chapter using the chapter s Sociological Eyesight Analysis Guide Part II contains additional cases providing more opportunities for students to practice their skills at interpreting situations sociologically and solving problems An instructor s manual is available to qualified adopters of Sociology in Action To read the Introduction to the instructor s manual or to view a Sample Course Outline click on Additional Materials in the left column under About This Book

Contemporary Sociological Theory Bert N Adams,R A Sydie,2002-01-16 The strengths of this text are the breadth of theories covered the integration of gender related topics3 4 family work religion the use of substantial quotes from primary texts the consistent inclusion of methodological issues I have no doubt that it will find a solid position in the field of theory texts Kathleen Slobin North Dakota State University

Classical Sociological Theory Bert N. Adams,R A Sydie,2002-01-29 This is an eminently lucid readable and comprehensive survey of classical sociological theory Adams and Sydie provide thoughtful summaries and assessments of the works of dozens of social thinkers By significantly broadening the cannon and devoting special attention to call gender and race they bring theory up to date even as they take seriously the rich legacy of the past I have never read a more exciting introduction to the theories of our discipline Mustafa Emirbayer University of Wisconsin Madison A concise yet surprisingly comprehensive theory text given the range of ideas historical context and theorists discussed Unlike other books of the type Classical Sociological Theory focuses on how the pivotal theories contributed not only to the development of the field but also to the evolution of ideas concerning social life

Sociological Theory Bert N. Adams,R. A. Sydie,2001-01-30 This concise text covers both classical and contemporary social thought It traces the major schools of thought over the past 150 years as they appear and reappear in different chapters and looks at important new voices in social theory The treatment of individual theories and theorists is balanced with the development of key themes and ideas about social life

Taking It Big Steven P. Dandaneau,2001-01-24 For use as a primary or supplemental text for Introductory Sociology Social Theory and senior capstone courses An unabashedly critical text for those who want to connect their students personal experiences with what is happening at the societal global level today The emphasis is on teaching the sociological imagination i e to instill in students a unique and radical form of consciousness that will allow them to conceptualize today s chief global and individual problems and the relations between them Dandaneau adopts a perspective like that of C Wright Mills and argues that the sociological imagination is the most needed type of consciousness in the world today The author encourages students to think through a wide variety of topics from ecological crises to panic disorder from hyperreality to the sociology of disability from Generation

X to Generation Next As Dandaneau says The point is not so much to learn the truth but to learn how to think about essential issues and troubles as sociologists themselves try to do to become a participant with others in facing down the challenges of our present epoch It is an elegant and profound meditation on thinking sociologically Written with a rare panache one seldom finds in sociology it s the product of a view of contemporary social life that is profoundly troubling What this adds up to is a distinctive sociological and moral voice Peter Kivisto Augustana College Rock Island Illinois **Sociology** David M.

Newman,2010 This carefully edited companion anthology provides provocative eye opening examples of the practice of sociology in a well edited well designed and affordable format It includes short articles chapters and excerpts that examine common everyday experiences important social issues or distinct historical events that illustrate the relationship between the individual and society The new edition will provide more detail regarding the theory and or history related to each issue presented The revision will also include more coverage of global issues and world religions *Interpreting Religion* Erin F.

Johnston,Vikash Singh,2023-11-14 This collection brings together a diverse range of interpretivist perspectives to find fresh takes on the meanings of religion Cutting across paradigms and traditions experts from the UK US and India apply different approaches to engagement with beliefs and themes including identity ritual and emotion **The Implementation of**

Inclusive Education in Beijing Kai Yu,2014-02-27 The education implementation process in China remains uncharted by researchers The Implementation of Inclusive Education in Beijing Exorcizing the Haunting Specter of Meritocracy puts forth a general theory on China s education programs encompassing policy processes actions and interactions and grounded on the views of street level bureaucrats in China Kai Yu investigates these processes and presents teachers reflections on the change process as well as implementation stories from four Beijing schools He reports on their attitudes their beliefs and their pedagogical practices for implementing the innovative education program Yu argues that the imperatives of meritocratic ideology have undermined the detracking policy and its practice The strength of a program of change rests not so much on the power of the ideas purposes and values as on the reinterpretation of the implementers based on their personal understandings of institution and practice **The Production of Reality** Jodi O'Brien,2010-10-28 Featuring a new

emphasis on how to be awake in the world and how to better see the patterns we use to make sense of our own lives this fifth edition of Jodi O'Brien s popular book introduces the major theories concepts and perspectives of contemporary social psychology in a uniquely engaging manner Compelling original essays that introduce relevant concepts are followed by a wide ranging eclectic enjoyable set of readings By grounding social psychology in student experiences and explaining theories through stories and narratives this one of a kind book is a fascinating read that helps students understand the forces that shape their feelings thoughts and actions **Gender Circuits** Eve Shapiro,2010-02-25 Gender Circuits explores the

impact of new technologies on the gendered lives of individuals through substantive sociological analysis and in depth case studies Examining the complex intersections between gender ideologies social scripts information and biomedical

technologies and embodied identities this book explores whether and how new technologies are reshaping what it means to be a gendered person in contemporary society

The Kaleidoscope of Gender Catherine G. Valentine, Mary Nell Trautner, Joan Z. Spade, 2019-03-07 The authors are proud sponsors of the 2020 SAGE Keith Roberts Teaching Innovations Award enabling graduate students and early career faculty to attend the annual ASA pre conference teaching and learning workshop The Kaleidoscope of Gender Prisms Patterns and Possibilities provides an accessible timely and stimulating overview of the cutting edge literature and theoretical frameworks in sociology and related fields in order to understand the social construction of gender The kaleidoscope metaphor and its three themes prisms patterns and possibilities unify topic areas throughout the book By focusing on the prisms through which gender is shaped the patterns which gender takes and the possibilities for social change the reader gains a deeper understanding of ourselves and our relationships with others both locally and globally Editors Catherine Valentine Mary Nell Trautner and the work of Joan Spade focus on the paradigms and approaches to gender studies that are constantly changing and evolving The Sixth Edition includes incorporation of increased emphasis on global perspectives updated contemporary social movements such as BlackLivesMatter and MeToo and an updated focus on gendered violence

Enchanting a Disenchanted World George Ritzer, 2005 Megamalls Restaurant chains Elaborate casinos Deluxe cruise ships Enormous theme parks Everywhere we turn there is a new place being constructed in which to spend money The Second Edition of Enchanting a Disenchanted World Revolutionizing the Means of Consumption examines the development of these settings and many others like them in

the last half century Author George Ritzer takes a look at how a revolutionary change has occurred in the places in which we consume goods and services and how it has a profound effect not only on the nature of consumption but also on social life In the process of taking capitalism to a new level we have created new cathedrals of consumption locales to which we make pilgrimages in order to practice our consumer religion The book offers rich detail on consuming in places such as Las Vegas Disney World cruise ships Wal Mart and McDonald s all competing to outdo one another to see which one can put on the greatest show and lure the most consumers Enchanting a Disenchanted World is a unique analysis of the world of consumption examining how we are different consumers now than we were in the past both in the U S and around the world In the process of understanding this social development a wide range of theoretical perspectives including Marxian Weberian critical theory and postmodern theory are applied The book also looks at concepts such as hyperconsumption implosion time and space and simulation

Sexual Politics of Desire and Belonging ,2007-01-01 Designed for students academics and the general reader alike Sexual Politics of Desire and Belonging provides theoretical and empirical insights into the linkages between sexualities and forms of desire and ways of belonging and relating to others in specific contexts and moments in time Opening with a substantial introduction by one of the editors this collection of thirteen essays is organised into three parts each section making important contributions to contemporary debates regarding the sexual politics of citizenship marriage friendship pornography intimacies eroticism and desire As such the essays introduce fresh perspectives for thinking about how individuals construct senses of belonging and modes of relating to others in their everyday lives within the disciplinary frameworks of sociology organisational analysis and cultural studies As well the volume analyses representations of desire and eroticism in British Pop Art trauma and feminist fiction polyamory self help literature Hollywood films and sociological and psychoanalytic theory Analytical insights offered within these essays will do much to stimulate debate about aspects of the socially and historically constituted relationship between desire and sexuality Because of the diverse approaches and conclusions it contains the volume will be essential reading for anyone interested in engaging with inter and multidisciplinary perspectives in order to understand the dynamics between constructions of desire and belonging and discourses of gender sex and sexuality

Designing Families John Scanzoni,2000 Designing Families is a thought provoking examination of the challenges facing the nuclear family as it enters the new millenium John Scanzoni sets the issue of change in families in aN historical and cross cultural perspective tracing the development of the family from the Agricultural Age to the Information Age

Encyclopedia of Gender and Society Jodi O'Brien,2009 Provides timely comparative analysis from internationally known contributors
