Social Work Practice In Sexual Problems:

Social Work Practice in Sexual Problems James Gripton, Mary Valentich, 1986 This pioneering volume explores the diversity of the social work profession's involvement in working with clients' sexual problems including those related to age, lifestyle and gender identity. The informative chapters reflect the development of practical knowledge and technology in this area and shed light on this emerging practice speciality. Gain unique insights into clinical intervention in relation to sexual incompatability, performance problems and oppression of sexual expression based on social status. **Sexual Orientation**

and Gender Expression in Social Work Practice Deana F. Morrow, Lori Messinger, 2006-02-01 This volume offers an invaluable resource for both social work educators and practitioners working with gay, lesbian, bisexual and transgender GLBT clients and their families. It is the first such work to specifically address issues affecting bisexual and transgender people as well as the larger concerns of the GLBT community. Contributors present specific practical suggestions for effective knowledge based and skills based practice with GLBT clients. Topics include heterosexism and homophobia, identity development, coming out, GLBT adolescents and older adults, health care concerns, relationships and families, workplace issues, the history of the GLBT civil rights movement, sex reassignment, AIDS and the role of spirituality in the lives of GLBT individuals. The contributors also consider intragroup issues of race, ethnicity, age and socioeconomic status. **Social Work**

An Introduction to Social Work Practice in Canada Shankar A. Yelaja, 1985 **Sexual Identities and Sexuality in Social Work** Priscilla Dunk-West, 2016-04-01 Sexuality and sexual identity have been relatively marginalized areas in both social work education and practice However changes in policy and legislation in the UK and other countries over the past

decade have brought discussions of sexuality into the mainstream public service agenda In social work and social care gay and lesbian citizenship rights have been explicitly recognised In the fields of adoption and fostering new regulations and guidance have helped improve and develop practice around assessment and intervention It remains the case however that sex is often perceived as a problem area within social work and social care discussed only in relation to sexually diverse communities or in the realm of dysfunction or pathology This collection aims to generate a more proactive and challenging discussion of sexuality and sexual identity in social work Its starting point is that sexuality is an essential aspect of individual identity that users must be able to express their sexuality and that it is essential for social workers to be able to respond and discuss sexual issues appropriately The contributions are informed by feminist research considering in particular the experiences of women working in and using social care services since the 1990s In addition to a consideration of the wider policy legislative and service providers perspectives the book includes reflective accounts as well as research led contributions offering a comprehensive and balanced account of this important field which aims to inform both theory and practice
