Caughey, **The Legal Base for Universities in Developing Countries** Harold Winford Hannah, 1967 **Legal Assistance to Developing Countries** Per Sevastik, 1998-01-19 Present and future by Per Falk *Legal Education in a Changing World* International Legal Center. Committee on Legal Education in the Developing Countries, 1975 **Developing Countries in the GATT Legal System** Robert E. Hudec, 2010-11-15 In this reissued edition of the classic work *Developing Countries in the GATT Legal System* Robert E Hudec's clear insight on the situation of developing countries within the international trade system is once again made available Hudec is regarded as one of the most prominent commentators on the evolution of the current international trade regime and this long out of print book offers his analysis of the dynamics playing out between developed and developing nations A significant contribution when the book was first published this work continues to serve as a thoughtful and important guide to how current and future trade policy must seriously adapt to the demands of the developing world This new edition includes a new introduction by J Michael Finger that examines Hudec's work to understand how the GATT got into its current historical institutional predicament and the lasting impact of his work on current research on international trade systems **The Legal Barriers to Technology Transfer under the UN Framework Convention on Climate Change** Chen Zhou, 2019-03-11 The book discusses climate technology transfer under the UNFCCC framework and China's relevant legislation and practices It first explores theoretical basis of climate change related technology transfer with a particular focus on the differences between climate technology transfer and business as usual performance The book then reviews practices of both technology supplier and user in order to generally identify potential legal barriers and obstacles Finally it sheds light on China providing a comprehensive assessment on barriers that hinder the trans boundary transfers of low carbon technologies and need to be overcome in future The issues concerned involve two of the most dynamic areas in current China's lawmaking progress environment laws and Intellectual Property laws The book provides an in depth analysis on China's legislation and practices in this regard At international level the legal framework of climate technology transfer is examined in a systematic prudent and constructive manner On this basis the book highlights potential commons consistency and possible coordination between the UNFCCC and the WTO regime This book is accessible to both Chinese and international environmental law specialists It appeals to a broad readership including environmental scientists economists concerned with China's intellectual property law foreign investment law and anyone interested in the topic how to green intellectual property rights regime for climate technology transfer in the China context *Law Reform in Developing and Transitional States* Timothy Lindsey, 2007 Law

reform in developing countries has become an increasingly topical subject in recent years. A critical issue is why so many law reform projects in developing economies are regarded by their sponsors and recipients as unsuccessful. This informative book examines examples of law reform projects in post socialist and post authoritarian states in Asia, identifies common problems, proposes analytical frameworks for understanding the problems identified. Though parallels between Asian models and those in developing states elsewhere in the world are strong, the book has been developed to avoid suggestion that the issues covered are somehow peculiarly Asian; indeed it is shown that cultural relativist approaches to Asia are unsustainable. This is an invaluable reference for those involved in the areas of development economics, Asian studies and comparative politics.

The World Bank Legal Review, Volume 1: Law and Justice for Development World Bank, 2022-05-20. Sustainable poverty reduction and equitable economic development rest on the firm foundation of the rule of law. On the domestic front, countries must engage in legal reform in order to maximize the benefits of globalization, increase efficiency in business transactions, improve the way governments deliver essential services and facilitate access to an effective justice system. Internationally, new rules are needed to face global threats such as money laundering, destabilizing capital movements, communicable diseases and attacks on the environment. The first volume of The World Bank Legal Review, Law and Justice for Development, is the result of the World Bank's unique experience with legal and judicial innovations and research around the world. It will be of interest to policy makers, attorneys, international development professionals and anyone interested in the role of law and justice in the multi-faceted struggle to relieve poverty and improve living standards in developing countries.
