The Letters And Papers Of Chaim Weizmann Papers Series B August 1898 July 1931:

The Letters and Papers of Chaim Weizmann: August 1898-July 1931 Chaim Weizmann, 1983-01-01 These two volumes of the papers of Chaim Weizmann the first president of Israel are essential for a complete understanding of Weizmann's thinking as a Jew as a scientist and as a political leader They present statements deeply thought out often polished before delivery and intended for insertion into an historical record This selection which spans his life from 1898 1952 includes speeches many of them to closed audiences and not previously published private interviews evidence before investigating committees minutes of meetings memoirs and newspaper articles It is evident from these papers that Weizmann had a larger vision of an audience before him whether it be a group of listeners a mass of readers a government department or an influential interlocutor The earliest documents represent Weizmann's ideas alone later ones reflect the views of like minded Zionists and express the collective striving of his nation These papers together with the previously published twenty three volumes of the letters of Chaim Weizmann constitute a matchless commentary on over sixty years of dedication to building a nation state on moral foundations

Futile Diplomacy, Volume 1 Neil Caplan, 2015-05-15 Most students of the history of Arab Jewish relations have come to take for granted the stubborn resistance of the continuing dispute to any form of lasting and reasonable solution This book first published in 1983 examines early Arab Zionist negotiating experience with the assumption that this has direct relevance to our understanding of the possible outcomes of diplomatic approaches to resolving the conflict Its main purpose is to assemble half of the book consists of original source documents and discuss some of the raw material which may help readers focus more clearly on the origins of the conflict and perhaps to eliminate some recurring fallacies about its development and the prospects for its resolution An examination of

the period 1913 to 1931 reveals of wealth of previous negotiating experience which is today largely forgotten and indicates that there was little or no movement of any of the parties in the direction of modifying its basic minimum demands and aspirations **The Posen Library of Jewish Culture and Civilization, Volume 9** Samuel D. Kassow, David G.

Roskies, 2020-11-24 The Posen Library's groundbreaking anthology series called a feast of Jewish culture in ten volumes by the Chronicle of Higher Education explores in Volume 9 global Jewish responses to the years 1939 to 1973 a time of unprecedented destruction, dislocation, agency and creativity. An extensive look at Jewish civilization and culture from the eve of World War II to the Yom Kippur War. It's a weighty collection to be sure but one that's consistently engaging. An edifying and diverse survey of 20th century Jewish life. Kirkus Reviews starred review. Readers seeking primary texts, documents, images and artifacts constituting Jewish culture and civilization will not be disappointed. More important, they might even be inspired. This set will serve to improve teaching and research in Jewish studies at institutions of higher learning and at the same time promote, maintain and improve understanding of the Jewish population and Judaism in general. Booklist starred review. The ninth volume of The Posen Library of Jewish Culture and Civilization covers the years 1939 to 1973, a period that editors Kassow and Roskies call one of the most tragic and dramatic in Jewish history. Organized geographically and then by genre, this book details Jewish cultural and intellectual resources throughout this era, particularly in political thought, literature, the visual and performing arts, and religion. This volume explores worldwide Jewish perceptions of momentous events that transpired in the mid twentieth century and how Jews redefined themselves across regions throughout an era rife with tragedy, displacement and dispersion. The breadth and depth of this work goes beyond any comparable collection with detailed insights and sharp focus to accompany its breathtaking scope. A major ten volume anthology project more than a decade in the making, the Posen Library is an ideal reference tool for scholars, teachers and students at all levels. Colonial Diplomacy through Art Moya Tönnies, 2024-12-30 Addressing Zionists in 1923, the British artist C. R. Ashbee spoke of that preposterous Balfour Declaration whose Arabic tail you people perpetually ignore but the lash of which you will some day feel. His warnings received no attention at the time nor has his radical pro Arab Palestinian political position been researched since. One hundred years later, this art historical study asks what possibilities individual colonial actors had to influence official colonial policy. In the example of Jerusalem under British rule, Moya Tönnies analyses how three members of the British administration, Ashbee, architect Ernest Tatham, Richmond, and governor Ronald Storrs, all three identifying with the International Arts and Crafts Movement, used art as a diplomatic sphere for their British colonial anti Zionist interventions.

Chaim Weizmann Jehuda Reinharz, Motti Golani, 2024-04-30 A magisterial biography of Israel's first president. Beginning with his childhood in Belorussia and concluding with his tenure as president, Reinharz and Golani describe how a Russian Jew who immigrated to the United Kingdom in the early twentieth century was able to advance the goals of Theodor Herzl, the founder of the Zionist Organization. **The Founding of Israel** Martin Connolly, 2019-02-20 A chronological

history of the Jewish people from the earliest attempts to establish a homeland during Biblical times to the creation of Israel. More than seventy years ago in 1948 the State of Israel came into being amidst great controversy. How did the state arise? What led to the founding of Israel? This book sets out to give a chronological journey of the Jewish people from the time Abraham came out of the land of Ur three thousand years ago until six million of them died in the horror of the Holocaust under Hitler and his Nazi regime. It recounts the many expulsions from the land in which they lived, the suffering under Babylonians, Greeks, Persians, the destruction of their temple in Jerusalem in 70 AD and finally genocide and the expulsion by the Romans in 132 AD, creating a diaspora across the world. The Jews would be charged with killing God and throughout the following centuries would be expelled from countries, burned alive after being locked in synagogues or at the stake, have all their property seized and get herded into ghettos. All of this until that fatal Holocaust which attempted to wipe them from the face of the earth. This book recounts their story to achieve a homeland using a wide range of historical documents to tell the story of humiliation, suffering, poverty and death. It tells of religious persecution that would not let them rest and as their journey enters the twentieth century gives a behind-the-scenes look at how governments manipulated the Middle East and exacerbated divisions.

Futile Diplomacy - A History of Arab-Israeli Negotiations, 1913-56 Neil Caplan, 2021-03-04. These four volumes provide a careful and balanced behind-the-scenes account of the intricate diplomatic activity of the period between 1913 and 1956. Exploiting a range of available archive sources as well as extensive secondary sources, they provide an authoritative analysis of the positions and strategies which the principal parties and the would-be mediators adopted in the elusive search for a stable peace. The text of each volume comprises both analytical historical chapters and a selection of primary documents from archival sources, providing an essential reference source for the student of the Arab-Israeli conflict and its long history.
