The Covenant of Works J. V. Fesko, 2020-09-14 The doctrine of the covenant of works arose to prominence in the late sixteenth century and quickly became a regular feature in Reformed thought Theologians believed that when God first created man he made a covenant with him all Adam had to do was obey God's command to not eat from the tree of knowledge and obey God's command to be fruitful multiply and subdue the earth The reward for Adam's obedience was profound eternal life for him and his offspring The consequences of his disobedience were dire God would visit death upon Adam and his descendants In the covenant of works Adam was not merely an individual but served as a public person the federal head of the human race The Covenant of Works explores the origins of the doctrine of God's covenant with Adam and traces it back to the inter testamental period through the patristic and middle ages and to the Reformation The doctrine has an ancient pedigree and was not solely advocated by Reformed theologians The book traces the doctrine's development in the seventeenth century and its reception in the eighteenth nineteenth and twentieth centuries Fesko explores the reasons why the doctrine came to be rejected by some even in the Reformed tradition arguing that interpretive methods influenced by Enlightenment thought caused theologians to question the doctrine's scriptural legitimacy

T&T Clark Handbook of Neo-Calvinism Nathaniel Gray Sutanto, Cory Brock, 2024-01-25 Neo Calvinism critically advances Reformed orthodoxy for the sake of modern life Birthed in the Netherlands at the turn to the twentieth century initiated by Abraham Kuyper 1837 1920 and Herman Bavinck 1854 1921 it argued that a life before God entailed the leavening of faith over all human existence While the movement originated in the Netherlands the tradition now has a global reach with practitioners and thinkers applying its insights in diverse ways and in their own contexts This handbook is a genealogical introduction to this lively and modern branch of the Reformed tradition with contributors that reflect its global reach Its four sections chart the theological roots important original figures historical contours and the contemporary influence of neo Calvinism across a diversity of fields

Calvinism for a Secular Age Jessica R. Joustra, Robert J. Joustra, 2022-02-08 Pastor politician and Dutch Neo Calvinist theologian Abraham Kuyper's lectures on the role of Christian

faith in politics science and art have become a touchstone of contemporary Reformed theology Revisiting these lectures Jessica and Robert Joustra bring together theologians historians scientists and others to consider Kuyper s ongoing importance and complex legacy for today *The Heart of Dogmatics* Bruce R. Pass,2020-11-16 The christocentric character of Herman Bavinck s thought has long been acknowledged but an analysis of Bavinck s christocentrism has not been forthcoming *The Heart of Dogmatics* redresses this situation offering a comprehensive study of Bavinck s concept of a christocentric theological system Building on the more recent secondary literature Pass draws attention to many unexplored avenues in Bavinck s writings In particular Pass sheds light on the intimate connection between Bavinck s christocentrism and his organicism Delving deeply into Bavinck s appropriation of Reformed Orthodoxy and German Idealism Pass presents a compelling account of this thinker s attempt to establish Neo Calvinism as a modern orthodoxy By way of conclusion pertinent ways in which Bavinck s christocentrism may prove a useful resource for contemporary projects of theological retrieval are explored in a comparison of Bavinck and John Webster

Theology as the Science of God Ximian Xu,2022-06-13 The revival of Calvinism in the nineteenth century Netherlands entailed the neo Calvinist movement With Abraham Kuyper Herman Bavinck became a brand name of neo Calvinism Nonetheless not until the first decade of the twenty first century was scholarly interest in Bavinck s work increasing The conventional two Bavincks model used to read his work for much of the twentieth century argues that some contradictory and irreconcilable themes do exist in Bavinck s system which makes Bavinck a self contradictory thinker This dualistic reading characterised most of Bavinck scholars in the second half of the twentieth century Since James Eglinton s new reading of Bavinck s organic motif the conventional model became untenable and scholars are seeking for a reunited Herman Bavinck Bavinck as a holistic theologian has become the industry standard of Bavinck studies Ximian Xu aims on the one hand to maintain one Bavinck on the other hand and more importantly to fill in a notable gap in Bavinck scholarship that is no single work hitherto has focused on Bavinck s idea of theology as the wetenschap science of God This study demonstrates that the idea of scientific wetenschappelijke theology furnishes the meta paradigm and cardinal model that incorporates the fundamental characteristics and themes of Bavinck s dogmatic system Moreover it argues that Bavinck s scientific theology makes an attempt to engage with the other sciences Given this Bavinck s scientific theology is relevant today That is Bavinck s theological insights can be deployed to advance theology s engagement with the other sciences in contemporary secular universities

The Drama of Preaching Eric B. Watkins,2017-02-16 Preaching is dramatic Through it we hear the voice of the living God as he speaks to us both through the reading and the preaching of the word of God But where do the hearers of sermons fit into the drama This book suggests ways in which the drama metaphor may help to address age old questions about the centrality of the gospel and the place of the hearer in preaching As God in Christ is the central character in the biblical drama of redemption he also calls hearers to understand their role in creatively yet faithfully living according to the biblical script Thus no sermon is complete until God s

redemptive work is powerfully proclaimed and his people are instructed in how they too are participating in the Missio Dei In this work Hebrews 11 is employed as a means of showing how God not only reveals his redemptive work to his people but also through them As postmodernism sets the stage of contemporary preaching The Drama of Preaching interacts with some of the particular challenges preachers face in engaging postmodern listeners that they might not only be hearers but doers of the preached word

Process and Providence Bradley J. Gundlach, 2013-11-30 Charles Hodge James McCosh B B Warfield these leading professors at Princeton College and Seminary in the nineteenth and early twentieth centuries are famous for their orthodox Protestant positions on the doctrine of evolution In this book Bradley Gundlach explores the surprisingly positive embrace of developmental views by the whole community of thinkers at old Princeton showing how they embraced the development not only of the cosmos and life forms but also of Scripture and the history of doctrine even as they defended their historic Christian creed Decrying an intellectual world gone evolution mad the old Princetonians nevertheless welcomed evolution properly limited and explained Rejecting historicism and Darwinism they affirmed developmentalism and certain non Darwinian evolutionary theories finding process over time through the agency of second causes God s providential rule in the world both enlightening and polemically useful They also took care to identify the pernicious causes and effects of antiscientific evolutionisms By the 1920s their nuanced distinctions together with their advocacy of both biblical inerrancy and modern science were overwhelmed by the brewing fundamentalist controversy From the first American review of the pre Darwinian Vestiges of the Natural History of Creation to the Scopes Trial and the forced reorganization of Princeton Seminary in 1929 Process and Providence reliably portrays the preeminent conservative Protestants in America as they defined contested and answered precisely and incisively the many facets of the evolution question
