The Life And Letters Of Charles Darwin Part One:

The Life and Letters of Charles Darwin Charles Darwin, 1888 **The Life and Letters of Charles Darwin** Charles Darwin, 2024-02-11 The earliest records of the family show the Darwins to have been substantial yeomen residing on the northern borders of Lincolnshire close to Yorkshire The name is now very unusual in England but I believe that it is not unknown in the neighbourhood of Sheffield and in Lancashire Down to the year 1600 we find the name spelt in a variety of ways Derwent Darwen Darwynne etc It is possible therefore that the family migrated at some unknown date from Yorkshire Cumberland or Derbyshire where Derwent occurs as the name of a river The first ancestor of whom we know was one William Darwin who lived about the year 1500 at Marton near Gainsborough His great grandson Richard Darwyn inherited land at Marton and elsewhere and in his will dated 1584 bequeathed the sum of 3s 4d towards the setting up of the Queen's Majesty's arms over the quere choir doore in the parish church of Marton We owe a knowledge of these earlier members of the family to researches amongst the wills at Lincoln made by the well known genealogist Colonel Chester

Charles Darwin E. Janet Browne, 1996-04-21 The centerpiece of this vivid portrait of Darwin is an account of his five year expedition on the Beagle 1831-36 which transformed a seasick Cambridge educated science apprentice into a keen observer of nature and amateur geologist Drawing on a wealth of new material from family archives Brown masterfully recreates the personal cultural and intellectual matrix out of which Darwin's evolutionary theory took shape The second volume picks up the story a year before the publication of *On the Origin of Species* with the arrival of a package from Alfred Russel Wallace whose own ideas on natural selection virtually mirrored Darwin's forcing him to go public as Browne shows he proved himself a master tactician of institutional and media spin Browne's subject is monumental but her writing style is never overburdened by the weight Rather her prose is elegant in its clarity of thought her craftsmanship impeccable in the way it weaves a coherent whole from the innumerable threads of thought experience and persona that comprised this colossal life
