## **The Life And Music Of Brian Boydell:**

**The Life and Music of Brian Boydell** Gareth Cox, Axel Klein, Michael Taylor, 2004 Brian Boydell 1917 2000 was one of the most significant Irish composers of the twentieth century Born in Dublin he became one of the leading voices of musical modernism in Ireland during the 1940s and 50s He was one of the first in Irish music to develop a central European outlook sometimes subconsciously tinged with an Irish element Many Irishmen and women remember him either as Professor of Singing at the Royal Irish Academy of Music 1944 52 as conductor of the Dublin Orchestral players 1942 67 and of the Dowland Consort 1958 70 as Professor of Music at Trinity College Dublin 1962 82 or as a frequent broadcaster with Radio ireann later RT for his exotic hobbies or for his legendary garden parties at Baily Howth After the 1970s he also established an international reputation as a musicologist without whom the musical life of Dublin in the 18th century would still be largely undiscovered The book paints a picture of the man and musician with a biographical chapter by Alex Klein Bonn an analytical survey of his music by Gareth Cox Limerick interviews by Michael Taylor Dublin and an assessment of his achievements as a musicologist by Harry White Dublin Appendices include full lists of Boydell s compositions and writings a bibliography and a discography *Fieldwork: Essays on the Cultural History of Music in Ireland* Harry White, 2025-06-03 An absorbing study of the development and reception of musical culture in Ireland by a pioneering and deservedly renowned author This volume is a collection of fourteen essays on the history and reception of Irish music and music in Ireland It addresses three prevailing themes the historiography of Irish music the influence of music on Irish writing and vice versa and the cultural identity and reception of Irish music both domestically and in the world at large Its principal protagonists include Thomas Moore W H Grattan Flood George Moore Edward Martyn Charles Villiers Stanford James Joyce Dora Peja evi Ina Boyle Aloys Fleischmann and Jennifer Walshe These essays also identify and interrogate key questions underpinning a general crisis of reception in relation to Irish music and particularly art music within the domain of Irish studies *Fieldwork* examines this crisis in the aftermath of *The Encyclopaedia of Music in Ireland* published in 2013 and a major retrospective of Irish art music *Composing the Island* curated and presented in 2016 It thereby engages closely with contemporary Irish art music and the challenges which this music has faced in the early decades of the twenty first century This well conceived and beautifully written work testifies to Harry White s central place in the shaping of the discourse surrounding the cultural history of Irish music over the last 40 years White s gift for expression and memorably poetic turns of phrase allows the complexity of ideas and range of historical and literary knowledge examined in these essays to be deftly excavated and evaluated Curiosity provocativeness imagination and literature are threaded through his exploration of how Irish history and experience have been imagined musically *Music Preferred* Lorraine Byrne Bodley, 2018-05-28 The contributions to this Festschrift honouring the distinguished Irish musicologist Harry White on his sixtieth birthday have wide repercussions and span a broad timeframe But for all its variety this volume is built around two axes on the one hand attention is focussed on

the history of music and literature in Ireland and the British Isles and on the other topics of the German and Austrian musical past In both cases it reflects the particular interest of a scholar whose playful sometimes unconventional way of approaching his subject is so refreshing and time and again leads to innovative surprising insights It also reflects a scholar who for all the broadening of his perspectives that has taken place over the years has always adhered to the strands of his scholarly preoccupations that have become dear to him the music of the Austro Italian Baroque and Irish musical culture first and foremost An international cast of authors announces the sustaining influence of Harry White s wide ranging research Professor Dr Thomas Hochradner Chair of the Department of Musicology University of Music and Dramatic Arts Mozarteum Salzburg     Music, the Moving Image and Ireland, 1897-2017 John O'Flynn, 2021-12-30 Music the Moving Image and Ireland 1897 2017 constitutes the first comprehensive study of music for screen productions from or relating to the island It identifies and interprets tendencies over the first 120 years of a field comprising the relatively distinct yet often overlapping areas of Irish themed and Irish produced film Dividing into three parts the book first explores accompaniments and scores for 20th century Irish themed narrative features that resulted in significant contributions by many Hollywood British continental European and to a lesser extent Irish composers along with the input of many orchestras and other musicians Its second part is framed by a consideration of various cultural political and economic developments in both the Republic of Ireland and Northern Ireland from the 1920s including the Troubles of 1968 1998 Focusing on scoring and other aspects of soundtrack production for domestic newsreel documentary film and TV programming it interprets the substantial output of many Irish composers within this milieu particularly from the 1960s to the 1990s Also referring to broader cultural and historical themes the book s third and final part charts approaches to and developments in music and sound design over various waves of Irish cinema from its relatively late emergence in the 1970s to an exponential growth and increasingly transnational orientation in the early decades of the 21st century     *The Life of John Berryman* John Haffenden, 2022-01-29 First published in 1982 The Life of John Berryman draws on extensive research in the USA and on an enormous collection of hitherto unpublished materials journals letters stories and poetry to build a biography that recounts in absorbing detail the public and private stages of John Berry man s career It also offers an intimate portrait of a creative artist his compulsive self presentation and self reproach his moral and artistic dilemmas his dedication and his accomplishments John Berryman occupies a central place among the outstanding poets of recent times The course of his life ran between the extremes of personal degradation and artistic ecstasy He suffered the early suicide of his father the dominance of his mother poverty and professional setbacks psychiatric treatment alcoholism and sexual and spiritual vexation He became an electrifying fearful teacher and a loving jealous friend His mentors and close associates included Mark Van Doren Richard Blackmur Allen Tate Robert Lowell and Saul Bellow The years brought him spells of deep personal joy and artistic fulfilment but all too heavy a hand of terrible suffering The book will be an extremely interesting read for students of literature     The Gramophone , 2004     *The*

*Progress of Music in Ireland* Harry White, 2005 This book collects a number of essays on the relationship between music cultural history and musicology in Ireland which taken together comprise a natural progression from the author's widely acclaimed monograph *The Keeper's Recital* 1998 The progress of music in Ireland contains essays on contemporary music and musical infrastructures in Ireland on Irish musical nationalism in the context of German and Czech traditions on the presence of music in the work of Brian Friel and Samuel Beckett on Joyce and music on university education and Irish musical education on the discourse of musicology in Ireland and on the work of Brian Boydell and Aloys Fleischmann as pioneers in Irish musical scholarship

*Concert Life in Eighteenth-Century Britain* Susan Wollenberg, 2017-07-05 In recent years there has been a considerable revival of interest in music in eighteenth century Britain This interest has now expanded beyond the consideration of composers and their music to include the performing institutions of the period and their relationship to the wider social scene The collection of essays presented here offers a portrayal of concert life in Britain that contributes greatly to the wider understanding of social and cultural life in the eighteenth century Music was not merely a pastime but was irrevocably linked with its social political and literary contexts The perspectives of performers organisers patrons audiences publishers copyists and consumers are considered here in relation to the concert experience All of the essays taken together construct an understanding of musical communities and the origins of the modern concert system This is achieved by focusing on the development of music societies the promotion of musical events the mobility and advancement of musicians systems of patronage the social status of musicians the repertoire performed and published the role of women pianists and the topography of concerts In this way the book will not only appeal to music specialists but also to social and cultural historians
