The Life And Times Of Dexters:

THE LIFE AND TIMES OF DEXTER Barbara and Hal McFarland, 2014-04 Self acceptance is a critical element of self esteem particularly in today s culture where we are more valued by what we do and what we have as opposed to who we are So we chase after some notion of what is going to make us happy with ourselves never finding a truly satisfying answer The Life and Times of Dexter A Tale of Spider Webs and Self Discovery speaks to everyone children teens and adults No matter what stage of life we are in we need to love and value ourselves just because and that can only happen if we challenge ourselves to reach our highest potential as human beings Through his struggles to be more self accepting Dexter serves to help readers examine their own self worth He travels far and wide to quell his inner dissatisfaction Along the way he meets other characters who challenge him to take a deeper look inside himself These relationships teach him humility trust perseverance and self sacrifice They help him realize that by caring for others he is able to feel the kind of peace and joy that only true self acceptance can bring

The Life of Dexter K. King Dekevin Arscott, 2015-04-30 Ever felt that you were always destined for something bigger Well that enigmatic feeling is the epitome of eighteen year old Dexter K King With a father who has mysteriously been missing for eight years and a mother barely ever seen at home Dexter is an aspiring anomaly yet forced to live a mundane and orthodox life thronged with attending high school classes he despises silently observing his unrequited love from afar with no avail and no signs of progression and practicing martial arts with a dream of using his strength to impact the world for the better and leave his legacy for history to teach the many generations to come Suddenly Dexters perception of the world as well as his perception of himself violently crumbles before him when a couple of intimidating men in expensive suits visit his home demanding that he reveals where his mother is What would these kinds of men want with Dexters mother Well it turns out that Dexters father was really the leader of a powerful and ruthless criminal gang and after recently dying his remaining family must also be eradicated so their secrets can continue to be concealed as noted in their organizations creed So what does Dexter do to avoid the death of himself and his mother He takes the place of his father and joins the gang of course And thus Dexters metamorphic journey into the deep abyss known as fate begins This road into oblivion is grave instilled with murder grief regret and betrayal and yet this path is also infused with life love happiness and the truth two sides of the same coin Welcome to the Okami a pack of bloodthirsty wolves that reign over the underworld with staggering authority a merciless band of warriors that claim power as their only divine ruler a triumphant troupe of soldiers that create an orchestra of chaos and destruction wherever they choose to roam and the leader of them all Dexter King

Dexter and Philosophy Richard Greene, George A. Reisch, Rachel Robison, 2011-04-12 What explains the huge popular following for Dexter currently the most watched show on cable which sympathetically depicts a serial killer driven by a cruel compulsion to brutally slay one victim after another Although Dexter Morgan kills only killers he is not a vigilante animated by a sense of justice but a charming psychopath animated by a lust to kill ritualistically and bloodily

However his gory appetite is controlled by Harry's Code which limits his victims to those who have gotten away with murder and his job as a blood spatter expert for the Miami police department gives him the inside track on just who those legitimate targets may be In *Dexter* and *Philosophy* an elite team of philosophers don their rubber gloves and put Dexter's deeds under the microscope Since Dexter is driven to ritual murder by his Dark Passenger can he be blamed for killing especially as he only murders other murderers Does Dexter fit the profile of the familiar fictional type of the superhero What part does luck play in making Dexter who he is How and why are horror and disgust turned into aesthetic pleasure for the TV viewer How essential is Dexter's emotional coldness to his lust for slicing people up Are Dexter's lies and deceptions any worse than the lies and deceptions of the non criminals around him Why does Dexter long to be a normal human being and why can't he accomplish this apparently simple goal

Dexter's Final Cut Jeff Lindsay, 2014-06-03 Lights Camera Murder The *Dexter* series continues with a wild ride through Hollywood The Killer Character That Inspired the Hit Showtime Series *Dexter* Mega star Robert Chase is famous for losing himself in his characters When he and a group of actors descend on the Miami Police Department for research Chase becomes fixated on Dexter Morgan the blood spatter analyst with a sweet tooth and seemingly average life Chase shadows Dexter's every move trying to learn what makes him tick However Dexter's favorite pastime of hunting down the worst killers who've escaped legal prosecution and introducing them to his special brand of justice presents well a bit of a problem It's a secret best kept out of the spotlight if Dexter wants to stay out of the electric chair but even Dexter isn't immune to the call of fame

The literary diary of Ezra Stiles, ed. by F.B. Dexter Ezra Stiles, 1901

Sophisticated Giant Maxine Gordon, 2020-09-15 Tenor saxophonist Dexter Gordon was one of the major innovators of modern jazz In a context of biography history and memoir Maxine Gordon has completed the book that her late husband began weaving his solo turns with her voice and a chorus of voices from past and present She shows that his image of the cool jazzman fails to come to terms with the three dimensional man full of humor and wisdom a figure who struggled to reconcile being both a creative outsider who broke the rules and a comforting insider who was a son father husband and world citizen

Assault on the Small Screen Molly Ann Magestro, 2015-07-22 Over the last few decades television programs have attempted to depict some of the more troubling elements of society with a more conscientious approach Issues that networks were once reluctant to broadcast such as sexual abuse sexual assault and rape have become frequent plot points for many popular shows Narratives that portray important social issues could potentially affect the ways individual viewers understand such incidents in the real world so it is important to pay close and critical attention to the stories about rape that are broadcast to mass audiences In *Assault on the Small Screen Representations of Sexual Violence on Prime Time Television Dramas* Molly Ann Magestro examines the ways in which police and legal dramas on network and cable channels portray rape narratives In this discussion the author focuses on eight successful shows *NCIS* *Criminal Minds* *CSI* *The Closer* *Rizzoli Isles* *Dexter* *Law and Order Special Victims Unit* and *The Good Wife* Each chapter

offers a close reading and analysis of how one or more of the shows represent rape narratives and rape victims in ways that more or less address feminist understandings of rape and rape culture The arguments in each chapter explore the specific narrative content of individual series rather than a single critical approach Each of the eight shows considered within the book is the focus of its own argument as the representations of rape narratives on television are as complex as issues surrounding rape can be in the real world In a time when rape narratives are frequently making headlines taking the time to examine and understand the messages broadcast by a medium as ubiquitous as television serves an important role in developing an understanding of rape culture A significant step toward this understanding Assault on the Small Screen will be of interest to scholars of film and television media studies gender studies criminology and sociology

The Psychology of Dexter Bella Depaulo, 2010-09-07 Peek inside the mind of Dexter Morgan police forensic analyst family man serial killer and the star of Showtime's most watched series with essays from seventeen psychologists and avid fans Aimed at Dexter devotees and armchair psychologists The Psychology of Dexter takes on the psychological complexities of the popular series with an eye towards insight and accessibility It analyzes not just the title character but his family coworkers and even his viewers What makes Dexter tick What makes a show about a serial killer so appealing to those of us at home And do we need to be worried about our own Dark Passengers From the implications of faking normalcy could it be behind Dexter's still in progress emotional growth to where the show weighs in on the psychological debate between nature and nurture this book gives fans a peek inside Dexter's psyche Think you know Dexter The Psychology of Dexter will make you think again
