capable of showing any tenderness whatever In place of a mother the little boy had an aunt who applied to him principles of Spartan severity At the mature age of three he was ducked every morning at a trough to harden him in the ice cold water from a spring and whenever he was naughty he was whipped It may have been from this unpleasant discipline that he derived the contempt for self indulgence and the indifference to pain which distinguished him in after life On the other hand he was allowed to read what he liked and devoured Grimm s Tales The Seven Champions of Christendom and The Arabian Nights He was an imaginative and reflective child full of the wonder in which philosophy begins About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works
