The Lena Baker Story:

The Lena Baker Story Lela Bond Phillips, 2001 This is the story of the first and only woman to be legally executed in the state of Georgia's electric chair Nearly sixty years after her death Lena Baker is not forgotten The small picture hanging in the execution chamber of the Georgia State Prison is a reminder of the persistent question is justice being served Cover p 4

Legal Executions in Georgia Daniel Allen Hearn, 2015-12-22 In the state of Georgia 1025 men and women are known to have been hanged or electrocuted for capital crimes in the century after the Civil War Based on more than twenty years of investigative research this chronological record of these legal executions was pieced together from diverse sources in and outside of the state with many details never before made public The author documents the facts as they occurred without delving into the politics of capital punishment

The History of the Death Penalty in Colorado Michael Radelet, 2017-01-15 In *The History of the Death Penalty in Colorado* noted death penalty scholar Michael Radelet chronicles the details of each capital punishment trial and execution that has taken place in Colorado since 1859 The book describes the debates and struggles that Coloradans have had over the use of the death penalty placing the cases of the 103 men whose sentences were carried out and 100 more who were never executed into the context of a gradual worldwide trend away from this form of punishment For more than 150 years Coloradans have been deeply divided about the death penalty with regular questions about whether it should be expanded restricted or eliminated It has twice been abolished but both times state lawmakers reinstated the contentious punitive measure Prison administrators have contributed to this debate with some refusing to participate in executions and some lending their voices to abolition efforts Colorado has also had a rich history of experimenting with execution methods first hanging prisoners in public and then starting in 1890 using the twitch up gallows for four decades In 1933 Colorado began using a gas chamber and eventually moved to lethal injection in the 1990s Based on meticulous archival research in official state archives library records and multimedia sources *The History of the Death Penalty in Colorado* will inform the conversation on both sides of the issue anywhere the future of the death penalty is under debate

Reclaiming the Black Past Pero G. Dagbovie, 2018-11-13 The past and future of Black history In this information overloaded twenty first century it seems impossible to fully discern or explain how we know about the past But two things are certain Whether we are conscious of it or not we all think historically on a routine basis

And our perceptions of history including African American history have not necessarily been shaped by professional historians. In this wide reaching and timely book, Pero G. Dagbovie argues that public knowledge and understanding of black history including its historical icons has been shaped by institutions and individuals outside academic ivory towers. Drawing on a range of compelling examples, Dagbovie explores how in the twenty first century African American history is regarded, depicted and juggled by diverse and contesting interpreters from museum curators to filmmakers, entertainers, politicians, journalists and bloggers. Underscoring the ubiquitous nature of African American history in contemporary American thought and culture, each chapter unpacks how black history has been represented and remembered primarily during the Age of Obama, the so called era of post racial American society. *Reclaiming the Black Past* is Dagbovie's contribution to expanding how we understand African American history during the new millennium.

This unique reference features the most famous crimes and trials in the United States since colonial times. Organized by case, the work includes a chronology of major unlawful deeds, fascinating primary source documents, dozens of sidebars with case trivia and little known facts, and an overview of crimes that have shaped criminal justice in the United States over several centuries. Each of the 500 entries provides information about the crime, the perpetrators, and those affected by the misconduct, along with a short bibliography to extend learning opportunities. The set addresses a breadth of famous trials across American history, including the Salem witch trials, the conviction of Sacco and Vanzetti, and the prosecution of O. J. Simpson.
