The Letters Of Napoleon To Josephine:

Napoleon's Letters to Josephine Henry Foljambe Hall, 2011-01-01 Napoleon is by no means an easy writer to translate adequately. He had always a terse concise mode of speaking and this with the constant habit of dictating became accentuated. Whenever he could use a short compact word he did so. The greatest temptation has been to render his very modern ideas by modern colloquialisms. Occasionally where Murray's Dictionary proves that the word was in vogue a century ago we have used a somewhat rarer word than Napoleon's equivalent as e.g. coolth in Letter No 6 Series B pendant le frais in order to preserve as far as possible the brevity and crispness of the original. Napoleon's vocabulary was not specially wide but always exact. In expletive it was extensive and peculiar. Judging his brother by himself he did not consider Lucien sufficient of a purist in French literature to write epics and the same remark would have been partly true of the Emperor who however was always at considerable pains to verify any word of which he did not know the exact meaning. His own appetite for literature was enormous especially during the year's garrison life he spent at Valence where he read and re-read the contents of a bouquiniste's shop and what is more remembered them so much so that nearly a quarter of a century later he was able to correct the dates of ecclesiastical experts at Erfurt. Whatever he says or whatever he writes one always finds a specific gravity of stark staring facts altogether abnormal. For generations it was the fashion to consider as false as a bulletin peculiar to Napoleon's despatches but the publication of Napoleon's correspondence by order of Napoleon III has changed all that. In the first place as to dates. Not only have Haydn Woodward and Cates and the Encyclopædia Britannica made mistakes during this period but even the Biographie Universelle usually so careful is not immaculate. Secondly with regard to the descriptions of the battles. We have never found one that in accuracy and truthfulness would not compare to conspicuous advantage with some of those with which we were only too familiar. In December 1809 Napoleon was sometimes 1200 miles away from home he had to gauge the effect of his bulletins from one end to the other of the largest effective empire that the world has ever seen and like Dr Johnson in Fleet Street reporting Parliamentary debates but with a hundred times more reason he was determined not to let the other dogs have the best of it. The notes on the battles of Eylau Series H and Essling Series L the two most conspicuous examples of where it was necessary to colour the bulletins will show what is meant. Carlyle was the first to point out that his despatches are as instinct with genius as his conquests his very words have Austen's battles in them. The reference to General Danube in 1809 as the best general the Austrians had was one of those flashes of inspiration which military writers from Napoleon to Lord Wolseley have shown to be a determining factor in every doubtful fray. Approfondissez go to the bottom of things wrote Lord Chesterfield and this might have been the life motto of the Emperor. But to adopt this fundamental common sense with regard to the character of Napoleon is almost impossible it is to use the metaphor of Lord Rosebery like trying to span a mountain with a tape. We can but indicate a few leading features. In the first place he had like the great Stagirite an eye at once telescopic and microscopic. Beyond the mécanique beyond the

nebulous reign of chaos and old night his ken pierced the primal truth the need of a Creator not every one can be an atheist who wishes it No man saw deeper into the causes of things The influence of sea power on history to take one example was never absent from his thoughts Slowly and laboriously he built and rebuilt his fleets only to fall into the hands of his Punic rival Beaten at sea he has but two weapons left against England to conquer her by land or to stir up a maritime rival who will sooner or later avenge him We have the Emperor Alexander s testimony from the merchants of Manchester Birmingham and Liverpool how nearly his Continental System had ruined us The rival raised up beyond the western waves by the astute sale of Louisiana is still growing In less than a decade Napoleon had a first crumb of comfort when such crumbs were rare in hearing of the victories of the Constitution over British frigates Letters of Napoleon to Josephine Napoleon I (Emperor of the French),1931 *Napoleon's Letters to Josephine* Napoleon Bonaparte,2021-05-12 Napoleon was not only a great commander and ruler he was also a king of words This extraordinary collection of personal correspondence of Napoleon and his wife Josephine show us this great leader in a new light Throughout this correspondence readers will be able to follow Napoleon s career through his own eyes and thoughts who he shared with women he loved the most Also this collection is enriched with historical and chronological notes with aim to provide additional explanations to modern readers _x000D_ _x000D_ _x000D_ Letters of Napoleon to Josephine Leon Cerf,2008-06 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Confidential Correspondence of the Emperor Napoleon and the Empress Josephine* Napoleon I (Emperor of the French),John Stevens Cabot Abbott,1858 Napoleon's Letters to Josephine Napoleon Bonaparte,2023-12-20 In Napoleon s Letters to Josephine readers are granted intimate access to the emotional world of one of history s most formidable leaders through a collection of passionately penned letters This compilation showcases not only the romantic undertones of Napoleon Bonaparte s correspondence with his beloved wife Josephine but also reflects the volatile political climate of early 19th century Europe The letters range from fervent declarations of love to poignant expressions of longing during times of separation revealing a personal side to a man often perceived only through the lens of military might and imperial ambition Napoleon Bonaparte born in Corsica in 1769 emerged from tumultuous beginnings to become a central figure in European history His deep affection for Josephine de Beauharnais which transcended the boundaries of mere romanticism may have influenced his decisions in both personal and political spheres The letters reveal his vulnerabilities offering insight into the heart of a ruler grappling with the complexities of love ambition and duty all while establishing an empire This collection is highly recommended for anyone interested in the intersection of personal relationships and historical events It affords readers a rare glimpse into Napoleon s psyche and humanizes a figure otherwise celebrated for his military conquests Napoleon s
