Black Mountain College yet **Yours Presently** Michael Seth Stewart, 2024-06-15 Boston born and bred John Wieners was a queer self-styled *po te maudit* who was renowned among his contemporaries but ignored by mainstream critics. Twenty-first century readers are correcting this elision, placing Wieners back alongside his better-known peers including Allen Ginsberg, Charles Olson, Denise Levertov, and Amiri Baraka. Wieners was a voluble letter writer, maintaining friendships with these contemporaries that spanned decades and tackling a range of complex issues that resonate today, including drug use, homosexuality, subcultures of the East and West Coasts, and the differing treatment of mental patients based on their economic class. The letters collected in this volume are greatly enhanced by Eileen Myles's preface and Stewart's thorough introduction, notes, and brief bios of the poets, writers, artists, and editors with whom Wieners corresponded. The result is more than the letters of a poet; it is a history that explores the world at large in the mid-twentieth century. **Live Form** Jenni Sorkin, 2016-07-26 Ceramics had a far-reaching impact in the second half of the twentieth century as its artists worked through the same ideas regarding abstraction and form as those for other creative mediums. *Live Form* shines new light on the relation of ceramics to the artistic avant-garde by looking at the central role of women in the field: potters who popularized ceramics as they worked with or taught male counterparts like John Cage, Peter Voulkos, and Ken Price. Sorkin focuses on three Americans who promoted ceramics as an advanced artistic medium: Marguerite Wildenhain, a Bauhaus-trained potter and writer; Mary Caroline McCrory Richards, who renounced formalism at Black Mountain College to pursue new performative methods; and Susan Peterson, best known for her live-throwing demonstrations on public television. Together, these women pioneered a hands-on teaching style and led educational and therapeutic activities for war veterans, students, the elderly, and many others. Far from being an isolated field, ceramics offered a sense of community and social engagement, which Sorkin argues crucially set the stage for later participatory forms of art and feminist collectivism.
