The Life of a Tibetan Monk Geshe Rabten, 2000 The Autobiography of Jesus X (6x9 Paperback) Ross

Allaire, 2013-04-12 It's not what you think Unless you think everything is wrong Imagine if Kurt Vonnegut and Hunter Thompson collaborated on a new version of The Bible and you kinda get the gist The Autobiography of Jesus X is not for the faint of heart Here is the prophet a cynical dreadlocked pothead crackpot who's done all sorts of despicable things For which He wonders if forgiveness is possible Because now he is only a ghost of the God he once was now retired After this one incarnation as a human being on Earth he quit As God he had become indifferent But as a tall black Jew with blue eyes and red hair in the Roman Empire he proved to be too smart for his own good Or maybe just too human He tried to quit The Autobiography of Jesus X is either the new Bible or the most offensive book ever written or both Part sci fi fantasy part expos memoir and part stand up comedy He pretty much frames it as His last message to humanity So we might want to listen Or read Or whatever

The Rise of the Kingdom of Heaven, Volume 1 (Paperback) Gerhard Alm, 2008-10-25 Living in a Hippie Community in the Australian rainforest I in January 1992 started to write about my visions and spiritual experiences I described ten places in our heads as homes of the human spirit There are many publicly known people who are involved in the move of the Earth to a higher dimension in 2013 More than 200 000 people live on Earth and at the same time on a parallel world which is a home for immortal people The evangelist John spoke with a Cross of Light I believe that a new Cross of Light will appear on Earth soon In July 1979 I met the devil and his wife on the inner German border I name some people who have been the devil of previous Earth like planets in older universes Alex Collier wrote in 95 that since my 40th birthday on 3 23 1994 vibrations leave all black holes of our local universe changing its nature lifting all planets into higher dimensions I believe these frequencies come from the Immortals living on Earth now including me

Shambhala Sun ,2004 **The Living Church** ,2002-06 *The Madman's Middle Way* Donald S. Lopez Jr.,2007-05-15 Gendun Chopel is considered the most important Tibetan intellectual of the twentieth century His life spanned the two defining moments in modern Tibetan history the entry into Lhasa by British troops in 1904 and by Chinese troops in 1951 Recognized as an incarnate lama while he was a child Gendun Chopel excelled in the traditional monastic curriculum and went on to become expert in fields as diverse as philosophy history linguistics geography and tantric Buddhism Near the end of his life before he was persecuted and imprisoned by the government of the young Dalai Lama he would dictate the Adornment for Nagarjuna's Thought a work on Madhyamaka or Middle Way philosophy It sparked controversy immediately upon its publication and continues to do so today The Madman's Middle Way presents the first English translation of this major Tibetan Buddhist work accompanied by an essay on Gendun Chopel's life liberally interspersed with passages from his writings Donald S Lopez Jr also provides a commentary that sheds light on the doctrinal context of the Adornment and summarizes its key arguments Ultimately Lopez examines the long standing debate over whether Gendun Chopel in fact is the author of the Adornment the heated critical response to the work by Tibetan monks of the Dalai Lama's sect and what the Adornment tells us about Tibetan Buddhism's encounter with modernity The result is an insightful glimpse into a provocative and enigmatic work that will be of great interest to anyone seriously interested in Buddhism or Asian religions

The Power of Mind Khentrul Lodrö T'hayé Rinpoche,2022-09-06 A modern guide to lojong ancient Buddhist techniques for transforming all circumstances including pain anxiety and stress into mental well being that benefits us and the people around us We've all heard platitudes about cultivating love and compassion but how can we actually develop these qualities in ourselves and crucially share them in our world The Power of Mind provides the proven path of lojong or mind training for changing our experience from the inside out Regardless of what's happening in our lives Khentrul Rinpoche teaches that our route to freedom lies in our minds A thousand years ago the Indian saint Atisha risked his life to seek out lojong teachings in Indonesia and then brought them to Tibet where they flourished and spread to the rest of the world This book introduces those teachings the Seven Key Points of Mind Training which have been passed down from teacher to student for centuries Khentrul Rinpoche was inspired by his own teachers who like alchemists were able to follow these techniques during the Cultural Revolution and transform their immense suffering into something positive The Power of Mind guides the reader through these transformative practices one by one from recognizing the value of our human life to overcoming the sources of

suffering together with meditation advice for incorporating these insights into our daily lives This wisdom is accessible to everyone whether Buddhist or not As Khenrul Rinpoche states Peace and happiness can be attained but not by searching for something in the outside world They start within us then extend out to the entire globe *Senior High Core Collection*
