The Light Of The Unjust:

The Theology of the Bible, Itself the Teacher and Its Own Interpreter Oliver Spencer Halsted, 1866 *The Bondage of the Will* Martin Luther, 2001-09 This edition of the *Bondage of the Will* was translated by Henry Cole in 1823 Free will was no academic question to Luther the whole Gospel of the grace of God he held was bound up with it and stood or fell according to the way one decided it It is not the part of a true theologian Luther holds to be unconcerned or to pretend to be unconcerned when the Gospel is in danger The doctrine of the *Bondage of the Will* in particular was the corner stone of the Gospel and the foundation of faith 40 41 emphasis added In particular the denial of free will was to Luther the foundation of the Biblical doctrine of grace and a hearty endorsement of that denial was the first step for anyone who would understand the Gospel and come to faith in God The man who has not yet practically and experimentally learned the bondage of his will in sin has not yet comprehended any part of the Gospel Justification by faith only is a truth that needs interpretation The principle of sola fide by faith alone is not rightly understood till it is seen as anchored in the broader principle of sola gratia by grace alone for to rely on one's self for faith is not different in principle from relying on one's self for works The Bible teaches that faith itself is and has to be a gift of God by grace and not of self Ephesians 2:8 It is safe to deduce that for Luther any evangelist who advocates free will has not only not yet comprehended any part of the Gospel but also that he has not yet preached the Gospel at all his is a counterfeit gospel Luther was ordered to recant his teachings on threat of excommunication Luther thundered Unless I am convinced by Scriptures and plain reason for Luther this meant logic my conscience is captive to the Word of God I cannot and I will not recant anything Here I stand I can do no other From a review in *The Trinity Review* Martin Luther 1483-1546 shattered the structure of the Medieval Church by demanding that the authority for doctrine and practice be the Scriptures rather than popes or councils and ignited the famous Protestant Reformation The Roman Catholic hierarchy could not refute his logic so they attempted to have him killed But he was protected by Frederick It has been said that more books have been written about Luther than about any other person except Jesus Christ 164 pages hard cover

Justice for an Unjust Society H.P.P. (Hennie) Lötter, 2021-11-01 This book presents a theory of justice whereby people living in radically unjust societies may transform such societies in the direction of justice The identification of injustice is addressed since a radically unjust society may well conceal its injustice from its victims The book considers a range of moral and pragmatic requirements of political action in the transformation of society A special feature of this work of theory is that it is illustrated by troubling examples drawn from the history of South Africa The case made here is that justice is not just for just societies It is for all of us everywhere
