Your Curriculum Companion: Libby Woodfin, Suzanne Nathan Plaut, Sarah Boddy Norris, 2021-02-01 This essential guide to the EL Education 6-8 Language Arts Curriculum is one part roadmap to the curriculum, one part orientation to its instructional practices, and one part coach to answer your questions, relieve your stress, and put you and your students on the path to success. Your Curriculum Companion explores the foundations of the curriculum, including the principles and research it was built on, and the instructional practices that make it unique. The book is designed to help you look under the hood at practices embedded throughout the curriculum so that you can sharpen your instruction, support students to be leaders of their own learning, and make well-informed changes to best meet your students' needs. Key features of Your Curriculum Companion include: Twenty-two accompanying videos see the curriculum in action; Task cards for guidance on how to plan when the planning has been done for you; A deep dive into the purpose and structure of close reading, including a sample annotated lesson; An exploration of the relationship between reading and writing, and how the curriculum is designed to help students become strong communicators, including an annotated read-think-talk-write lesson; The why, what, and how of supporting students to meet grade-level expectations; supporting students who need additional challenges; and supporting English language learners. Guidance for turning evidence of student progress into usable data that can inform your instruction. Support for school leaders.

Partnering with Parents Mary Schreiber, 2019-04-01 Caregiver involvement is key to a child's reading success story, and libraries are in the perfect position to provide the guidance needed for parents and caregivers to embrace their role as their children's first and most enduring teachers. Libraries offer many programs and services for children, but sometimes caregivers are left out of the equation, especially once children start school. Nevertheless, parents and caregivers are an integral part of literacy development, and libraries are a great place for them to witness modeling practices and participate in engaging family programs that encourage early literacy. Mary Schreiber combines personal experience and professional research with the programming expertise of youth librarians from across the country in this guide for libraries looking to make an even greater impact on the level of literacy attained by the children they serve. In *Partnering with Parents*, readers will find a wealth of information on how to talk to caregivers about the different stages of a child's reading life, what books to recommend to excite both caregivers and children about reading, and ways to encourage parent and caregiver participation in library programming, with additional information on working with and providing programming for diverse families. Whether you are a veteran in the profession or brand new to working with families, you will find something in this book that will help you to make your library a more integral part of the education community.
