Sir Harry Hotspur of Humblethwaite was a mighty person in Cumberland and one who well understood of what nature were the duties and of what sort the magnificence which his position as a great English commoner required of him. He had twenty thousand a year derived from land. His forefathers had owned the same property in Cumberland for nearly four centuries and an estate nearly as large in Durham for more than a century and a half. and heir to Sir Harry's baronetcy Captain George Hotspur Since its first appearance in 1870 this has been regarded as one of Trollope's finest short novels Trollope describes the vacillations of a conscientious father torn between the desire to marry his daughter to a cousin destined to inherit the family title and his fear that the cousin reportedly a scheming wastrel is unworthy of her Sir Harry was a wealthy land owner with an income of 20 000 per year That was a lot of money back then He had a son of whom he was very proud and a daughter Emily who was bright and obedient Sir Harry was content knowing that his lands and fortune and the title would be passed down to his son the usual procedure of the times Suddenly his son died The law said that the estate could go to his daughter but the title had to go to the next legal Hotspur That turned out to be George Hotspur the son of Harry's cousin A worse choice could not be found in Sir Harry's estimation George was a varlet in every sense of the word He was a gambler a cheat a womanizer and a liar He was constantly in debt knowing that there was no way he could repay what he owed As an alternative Sir Harry believed that he could save the title by having Emily marry a suitable man who would be willing to marry a man who in turn would be willing to change his last name to Hotspur

Trollope's literary reputation dipped somewhat during the last years of his life but he regained the esteem of critics by the mid twentieth century Thomas Anthony Trollope Anthony's father was a barrister Though a clever and well educated man and a Fellow of New College Oxford he failed at the bar due to his bad temper In addition his ventures into farming proved unprofitable and he lost an expected inheritance when an elderly childless uncle remarried and had children As a son of landed gentry he wanted his sons to be raised as gentlemen and to attend Oxford or Cambridge Anthony Trollope suffered much misery in his boyhood owing to the disparity between the privileged background of his parents and their comparatively small means Born in London Anthony attended Harrow School as a free day pupil for three years from the age of seven because his father's farm he acquired for that reason lay in that neighbourhood After a spell at a private school at Sunbury he followed his father and two older brothers to Winchester College where he remained for three years He returned to Harrow as a day boy to reduce the cost of his education Trollope had some very miserable experiences at these two public schools They ranked as two of the most elite schools in England but Trollope had no money and no friends and was bullied a great deal At the age of twelve he fantasized about suicide However he also daydreamed constructing elaborate imaginary worlds

gender race and genre are the intertwined subjects of eminent Trollopian Deborah Denenholz Morse's radical rethinking of Anthony Trollope. Beginning with a history of Trollope's critical reception, Morse traces the ways in which Trollope's responses to the political and social upheavals of the 1860s and 1870s are reflected in his novels. She argues that as Trollope's ideas about gender and race evolved over those two crucial decades, his politics became more liberal. The first section of the book analyzes these changes in terms of genre. As Morse shows, the novelist subverts and modernizes the quintessential English genre of the pastoral in the wake of Darwin in the early 1860s novel *The Small House at Allington*. Following the Second Reform Act, he reimagines the marriage plot along new class lines in the early 1870s *Lady Anna*. The second section focuses upon gender. In the wake of the Second Reform Bill and the agitations for women's rights in the 1860s and 1870s, Trollope reveals the tragedy of primogeniture and male privilege in *Harry Hotspur of Humblethwaite* and the viciousness of the marriage market in *Ayala's Angel*. The final section of *Reforming Trollope* centers upon race. Trollope's response to the Jamaica Rebellion and the ensuing Governor Eyre Controversy in England is revealed in the tragic marriage of a quintessential English gentleman to a dark beauty from the Empire's dominions. The American Civil War and its aftermath led to Trollope's insistence that English identity include the history of English complicity in the black Atlantic slave trade and American slavery, a history Trollope encodes in the creole discourses of the late novel *Dr Wortle's School*. *Reforming Trollope* is a transformative examination of an author too long identified as the epitome of the complacent English gentleman.
