Mortimer,2018-10-24 The captivity narrative the earliest genre of American popular literature continues to be of cultural significance in late 20th century Hollywood Many popular films of the last four decades incorporate the most common elements of the captivity narrative tradition including a politically contested frontier setting and a plot involving innocent family oriented white Americans held captive by hostile culturally alien natives At the same time these films offer something new to the narrative tradition they focus on the captive who resists rescue and the challenge this resistance poses to American cultural self confidence By focusing on the lost captive these films beginning with *The Searchers* 1956 deal with questions about American identity raised by a white American s cultural and potentially political transformation Films as diverse as *Little Big Man* *Taxi Driver* and *The Deer Hunter* adapted the captivity narrative s conventions to criticize aspects of contemporary American society and reject outworn models of male heroism at the same time however they retained the genre s traditional assumption of white superiority and its fear of female sexuality Bibliography Index *Be Opened! The Catholic Church and Deaf Culture* Lana Portolano,2020-12-09 *Be Opened* The Catholic Church and Deaf Culture offers readers a people s history of deafness and sign language in the Catholic Church Paying ample attention to the vocation stories of deaf priests and pastoral workers Portolano traces the transformation of the Deaf Catholic community from passive recipients of mercy to an active language

minority making contributions in today's globally diverse church. Background chapters familiarize readers with early misunderstandings about deaf people in the church and in broader society along with social and religious issues facing deaf people throughout history. A series of connected narratives demonstrate the strong Catholic foundations of deaf education in sign language including sixteenth century monastic schools for deaf children and nineteenth century French education in sign language as a missionary endeavor. The author explains how nineteenth century schools for deaf children especially those founded by orders of religious sisters established small communities of Deaf Catholics around the globe. A series of portraits illustrates the work of pioneering missionaries in several different countries, apostles to the Deaf who helped to establish and develop deaf culture in these communities through adult religious education and the sacraments in sign language. In several chapters focused on the twentieth century the author describes key events that sparked a modern transformation in Deaf Catholic culture. As linguists began to recognize sign languages as true human languages, deaf people borrowed the practices of Civil Rights activists to gain equality both as citizens and as members of the church. At the same time, deaf people drew inspiration and cultural validation from key documents of Vatican II and leadership of the Deaf Catholic community began to come from the deaf community rather than to it through missionaries. Many challenges remain but this book clearly presents Deaf Catholic culture as an important and highly visible embodiment of Catholic heritage.

My Sister's a Witch (So What Am I?) TC Chelsey, 2023-12-20. About the Book: Welcome to your average unorthodox family of witches and a couple o' warlocks. Meet a biz savvy dude named Dakota Jackson, a member of this otherwise disenfranchised franchise partially subsidized by a bountiful supply of medical blunts. It's a steady gig, however, there's something else brewin' in the cauldron. Sista Penny is a teen witch with stripper boots. Please do the math. And as Dakota puts it, since we're related to the same baby machine, WHO am I? Freshman member of the Craft, Pretty Penny rules, who has no choice but to eliminate the ghouls out to kidnap their beloved Super Gram. This most excellent lady, who drinks the same witches brew, happens to be the most famous movie star of all time, just released from self-imposed exile. Suddenly, it's game night and without home field advantage. Now what? There's zombies, a werewolf, rum, and coke, and by the way, Dakota's dog talks, and his sis and gram now have body doubles out for a stroll. Is rage contagious? Times do fly. Fasten your seat belts, everybody, and prepare for an out-courageous ride in a pink helicopter into the Valley of the Zombies. And since this all takes place in Hollywood or just down the proverbial dirt road, look your photogenic best and keep it campy for about 300 million viewers. Any questions? Do daisy dukes and shrouds come in matching colors? Well, do they? About the Author: TC Chelsey is a long-time radio DJ and voice actor in Hollywood. Having also worked as a tour guide for Warner Brothers, Chelsey was inspired to write this book as there are a lot of ghosts at the studio. A true Californian, he enjoys biking, hiking, swimming, and water skiing.

College and Private School Directory of the United States,1926 *Politics, Desire, and the Hollywood Novel* Chip Rhodes,2008-09 The story of what happens when a serious writer goes to Hollywood has become a clich the writer is paid well but underappreciated treated like a factory worker and forced to write bad formulaic movies Most fail become cynical drink to excess and at some point write a bitter novel that attacks the film industry in the name of high art Like many too familiar stories this one neither holds up to the facts nor helps us understand Hollywood novels Instead Chip Rhodes argues these novels tell us a great deal about the ways that Hollywood has shaped both the American political landscape and American definitions of romance and desire Rhodes considers how novels about the film industry changed between the studio era of the 1930s and 1940s and the era of deregulated film making that has existed since the 1960s He asserts that Americans are now driven by cultural rather than class differences and that our mainstream notion of love has gone from repressed desire to abnormal desire to finally strictly business Politics

Desire and the Hollywood Novel pays close attention to six authors Nathanael West Raymond Chandler Budd Schulberg Joan Didion Bruce Wagner and Elmore Leonard who have toiled in the film industry and written to tell about it More specifically Rhodes considers both screenplays and novels with an eye toward the different formulations of sexuality art and ultimately political action that exist in these two kinds of storytelling

Working the System Qiliang He, 2023-01-03 In Working the System Motion Picture Filmmakers and Subjectivities in Mao Era China 1949-1966 Qiliang He inquired into the making of the new citizenry in Mao era China 1949-1976 by studying five preeminent Shanghai based filmmakers These case studies shed light on how individuals subjectivities took shape in the cinematic arena under a new sociopolitical system after 1949 He suggests that a filmmaker's subjectivity was not fixed or stable but constantly in flux requiring a host of subjectivizing practices to re shape and consolidate it These filmmakers endeavored to reap maximal benefits from Mao's sociopolitical system and minimize the disadvantages that would make them victims under the system In short Qiliang He argues that the filmmakers not only worked under the socialist system imposed upon them but also worked the system in their best interests Through five chosen filmmakers creative control and their negotiation of their professional status within China's newly adopted socialist system the author presents a compelling case that illustrates how individual filmmakers constantly adjusted themselves professionally and ideologically to survive in a fast changing industry and a highly politicized society Lin Feng University of Leicester This book is a strong example of how much more we can learn about Mao era Chinese culture if we approach it less as alien due to Cold War prejudices and instead think of artists as creating under professional constraints in China just as they do everywhere
