alternative facts has not only drawn attention to the shattering of any notion of shared reality but has also forced a reexamination of the purpose and value of literature especially when considering its troubled relation to the representation of America The authors in this collection respond to the invitation to reassess the workings of fiction and critique in an age of Trumpism by considering some of the most recent literary responses to the new American realit ies including works by Colson Whitehead Ben Winters Claudia Rankine Gary Shteyngart Jennifer Egan and Steve Erickson to name but a few some of which were composed in the run up to the 2016 election but were able to accurately and incisively imagine the world to come   **The Open Shelf** ,1900   *Torch and Colonial Book Circular* ,1888   **Cyclopædia of American Literature** Evert Augustus Duyckinck,1866   **The United States Catalog** Mary Burnham,Carol Hurd,1928
