The World of Art Robert Payne, 2014-10-23 Very few books try to capture a subject as vast as the world of art and even fewer succeed But Robert Payne has succeeded and in this book he portrays in vivid fresh nontechnical language the entire history and achievement of the world's artists from the original caveman painters who decorated their homes with animal paintings to contemporary artists who fill their canvases with often bewildering abstract forms Payne approaches each artistic period and each great artist with sympathetic understanding and an appreciation of the values and aesthetic ideals of the time Through carefully chosen illustrations woven into his text moreover he shows exactly what makes a work of art great WORLD OF ART casts its view over all the types of art not only the Western tradition but the contributions of Egypt Persia India China Japan and other important cultures as well Yet the book is more than a mere survey for Robert Payne's special brilliance lies in showing the common spirit and aspiration that have united all the world's great artists The main value of this book is spontaneity There is nothing pedantic about it Although it ranges all over the world art from its earliest beginnings to the present the author keeps the flow of his account moving at a rapid pace Its importance is to offer a fast paced critical reassessment of the history of art in terms of today's outlook Mr Payne relies chiefly on a beautiful use of language which enables him to telescope the essence of a culture or period into a few well turned paragraphs He gives the reader a dynamic reevaluation based on critical judgments and first hand observations rather than a rehash of conventional academic views Rather than the pedantic accuracy of an encyclopedia approach Mr Payne's book possesses the rare quality of persuasiveness and enthusiasm and it will send the reader off to go and look

Welcome to Rockwell Land writes Deborah Solomon in the introduction to this spirited and authoritative biography of the painter who provided twentieth century America with a defining image of itself As the star illustrator of The Saturday Evening Post for nearly half a century Norman Rockwell mingled fact and fiction in paintings that reflected the we the people communitarian ideals of American democracy Freckled Boy Scouts and their mutts sprightly grandmothers a young man standing up to speak at a town hall meeting a little black girl named Ruby Bridges walking into an all white school here was an America whose citizens seemed to believe in equality and gladness for all Who was this man who served as our unofficial artist in chief and bolstered our country's national identity Behind the folksy pipe smoking facade lay a surprisingly complex

figure a lonely painter who suffered from depression and was consumed by a sense of inadequacy He wound up in treatment with the celebrated psychoanalyst Erik Erikson In fact Rockwell moved to Stockbridge Massachusetts so that he and his wife could be near Austen Riggs a leading psychiatric hospital What s interesting is how Rockwell s personal desire for inclusion and normalcy spoke to the national desire for inclusion and normalcy writes Solomon His work mirrors his own temperament his sense of humor his fear of depths and struck Americans as a truer version of themselves than the sallow solemn hard bitten Puritans they knew from eighteenth century portraits Deborah Solomon a biographer and art critic draws on a wealth of unpublished letters and documents to explore the relationship between Rockwell s despairing personality and his genius for reflecting America s brightest hopes The thrill of his work she writes is that he was able to use a commercial form that of magazine illustration to thrash out his private obsessions In American Mirror Solomon trains her perceptive eye not only on Rockwell and his art but on the development of visual journalism as it evolved from illustration in the 1920s to photography in the 1930s to television in the 1950s She offers vivid cameos of the many famous Americans whom Rockwell counted as friends including President Dwight Eisenhower the folk artist Grandma Moses the rock musician Al Kooper and the generation of now forgotten painters who ushered in the Golden Age of illustration especially J C Leyendecker the reclusive legend who created the Arrow Collar Man Although derided by critics in his lifetime as a mere illustrator whose work could not compete with that of the Abstract Expressionists and other modern art movements Rockwell has since attracted a passionate following in the art world His faith in the power of storytelling puts his work in sync with the current art scene American Mirror brilliantly explains why he deserves to be remembered as an American master of the first rank
