Six Hidden Views Of Japanese Music:

Six Hidden Views of Japanese Music William P. Malm, 1986 Shaped by Japanese Music Jay Davis Keister, 2004-06-01

Shaped by Japanese Music is an in depth analysis of the musical world of an individual performer composer and teacher Using an ethnographic approach this study situates musical analysis in the context of its creation demonstrating that traditional Japanese music is hardly an archaic song form frozen in the present but an active sociocultural system that has been reproduced in Japan from the seventeenth century to the present day The dynamics of this cultural system unfold in the musical experiences of Kikuoka Hiroaki the leader of a school of nagauta music who struggled to modernize the art form while trying to maintain the qualities he believed to be fundamental to the tradition Through the focus on Kikuoka s school readers will become familiar with conflicts in the recent history of this music traditional Japanese teaching methods and the technique of modern composition within a traditional form Underlying all of these different analyses is the concept of kata form a Japanese aesthetic that helps shape musical forms as well as the behaviour of musicians **Analytical and**

Cross-Cultural Studies in World Music Michael Tenzer, John Roeder, 2011-10-12 *Analytical and Cross Cultural Studies in World Music* presents intriguing explanations of extraordinary musical creations from diverse cultures across the world All the authors are experts deeply engaged in the traditions they describe They recount the contexts in which the music is created and performed and then hone in on elucidating how the music works as sound in process Accompanying the explanatory prose is a wealth of diagrams transcriptions recordings and online multimedia presentations all intended to convey the richness beauty and ingenuity of their subjects The music ranges across geography and cultures court music of Japan and medieval Europe pagode song from Brazil solos by the jazz pianist Thelonius Monk and by the sitar master Budhaditya Mukherjee form and timbre improvisations of a Boston sound collective South Korean folk drumming and the ceremonial music of indigenous cultures in North American and Australia much of which has never been so thoroughly analyzed before Thus the essays diversify and expand the scope of this book s companion volume *Analytical Studies in World Music* to all inhabited continents and many of its greatest musical traditions An introduction and an afterword point out common analytical approaches and present a new way to classify music according to its temporal organization Two special chapters consider the juxtaposition of music from different cultures of world music traditions and popular music genres and of Balinese music and European Art music raising provocative questions about the musical encounters and fusions of today s interconnected world For everyone listening in wonderment to the richness of world music whether listener creator or performer this book will be an invaluable resource and a fount of inspiration **The Routledge International Handbook of the Arts and Education** Mike Fleming, Liora Bresler, John O'Toole, 2014-11-27 This *International Handbook* brings together leading writers on Arts in Education to provide a much needed authoritative guide to the main debates in the field and an informed account of contemporary developments in policy and practice Providing a detailed overview of key concepts

and practical challenges the book combines theoretical insight with specific examples of innovative projects drawing on theoretical historical and empirical research perspectives to inform understanding The range of content highlights the breadth of the field addressing such issues as the importance of community arts and partnership as well as school education and providing insight into developments in multiple and connecting arts as well as traditional art forms Topics such as assessment creativity cultural diversity special needs the arts in early childhood adult education arts based research are all addressed by recognised authorities in each area The collection of chapters also serves to define the field of arts education recognising its diversity but highlighting the common elements that provide its identity The collection addresses generic issues common to all the arts while acknowledging differences and recognising the dangers of over generalisation It also includes specific chapters on each of the art forms visual art dance drama literature music media arts providing a cutting edge analysis of key contemporary issues in each subject Bringing together specially commissioned pieces by a range of international authors this Handbook will make an important contribution to the field of Arts Education

Untwisting the Serpent Daniel Albright, 2000 Modernist art often seems to give more frustration than pleasure to its audience Daniel Albright shows that this perception arises partly because we usually consider each art form in isolation rather than collaboration

Learning to Kneel Carrie J. Preston, 2016-08-16 In this inventive mix of criticism scholarship and personal reflection Carrie J Preston explores the nature of cross cultural teaching learning and performance Throughout the twentieth century Japanese noh was a major creative catalyst for American and European writers dancers and composers The noh theater's stylized choreography poetic chant spectacular costumes and masks and engagement with history inspired Western artists as they reimagined new approaches to tradition and form In Learning to Kneel Preston locates noh's important influence on such canonical figures as Pound Yeats Brecht Britten and Beckett These writers learned about noh from an international cast of collaborators and Preston traces the ways in which Japanese and Western artists influenced one another Preston's critical work was profoundly shaped by her own training in noh performance technique under a professional actor in Tokyo who taught her to kneel bow chant and submit to the teachings of a conservative tradition This encounter challenged Preston's assumptions about effective teaching particularly her inclinations to emphasize Western ideas of innovation and subversion and to overlook the complex ranges of agency experienced by teachers and students It also inspired new perspectives regarding the generative relationship between Western writers and Japanese performers Pound Yeats Brecht and others are often criticized for their orientalist tendencies and misappropriation of noh but Preston's analysis and her journey reflect a more nuanced understanding of cultural exchange

SamulNori: Korean Percussion for a Contemporary World Keith Howard, 2016-03-09 SamulNori is a percussion quartet which has given rise to a genre of the same name that is arguably Korea's most successful traditional music of recent times Today there are dozens of amateur and professional samulnori groups There is a canon of samulnori pieces closely associated with the first founding quartet but

played by all and many creative evolutions on the basic themes made by the rapidly growing number of virtuosic percussionists And the genre is the focus of an abundance of workshops festivals and contests Samulnori is taught in primary and middle schools it is part of Korea s national education curriculum It has dedicated institutes and there are a number of workbooks devoted to helping wannabe samulnorians It is a familiar part of Korean performance culture at home and abroad in concerts but also in films and theatre productions SamulNori uses four instruments kkwaenggwari and ching small and large gongs and changgo and puk drums These are the instruments of local percussion bands and itinerant troupes that trace back many centuries but samulnori is a recent development of these older traditions it was first performed in February 1978 This volume explores this vibrant percussion genre charting its origins and development the formation of the canon of pieces teaching and learning strategies new evolutions and current questions relating to maintaining developing and sustaining samulnori in the future

Pentatonicism from the Eighteenth Century to Debussy Jeremy Day-O'Connell,2007 A generously illustrated examination of pentatonic black key scale techniques in the context of eighteenth and nineteenth century Western art music Pentatonicism from the Eighteenth Century to Debussy offers the first comprehensive account of a widely recognized aspect of music history the increasing use of pentatonic black key scale techniques in nineteenth century Western art music Pentatonicism in nineteenth century music encompasses hundreds of instances many of which predate by decades the more famous examples of Debussy and Dvor k This book weaves together historical commentary with music theory and analysis in order to explain the sources and significance of an important but hitherto only casually understood phenomenon The book introduces several distinct categories of pentatonicpractice pastoral primitive exotic religious and coloristic and examines pentatonicism in relationship to changes in the melodic and harmonic sensibility of the time The text concludes with an additional appendix of over 400 examples an unprecedented resource demonstrating the individual artistry with which virtually every major nineteenth century composer from Schubert Chopin and Berlioz to Liszt Wagner and Mahler handled theseemingly simple materials of pentatonicism Jeremy Day O Connell is assistant professor of music at Knox College

The Artistry of Aeschylus and Zeami Mae J. Smethurst,2014-07-14 By means of a cross cultural analysis of selected examples of early Japanese and early Greek drama Mae Smethurst enhances our appreciation of each form While using the methods of a classicist to increase our understanding of no as literary texts she also demonstrates that the fifteenth century treatises of Zeami an important playwright actor critic and teacher of no offer fresh insight into Aeschylus use of actors language and various elements of stage presentation Relatively little documentation apart from the texts of the plays is available for the Greek theater of the fifth century B C but Smethurst uses documentation on no and evidence from no performances today to suggest how presentations of the Persians could have been so successful despite the play s lack of dramatic confrontation Aeschylean theater resembles that of Zeami in creating its powerful emotional and aesthetic effect through a coherent organization of structural elements Both playwrights used such methods as the gradual intensification of

rhythmic and musical effects an increase in the number and complexity of the actors movements and a progressive focusing of attention on the main actors and on costumes masks and props during the course of the play Originally published in 1989 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Performing the Buraku Flavia Cangià, 2013 People labelled as Buraku min in Japan are usually described as the descendants of pre modern occupational groups who were engaged in socially polluting tasks like leather work meat packing street entertainment and drum making Performing the Buraku explores representations of the buraku issue by community and local activism in contemporary Japan with a special focus on performances and museum exhibitions

The Garland Encyclopedia of World Music Robert C. Provine, Yoshihiko Tokumaru, J. Lawrence Witzleben, 2017-11-22 This volume explores not only the close ties that link the cultures and musics of East and Northeast Asia but also the distinctive features that separate them

Britten and the Far East Mervyn Cooke, 1998 Investigation into the influence of Eastern music on Britten's composition Benjamin Britten's interest in the musical traditions of the Far East had a far reaching influence on his compositional style this book is the first to investigate the highly

original cross cultural synthesis he was able to achieve through the use of material borrowed from Balinese Japanese and Indian music Britten's visit to Indonesia and Japan in 1955-6 is reconstructed from archival sources and shown to have had a profound impact on his subsequent work the techniques of Balinese gamelan music were used in the ballet *The Prince of the Pagodas* 1957 and then became an essential feature of Britten's compositional style at their most potent in *Death in Venice* 1973 The No drama and Gagaku court music of Japan were the inspiration for the trilogy of church parables Britten composed in the 1960s The precise nature of these influences is discussed Britten's sporadic borrowings from Indian music are also fully analysed There is a survey of critical responses to Britten's cross cultural experiments Dr MERVYN COOKE lectures in music at the University of Nottingham *Monumenta Nipponica* ,1987 Includes section Reviews
