early Christian world which was in use until the twelfth century The study of this book is still in its infancy It has generally been believed that the book has survived in Georgian translation under the name *ladgari* but similar books have been discovered in Greek Syriac and Armenian All the copies clearly show that the spread and the use of the book were much greater than we had previously assumed and the Georgian *ladgari* is only one of its many versions The study of these issues unquestionably confirms the earliest stage of the compilation of the book in Jerusalem or its environs and shows its uninterrupted development from Jerusalem to the Stoudios monastery the most important monastery of Constantinople Over time many new pieces and new authors were added to the Tropologion It is almost certain that it was the Stoudios school of poet composers that divided the content of the Tropologion and compiled separate collections of books each one containing a major liturgical cycle In the beginning all of the volumes kept the old title but in the tenth century the copies of the book were renamed probably according to the liturgical repertory included and by the thirteenth century the title Tropologion is no longer found in the Greek sources as it became superfluous and fell out of use [The Official Index to The Times](#) ,1922

**The Roman Catholic Lectionary and the Bible** Mark G. Boyer,2024-06-28 The bishops attending the Second Vatican Council 1962 1965 decreed that the treasures of the Bible were to be opened for Roman Catholics by presenting a larger part of the Bible over three years The first one volume Lectionary a collection of biblical texts appointed for worship on given days what ultimately became four volumes plus a supplement in English was published in Latin on September 30 1970 The result of people seeing four volumes consisting of more pages than most Bibles was the erroneous thinking that they heard read the whole Bible every three years The Lectionary edits the Bible Biblical topics offensive to modern readers are omitted Powerful biblical women are ignored Biblical prophetic books are chopped by piecing together verses There is no application of modern biblical analysis The biblical passages presented in the Lectionary have been chosen to fit the liturgical year even though the liturgical year did not exist when the Bible was written The purpose of this book is to present some sobering statistics about the biblical texts found and not found in the Roman Catholic Lectionary reach conclusions about them and suggest alternate biblical texts for use in the Lectionary
