A NEW ZEAR Deric Love, 2023-02-26 The author of this book was able to put together a hundred billion dollars self publishing deal due to the valuable data in this book Most successful sales of a product depend on marketing strategies to give an advantage to their product over other products in this competitive market Rarely a product becomes unrivaled forever This book belongs in this category for the following reasons 1 The author has deciphered the calendar system which reflect the exact movement of the earth as it orbits the sun 2 This is the only book to ever reveal a calendar in a comprehensive way to adequately commentate and reflect the earth to orbit the sun 3 This book explains the reason for the leap year then offer a more adequate formula which is based on scientific facts 4 This book also reveals new patterns within a year and beyond the years which was unnoticed by others consequently this led them to their failure in their attempt to create a correct calendar system Each civilization has failed to create a calendar system as an exact representation to express and reflect the exact movement of the earth to orbit the sun Each civilization admits that their calendar system is not exactly right Therefore it has become a competition of which calendar system is better or the closest to being right No civilization has ever understood the full meaning and purpose of the earth to end the year in a different position than the previous year therefore each civilization has adopted some type of system by creating a leap year as an attempt to bypass this mystery People who tried to create a calendar system tried to create one to reflect the earth to start each year in the same position The ideal that the earth is not in the same position at the end of the year is probably a sign that nature did not intend for this to happen We consider a new year as the completion of the cycle of time instead of the next year For example no second minute hour day week or month is in the same position as the previous one They add up to form something new I have discovered by observing the years to form a pattern too which is the reason for the next year to start in a different position than the previous year You are

probably thinking that this is a simple observation Yet everyone s attempt to solve this mystery with time has overlooked this very small little detail Moreover notice that each minute has sixty seconds each hour has sixty minutes each day has twenty four hours each week has seven days and each year has 365 days nevertheless there is no consistent pattern to have the same number of days in each month If there were 364 days in a year then you could very easily arrange each month to have the same number of days however every year would start on the same day The last day of the year is a link which causes the earth to alternate days at the beginning of the new year which reflects balancing nature on earth You will learn more about this and many other interested new pattern about time after reading this book *Current Literature* ,1928 The Publisher and Bookseller ,1929 Official organ of the book trade of the United Kingdom Doc Clock and the Crime-Time Mysteries Lynne Aldrich,Elaine Drewis,1998-09-01 Doc Clock needs students help filling in missing numbers on clocks putting clock hands in the right places determining the time down to the minute and more The whimsical characters will entertain and motivate your students to keep learning The exercises are also designed so children can work with a minimum of supervision in a classroom or at home *Time & Money (ENHANCED eBook)* Lynne Aldrich,Elaine Drewis,1998-09-01 This book provides a variety of activities designed to enrich and reinforce the skills of telling time and counting money at the first through third grade levels The pages are presented in a suggested order but may be used in any order that best meets a child s needs Exercises are designed so a child can work with a minimum of supervision in a classroom or at home The whimsical characters will entertain and motivate your children An answer key is included at the end of the book **Journal of the American Medical Association** ,1921 **Journal of the American Medical Association** American Medical Association,1921 The Leisure Hour ,1854 *A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church* ,1905 A Select Library of the Nicene and Post-Nicene Fathers of the Christian Church: St. Augustin: On the Holy Trinity.
