Michal Rosen-Zvi

Skeptic Disposition Deconstruction Ideology And Other Matters Princeton Essays In Literature:

The Skeptic Disposition Eugene Goodheart,1984 Eugene Goodheart's remarkably compact and penetrating analysis examines the skeptic disposition that has informed advanced literary discourse over the past generation Originally published in 1985 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These paperback editions preserve the original texts of these important books while presenting them in durable paperback editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

The Skeptic Disposition Eugene Goodheart,2014-07-14 Eugene Goodheart examines the skeptic disposition that has informed advanced literary discourse over the past generation arguing that the targets of deconstructive suspicion are fundamental humanistic values This book is a fair minded generous critique of the deconstructionist theories of Jacques Derrida Paul de Man and their followers These writers have argued that language is so inherently slippery it can never express a speaker's intended meaning The critic's role in their view is to explore the contradictions subtexts and metaphorical byways of works that may be most radically deceptive when they appear simple Critics have castigated this language centered skepticism as a form of nihilism geared to multiply numbingly similar readings of already familiar texts Mr Goodheart's objection is more subtle He suggests that the philosophical orientation of deconstructive critics leads them to overemphasize the tricky propositional sense of words at the expense of the broader impact of literature its power to wound thrill or transform us Morris Dickstein The New York Times Book Review Originally published in 1991 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Liberating Scholarly Writing Robert Nash,2019-03-01 This book provides an alternative to the more conventional modes of qualitative and quantitative inquiry currently used in professional training programs particularly in education It features a very accessible presentation that combines application rationale critique and inspiration and is itself an example of this kind of writing It teaches students how to use personal writing in order to analyze explicate and advance their ideas And it encourages minority students women and others to find and express their authentic voices by teaching them to use their own lives as primary resources for their scholarship

The Renaissance and the Postmodern Thomas L Martin,Duke Pesta,2016-05-05 The Renaissance and the Postmodern reconsiders postmodern readings of Renaissance texts by engaging in a dialectics the authors call comparative critical values Rather than concede the contemporary hierarchy of theory over literature the book takes the novel approach of consulting

major Renaissance writers about the values at work in postmodern representations of early modern culture As criticism seeks new directions and takes new forms insufficient attention has been paid to the literary and philosophical values won and lost in the exchanges One result is that the way we understand the logical connections the literary textures and the philosophical impulses that make up the literature of writers like Spenser Shakespeare and Milton has fundamentally changed Examining theoretical debates now in light of polemical controversies then the book goes beyond earlier studies in that it systematically examines the effects of these newer critical approaches across their materialist historicist deconstructive and psychoanalytic manifestations Bringing gravity and focus to this question of critical continuities and discontinuities each chapter counterposes one major Renaissance voice with a postmodern one to probe these issues and with them the value of the cultural past As voices on both sides of the historical divide illuminate key differences between the Renaissance and the Postmodern a critical model emerges from the book to re engage this period s humane literature in a contemporary context with intellectual rigor and a renewed sense of cultural enrichment

Semiotica ,1969 Semiotica the Journal of the International Association for Semiotic Studies features articles reporting results of research in all branches of semiotic studies and in depth reviews of selected current literature in the field

Idling the Engine E. Joseph Sharkey,2006 Author E Joseph Sharkey uses the philosophies of language of Hans Georg Gadamer and Ludwig Wittgenstein to counter the skepticism in question by showing that a language grounded in history instead of the transcendent is grounded nevertheless

American Book Publishing Record ,1991
