Brooks,2006-01-26 This handbook gathers into one volume the current scientific theory clinical guidelines and real world interventions that can help children overcome the everyday obstacles they face It includes a wide range of perspectives addressing the role of resilience in helping children overcome these obstacles The book provides guidance on how to measure and evaluate resilience in clinical practice and it emphasizes the importance of resilience positive psychology rather than pathologies In addition the book features contributions from leading experts from a variety of fields such as psychology education and social work *Self-Regulation and Early School Success* Megan M. McClelland,Shauna L. Tominey,2016-04-08 Self regulation has been identified as an important predictor of school readiness and academic achievement in young children Children who struggle with self regulation are at risk of experiencing peer rejection and academic difficulties Teachers report that there is high variability in children s self regulatory abilities at school entry and that children with an accumulation of risk factors are especially likely to enter school without adequate self regulation skills Moreover early academic skills are often cumulative so children who fail to acquire early skills are at risk of falling behind their peers academically and facing achievement gaps that widen over time Although the relation between self regulation and school related outcomes has been clearly documented our understanding of the pathways through which self regulation influences early achievement and school success remains unclear This special issue considers previously neglected areas in the current understanding of self regulation The seven articles focus on issues including a the complex relations between self regulation and school readiness b predictors of self regulation and academic achievement and c advances in measurement of self regulation and related skills Research that continues to investigate the complex relations and mechanisms that influence early self regulation and related outcomes will inform policy and practice in ways that help all children develop the self

regulation skills they need The volume will be of interest to researchers in the field of child development or education and educators and policy makers who are interested in promoting school readiness and academic success This book was originally published as a special issue of Early Education and Development *The Latest and Best of TESS* ,1991

Contemporary Perspectives on Social Learning in Early Childhood Education Olivia Saracho, Bernard Spodek, 2007-06-01 Social epistemology is a broad set of approaches to the study of knowledge and to gain information about the social dimensions This intellectual movement of wide cross disciplinary sources reconstructs the problems of epistemology when knowledge is considered to be intrinsically social In the first chapter Social Epistemology and Social Learning Olivia Saracho and Bernard Spodek discuss the social and historical contexts in which different forms of knowledge are formulated based on the perspective of social epistemology They also discuss the emergence of social epistemology which guides researchers to investigate social phenomena in laboratory and field settings Social factors external to the appropriate business of science have a major impact in the social studies researchers historical case studies Thus social studies researchers may be considered social epistemologists because a they focus on knowledge of social influences and b they infer epistemologically significant conclusions from their sociological or anthropological research In addition analyses indicate that studies of scientific paradigms are basically a struggle for political power rather than reflecting reliable epistemic merit Social studies researchers focus on knowledge of social influences on knowledge which is analogous to the knowledge of the social epistemologists They also use their sociological or anthropological research to infer epistemologically significant conclusions **Bulletin of the National Association of Secondary-School Principals** National Association of Secondary School Principals (U.S.), 1927
