**Skin: Shadows: Silence** Deena Metzger, 1976      [Skin, Shadows, Silence](#) Deena Metzger, 1972      [The Diary of Anaïs Nin, 1955-1966](#) Anaïs Nin, 2012-11-09 The sixth volume of the diary of one of the most extraordinary and unconventional writers of the twentieth century The New York Times Book Review Anaïs Nin continues one of the most remarkable diaries in the history of letters with this volume covering more than a decade of her midcentury life Los Angeles Times She debates the use of drugs versus the artist's imagination portrays many famous people in the arts and recounts her visits to Sweden the Brussels World's Fair Paris and Venice Nin looks at life love and art with a blend of gentility and acuity that is rare in contemporary writing John Barkham Reviews Edited and with a preface by Gunther Stuhlmann      [The Woman Patient](#) Malkah Notman, 2013-11-11 This volume presents the knowledge views and experiences of experts in the fields of health care that are particularly important to women Not all of the authors agree on all of the issues but all share the same concerns about women's health and recognize the importance of providing information to enable women to become active participants in the health care partnership The idea for the book evolved from our own work in the field of women's health care The positive responses we received to several papers and presentations based on our experiences and addressed to patients physicians and other health care professionals indicated that there is a growing need for open discussion of women's health care issues as well as a need for developing and implementing new and better ways of dealing with these issues We were further motivated by the repeated failure of the health care community to integrate new insights and information that frequently contradict older established beliefs and practices into current health planning education and practice

**Bloodstained Dreams: Daughters of Shadow** Mike T. Whitman, 2025-10-13 Vengeance is born in the crypt Hunger is the only prayer that remains Kayla Vale should have died with her family Instead she rose from the grave remade in blood and broken by the vampire who murdered everything she loved For two long years she has endured torment in the dark her only companions the ache of hunger and the memory of her own betrayal Now abandoned and left to rot Kayla claws her way back into the night But freedom carries its own curse Whispers of ancient daughters stir in the shadows fallen angels demons and forgotten goddesses who offer her strength in exchange for the last fragments of her soul Eisheth Zenunim Naamah Agrat bat Mahlat Each with their own truths Each with their own price As Kayla feeds she begins to glimpse the vast and terrible legacy she has inherited a hunger older than death a rage written into creation itself And somewhere in that darkness waits Lucien Fairfax the master who made her and the monster she must destroy But vengeance is not salvation To embrace her power Kayla must decide whether she will remain a pawn in the games of gods and monsters or claim her place as one of the Daughters of Shadow Bloodstained Dreams Daughters of Shadow is the second book in Mike T Whitman's gothic horror saga This tale of betrayal blasphemy and blood weaves myth and nightmare into a story of survival Perfect for fans of dark fantasy gothic horror and the blurred line between damnation and divinity      [Suzanne Lacy Sharon](#)

**The Skin** Edmar Camara,2025-05-21 Between the last breath and final oblivion there exists a realm of skins that remember Edii Camara weaves a disturbing allegory about our relationship with the scars of the soul When an entity offers the dangerous gift of erasure the protagonist faces the ultimate dilemma to become whole through pain or to reinvent herself in the lie of forgetting In this work that blends the lyricism of Clarice Lispector with the cosmic imagination of Philip K Dick we discover that healing is not in what we erase but in what we dare to carry *The Skin* is not just a book but an instrument of existential autopsy it invites the reader to dissect their own literal and metaphorical scars through a lens that equates the biomedical and the metaphysical The book establishes a singular ontology where memory is the constitutive matter of the soul and the skin functions as a liminal interface between existences in the dark world that operates under an emotional physics where light equals consciousness where shadows equal the absence of concepts and iridescence is tested authenticity
