Slaves, Slaveholders, and a Kentucky Community's Struggle Toward Freedom Elizabeth D. Leonard, 2019-02-15 Countless lives were transformed by the war that split the nation and many stories are yet to be revealed about how the Civil War and the Reconstruction era affected Kentuckians One such narrative is that of Sandy Holt who in the summer of 1864 joined tens of thousands of former slaves and enlisted in the United States Colored Troops He put his life on the line to secure the Union's survival and the end of slavery Hundreds of miles away in a federal office Sandy Holt's former owner Joseph Holt worked to achieve the same goals No one could have predicted before the Civil War that these two very different but interconnected Kentuckians would be crucial participants in the Union war effort Joseph Holt's radical transformation and the contributions of black Kentuckians in the United States Colored Troops have long been underestimated In *Slaves Slaveholders and a Kentucky Community's Struggle toward Freedom* author Elizabeth D. Leonard examines a community of black and white Kentuckians whose lives were intertwined throughout the Civil War era Bringing new insights into the life and legacy of Breckinridge County native Joseph Holt Leonard exposes the origins of Holt's evolution from slave owner to member of Lincoln's War Department where he became a

powerful advocate for the abolition of slavery and the enlistment of former bondsmen Digging deep into Holt's past Leonard explores the lives of Holt's extended family members and also traces the experiences and efforts of Sandy Holt and other slaves turned soldiers from Breckinridge County and its periphery Many ran from bondage to fight for freedom in the Union army and returned hoping to claim the promises of Emancipation The interwoven stories of Joseph and Sandy Holt and their shared Kentucky community during and after the war show how a small corner of this border state experienced one of the most defining conflicts in American history *The Mind-Body Politic* Michelle Maiese,Robert Hanna,2019-06-28 Building on contemporary research in embodied cognition enactivism and the extended mind this book explores how social institutions in contemporary neoliberal nation states systematically affect our thoughts feelings and agency Human beings are necessarily social animals who create and belong to social institutions But social institutions take on a life of their own and literally shape the minds of all those who belong to them for better or worse usually without their being self consciously aware of it Indeed in contemporary neoliberal societies it is generally for the worse In *The Mind Body Politic* Michelle Maiese and Robert Hanna work out a new critique of contemporary social institutions by deploying the special standpoint of the philosophy of mind in particular the special standpoint of the philosophy of what they call essentially embodied minds and make a set of concrete positive proposals for radically changing both these social institutions and also our essentially embodied lives for the better

Gaustad,John B. Boles,Sally Foreman Griffith,2005-08-25 *Unto a Good Land* offers a distinctive narrative history of the American people from the first contacts between Europeans and North America's native inhabitants through the creation of a modern nation to the standing of the United States as a world power Written by a team of distinguished

historians led by David Edwin Harrell Jr and Edwin S Gaustad this textbook shows how grasping the uniqueness of the American experiment depends on understanding the role of religion as well as social cultural political and economic factors in shaping U S history A common shortcoming of most United States history textbooks is that while in recent decades they have expanded their coverage of social and cultural history they still tend to shortchange the role of religious ideas practices and movements in the American past *Unto a Good Land* addresses this shortcoming in a balanced way The authors recognize that religion is only one of many factors that have influenced our past one however that has often been neglected in textbook accounts This volume gives religion its appropriate place in the story Publisher The Black World in Literature for Children Joyce White Mills,1975 *Catalog of Copyright Entries.
