Alexandra Jaffe

Slaves And Missionaries:

Slaves and Missionaries Mary Turner, 1998 On 27 December 1831 a fire on Kensington Estate in St James Jamaica signalled the start of one of the largest slave revolts in the Caribbean Its leaders were leaders also in the mission churches and the independent sects and their followers expected the missionaries to support them in their bid for wage work and free status The missionaries however sent to save souls from sin in the face of planter hostility were explicitly committed to neutrality on the slavery issue This book traces the response of all classes in Jamaican society to mission work focusing in particular on the dynamic interplay between slaves and missionaries Embraced as fellow sinners assured of spiritual equality of all before God their intellectual equality with whites demonstrated in schools and classes the slaves imbued Christianity with political purpose and questioned why blacks and whites were equal after death but slave and master in life The slaves transformed the question into action in the political circumstances created by the decade long campaign for abolition and in doing so made the missionaries themselves into committed anti slavery campaigners Slaves and Missionaries ,1998

Slave Missions and the Black Church in the Antebellum South Janet Duitsman Cornelius, 1999 How slaves created the organized black church while still under the oppression of bondage Global Protestant Missions Jenna M. Gibbs, 2019-07-03 The book investigates facets of global Protestantism through Anglican Quaker Episcopalian Moravian Lutheran Pietist and Pentecostal missions to enslaved and indigenous peoples and political reform endeavours in a global purview that spans the 1730s to the 1930s The book uses key examples to trace both the local and the global impacts of this multi denominational Christian movement The essays in this volume explore three of the critical ways in which Protestant communities were established and became part of a worldwide network the founding of far flung missions in which Western missionaries worked alongside enslaved and indigenous converts the interface between Protestant outreach and political reform endeavours such as abolitionism and the establishment of a global epistolary through print communication networks Demonstrating how Protestantism came to be both global and ecumenical this book will be a key resource for scholars of religious history religion and politics and missiology as well as those interested in issues of postcolonialism and imperialism

Slavery and Protestant Missions in Imperial Brazil José Carlos Barbosa, 2008 In 1888 Brazil was the last nation in the modern west to abolish slavery Slavery and Protestant Missions in Imperial Brazil is an enlightening look at the role Christianity played in the struggle to abolish slavery in Brazil Author Jose Carlos Barbosa seeks to explain why Protestant missionaries stationed in Brazil during the nineteenth century remained silent on the issue of abolition even after the end of the American Civil War Barbosa asserts that the missionaries first priority was to secure a foothold for Protestantism and that meant not alienating the political and landowning elites of Brazilian society Also dominant theological thinking placed spiritual matters over temporal Give to Caesar what is Caesar s and give to God what is God s making abolition in Brazil a largely secular struggle BOOK JACKET **Slave No More** Aline Helg, 2019-02-07 Commanding a vast historiography of

slavery and emancipation Aline Helg reveals as never before how significant numbers of enslaved Africans across the entire Western Hemisphere managed to free themselves hundreds of years before the formation of white run abolitionist movements Her sweeping view of resistance and struggle covers more than three centuries from early colonization to the American and Haitian revolutions Spanish American independence and abolition in the British Caribbean Helg not only underscores the agency of those who managed to become free people of color before abolitionism took hold but also assesses in detail the specific strategies they created and utilized While recognizing the powerful forces supporting slavery Helg articulates four primary liberation strategies flight and marronage manumission by legal document military service for men in exchange for promised emancipation and revolt along with a willingness to exploit any weakness in the domination system Helg looks at such actions at both individual and community levels and in the context of national and international political movements Bringing together the broad currents of liberal abolitionism with an original analysis of forms of manumission and marronage *Slave No More* deepens our understanding of how enslaved men women and even children contributed to the slow demise of slavery *Christian Slavery* Katharine Gerbner, 2018-04-02 Could slaves become Christian If so did their conversion lead to freedom If not then how could perpetual enslavement be justified Christian Slavery shows how debates about slavery transformed the practice of Protestantism and the language of race in the early modern Atlantic world

Labour and Christianity in the Mission Michelle Lieb, 2021 Important and broadening study of the way Africans engaged with missions not as beneficiaries of humanitarian philanthropy but as workers The important role missions played as places of work has been underexplored yet missionaries were some of the earliest Europeans who tried to control African labour African mission workers roles were not just religious and educational as they were actively involved not always voluntarily in building and domestic work Focusing on the Anglican Universities Mission to Central Africa UMCA in Tanganyika and Zanzibar in the late 19th and early 20th centuries Michelle Lieb shows how missionaries both supported and undermined the livelihood trajectories of Africans Revealing the changing nature of relations over time between missionaries who referred to themselves as workers and the African mission workers including teachers and priests whom missionaries referred to as helpers reflected broader political transformations and this innovative study of missions role in society adds a critical dimension to our understanding of their function and socio economic impact and the history of Christianity in Africa *Slave Emancipation, Christian Communities, and Dissent in Post-Abolition Tanzania, 1878-1978* Salvatory S Nyanto, 2024-11-19 The first historical account of the dramatic growth of Christianity in Western Tanzania during the twentieth century and of the role of former slaves in this process Examining the intersection of post slavery and evangelism this book shows the ways that former slaves from a variety of linguistic and cultural backgrounds came together to create new communities in the Christian missions of western Tanzania It shows how converts adapted to Christianity and at the same time shaped it through their translations of the Bible and other religious texts into the Kinyamwezi language

integrating concepts from their own cultures and experiences of slavery Working as teachers pastors and catechists former slaves and their descendants laid the basis for the growth of African Christianity in the region and the book pays particular attention to women s agency in creating spaces for negotiating kinship ties and mutual relations with the wider communities It also delves into the range of missionary sources to show the experience of lay Christians who opposed religious authority in Catholic and Moravian missions examining the division caused by catechists demands for equality of status recognition and appropriate pay in the context of ujamaa and the turmoil brought about by the revival movement Through narratives of religious experience from multiple missions and village outstations the book shows how former slaves created a Kinyamwezi speaking Christian culture taking inspiration both from European missionaries and neighbouring African villagers and became part of evolving rural communities in the inter war period enabling their descendants to achieve a significant degree of social mobility

Mission to Moralize Troy Feay,2003 The global expansion of France during the nineteenth century is one of the most significant phenomena in modern French history It was animated by an official creed referred to as the mission civilisatrice or mission to civilize that established boundaries for what the French government would and would not do in the colonies At the same time that the French empire was expanding a religious revival was underway It spawned a Catholic missionary movement that made France the most significant missionary sending nation of the nineteenth century Despite the magnitude of this movement no studies have been made of the specifically Catholic interpretation of and contribution to the French doctrine of colonial expansion the mission to civilize This study attempts to connect the missionary revival with French colonial expansion by focusing upon the issue that first bound together the religious and political conceptions of France s modern mission abroad slavery in the places where debate over its abolition was the locus of social and cultural contention the colonies of Guadeloupe Guyane Martinique Reunion Bourbon until 1848 and Senegal from 1815 to 1852 The Catholic mission to moralize among the slaves of the French colonies created an interdependence with the French government so that the national mission to civilize ultimately borrowed much of its content from its religious counterpart Abstract

Black Slaves, Indian Masters Barbara Krauthamer,2013-08-01 From the late eighteenth century through the end of the Civil War Choctaw and Chickasaw Indians bought sold and owned Africans and African Americans as slaves a fact that persisted after the tribes removal from the Deep South to Indian Territory The tribes formulated racial and gender ideologies that justified this practice and marginalized free black people in the Indian nations well after the Civil War and slavery had ended Through the end of the nineteenth century ongoing conflicts among Choctaw Chickasaw and U S lawmakers left untold numbers of former slaves and their descendants in the two Indian nations without citizenship in either the Indian

nations or the United States In this groundbreaking study Barbara Krauthamer rewrites the history of southern slavery emancipation race and citizenship to reveal the centrality of Native American slaveholders and the black people they enslaved Krauthamer s examination of slavery and emancipation highlights the ways Indian women s gender roles changed with the arrival of slavery and changed again after emancipation and reveals complex dynamics of race that shaped the lives of black people and Indians both before and after removal
