Sligoleitrim World Of Kate Cullen 18321913:

The Sligo-Leitrim World of Kate Cullen, 1832-1913 Hilary Pyle, 1997 From the journals and memoirs of Catherine Theresa Cullen mother of the poet Susan L Mitchell In this work we glimpse the close knit life of Protestant Ireland a society absorbed in its own triumphs and misfortunes in its religion and fashions and yet conscious that at that moment history was being made Back cover Social change and everyday life in Ireland, 1850-1922 Caitriona Clear, 2013-07-19 Men and women who were born grew up and died in Ireland between 1850 and 1922 made decisions to train to emigrate to stay at home to marry to stay single to stay at school based on the knowledge and resources they had at the time This the first comprehensive social history of Ireland for the years 1850 1922 to appear since 1981 tries to understand that knowledge and to discuss those resources for men and women at all social levels on the island as a whole Original research particularly on extreme poverty and public health is supplemented by neglected published sources local history journals popular autobiography newspapers Folklore and Irish language sources are used extensively All recent scholarly books in Irish social history are of course referred to throughout the book but it is a lively read reproducing the voices of the people and the stories of individuals whenever it can questioning much of the accepted wisdom of Irish historiography over the past five decades Statistics are used from time to time for illustrative purposes but tables and graphs are consigned to the appendix at the back There are some illustrations An idea summary for the student loaded with prompts for future research this book is written in a non cliched jargon free style aimed at the general reader **Frances Power Cobbe** Sally Mitchell, 2004 An accessible narrative biography Frances Power Cobbe traces the details of Cobbe s life and work analyzes her writing and sets both in the context of the social and intellectual debates of her time **Historical Dictionary of Ireland** Frank A. Biletz, 2013-11-14 All places undergo change but in few has this change been quite as sweeping as Ireland both the independent Republic of Ireland and dependent Northern Ireland so it is good to see where it is heading at present Obviously that has to be judged on the background of where it is coming from not only over the past decade or so but over centuries and indeed millennia This new edition of Historical Dictionary of Ireland is an excellent resource for discovering the history of Ireland This is done through a chronology an introductory essay and an extensive bibliography The cross referenced dictionary section has over 600 entries on significant persons places and events political parties and institutions including the Catholic church with period forays into literature music and the arts This book is an excellent resource for students researchers and anyone wanting to know more about Ireland **Ireland of the Welcomes** , 1998 **Charles Dickens's Ireland** Charles Dickens, Jim Cooke (M. Litt.), 1999 **An Introduction to the Architectural Heritage of County Leitrim** Ireland. Department of the Environment, Heritage and Local Government, Ireland. Department of the Environment and Local Government, Ireland. National Inventory of Architectural Heritage, 2004 *Female Activists* Mary Cullen, Maria Luddy, 2001 The Church of Ireland in Victorian Dublin John Crawford, 2005 The Church of Ireland has received a considerable amount

of attention recently from nineteenth century historians but few have looked at it from the perspective of the local community as has been the case with recent work by historians in Britain This study of the church in Victorian Dublin begins with a survey of the development of the parishes and the building of churches It examines the devotional life and pastoral concerns of the laity and the clergy and their changing roles An analysis of churchgoing trends is included and comparison is made with trends in England and Scotland The study includes developments in church architecture the layout of church buildings and the content of church services This is set in the context of the demographic changes and the overall decline in the church's population in Dublin While the study addresses the religious rivalry which existed between Catholics and Protestants it also includes consideration of the laity's role in the management of the day to day life of the local church community The social and educational backgrounds of the clergy are discussed and an account is given of their training and the changing process by which they were appointed to parishes The study suggests that trends in the Church of Ireland in Dublin at the time were not dissimilar to the Church of England and both churches experienced a religious boom in the period However disestablishment in 1870 and the church's minority status gave the Church of Ireland a distinctive social and religious flavour
