## **Snake Twin And Other Stories:**

**Snake Twin** Edilberto K. Tiempo, 1992 7 noveller fra Filippinerne af kendt forfatter **Liquid Death and Other Stories** John Russell Fearn, 2002-01-01 JOHN RUSSELL FEARN began his writing career as a pioneer in the science fiction field appearing in all of the American pulp science fiction magazines in the early 1930s However many of his fans don't know that Fearn was also a prolific and successful writer in other genres especially crime and detective fiction This volume contains some of his best stories from the famous pulp magazine Thrilling Mystery Stories plus several others including two which are previously unpublished *Underground Spirit: 1973 to 1982* Gémino H. Abad, 2010 Because of the ever present danger of arrest and torture during the years of the Marcos dictatorship 1972 to 1986 the writers were driven to other forms or guises of the short story such as fantasy sci fi tale and parable But whatever the form you come away from the story with an image of a lifetime or a moment lived that the story's words have evocatively forged and that image sums up and makes into a whole the story's meaningfulness by which its form has been achieved Back cover Local Color in the Selected Philippine Short Fiction Kimberth D. Obeso, 2022-07-01 Realistic plausible and definitely didactic masterpieces of Villa Arguilla and Rivera Ford They are indeed short story writers of local color Their creative works mirror the mannerisms language characteristics and particularly the style of the Filipinos This research book will unveil the sense of regionalism and local identity of the select stories written by the aforementioned authors which are hoped to provide a reference for a literature major students educators critics and researchers **Underground Spirit: 1983 to 1989** Gémino H. Abad, 2010 Because of the ever present danger of arrest and torture during the years of the Marcos dictatorship 1972 to 1986 the writers were driven to other forms or guises of the short story such as fantasy sci fi tale and parable But whatever the form you come away from the story with an image of a lifetime or a moment lived that the story's words have evocatively forged and that image sums up and makes into a whole the story's meaningfulness by which its form has been achieved Back cover *And Quiet Flows the Dawn* L. M. Grow, 2003 Snakes, People, and Spirits, Volume One Robert Hazel, 2019-11-05 This two volume publication offers an in depth analysis of ophidian symbolism in Eastern Africa while setting the topic within its regional and historical context namely with regards to the rest of Africa ancient Egypt and Mesopotamia the Greek world ancient Palestine Arabia India and medieval and pre Christian Europe Through the ages most of those areas have connected with Eastern Africa in a broad sense where ophidian symbolism was as rampant and far reaching if not more so as anywhere else on the continent and perhaps in past civilisations Much as in the wider context snakes were held to be long lived closely related to holes caverns trees and water life and death and credited with a liking for milk Even though ophidian symbolism has always been developed out of the outstanding biological and ethological features of snakes the process of symbolisation which plays a crucial role in the elaboration of cultural systems and the shaping of human experience was inevitably at work This first volume deals with snakes as a zoological category snake symbolism as perceived by encyclopaedists and

psychologists and ophidian symbolism as it occurred in ancient civilisations It explores the traditional African scene in general with a view to set the scene for a more proximate baseline for comparison The divide between animals and humans was porous and snakes had a more or less equal footing in both the animal realm and the spiritual world Key features of snake symbolism in traditional Eastern Africa are then examined in detail especially phantasmagorical snakes the rainbow serpent snake totems and snake related witches and ritual leaders among others In Eastern Africa the meanings attributed to snakes were multifaceted and paradoxical Overall the two volumes of this publication show that African snake symbolism broadly echoed the diverse representations of ancient civilisations The widely acknowledged assimilation of snakes to death and Evil is therefore unrepresentative both historically and culturally *Pilipinas*, 1993 **Literary Criticism in the Philippines and Other Essays** Edilberto K.
