of academic and professional skills for a successful career in medicine Written for current and prospective medical students chapters are structured around eight key themes relevant to the active all rounder medic including learning and leading high quality research opportunities in global health further academic degrees and the complementary career options available to today's medical graduate This book serves as essential reading for anyone considering and embarked upon an exciting career in medicine

Demonstrating Your Competence Ruth Chambers, Kay Mohanna, Gill Wakley, David Wall, 2018-04-19 This working manual has been developed to ensure that all health professionals involved in immunization will be both knowledgeable about procedures and confident about their benefits It shows the practitioner how to give vaccines safely and how to inform parents The book is line with the new and revised Immunization Against Infectious Disease produced by the Department of Health but is written in a practical and easily accessible form As well as being aimed at general practitioners health visitors school health nurses practice nurses clinical medical officers and district nurses the book has been written in such a fashion as to be understandable by parents It has sections giving answers to the questions most frequently asked by parents and to the most common problems In addition the book is adaptable for local use with space for key contacts and phone numbers

Survival Skills for GPs Ruth Chambers, 2018-04-19 Survival Skills for GPs is an in depth interactive personal coaching course that Shows how you can survive the rigours of general practice teaches you how to stay in control of your professional life helps you learn to enjoy your career as a GP again gives you the confidence and skills to develop your career The first personal coaching course for GPs presented as an interactive workbook which allows individual GPs to progress from any stress in their lives through to job satisfaction and career development It is applicable to all areas of life and shows comparisons to how other GPs are doing

Career planning for doctors Caroline Elton, Naomi Elton, 2025-06-25 Career planning for doctors an evidence based guide blends a rigorous appraisal of the evidence together with the extensive client experience of its two authors who have coached hundreds of medical students resident doctors GPs and consultants Using tried and tested methods this accessible guide teaches you how to identify potential career choices that may suit you and how to explore these options thoroughly to make a robust career decision Clearly written self help exercises walk you through each step of the career planning process providing support and guidance The amount of time you need to set aside is provided aiding your preparation Relevant research is woven throughout each chapter to explain why a particular approach is used and numerous real life case studies illustrate how the exercises work in practice Use your free online access to download exercise templates and listen to podcasts by the authors for further explanation With dedicated chapters on succeeding as an IMG doctor working overseas and portfolio careers Career planning for doctors will help you prepare thoroughly for the next stages of your career

Career Planning for Everyone in the NHS Ruth Chambers, 2018-10-08 This book is for users of comparisons in health care and for researchers More clinicians managers and patient groups are using research to make comparisons Information technology and new databases make comparisons easier

but not necessarily better Comparisons can help us discover the causes of disease whether a treatment is effective if it is worth the cost whether a service is performing badly and the value of a health reform or policy Comparisons can help us learn from other cultures and understand the implications for our own health services Yet it is all too easy to misinterpret or uncritically accept a study and reach invalid conclusions This book encourages decision makers to make more use of comparative research but with an awareness of the limitations of comparisons Its practical approach enables researchers to plan and carry out better comparative research and to develop new methodologies for this fast growing field of research

Guiding Doctors in Managing Their Careers Ruth Chambers, Kay Mohanna, Andrew Thornett, Steve Field, 2006 A practical toolkit for doctors tutors and managers in hospitals medical schools and primary care who give formal or informal advice to students juniors and colleagues This title incorporates in a practical way several key concepts in Modernising Medical Careers the NHS Priorities the NHS Knowledge and Skills Framework and more **The Foundation Programme** Mark Welfare, Jonathan Carter (MBBS.), 2007-01-01 It is a practical illustrated guide to the Foundation Programme introduced throughout the UK to regulate and standardise the two year training of newly qualified doctors It provides specific information on how to apply for a Foundation post the curriculum assessment methods and maintaining a portfolio as well as reviewing the pros and cons of the various medical specialities which doctors can pursue after the Foundation years The authors address issues of concern to all groups involved in the Foundation programme trainees trainers and senior doctors and gives concrete examples of completed documentation and assessment Helps UK and overseas doctors in choosing and applying for their Foundation Programme Helps trainees and trainers understand the curriculum the teaching and learning methods and the use of the portfolio Explains the various assessment procedures including the RITA Record of In Training Assessment and gives examples Helps trainees manage their learning and pass their assessments Informs trainers including consultants and GPs about the purpose of the Foundation Programme and how to use the less familiar assessment tools
