

The background of the cover is a painting of a mountainous landscape. In the foreground, there are dark, rugged mountains with a reddish-brown hue. In the middle ground, a valley is visible, and in the background, a small building sits atop a distant, lighter-colored mountain peak under a cloudy sky.

Sobranie Sochinenii Volume 18 HardPress,2013-06 Russian Intelligentsia in the Age of Counterperestroika Dmitri N.
Shalin,2020-06-09 This book examines the phenomenon of intelligentsia as political discourse civic action and embodied
practice focusing especially on the political agendas and personal choices confronting intellectuals in modern Russia
Contributors explore the role of the Russian intelligentsia in dismantling the Soviet system and the unanticipated
consequences of the resultant changes which threaten the very existence of the intelligentsia as a distinct group Building on
the legacy of John Dewey and J rgen Habermas the authors make the case that the intelligentsia plays a critical role in
opening communications widening the range of participants in public discourse and freeing social intercourse from the
constraints nondemocratic political arrangements impose on the communication sphere Looking at current trends through a
variety of different lenses this book will be of interest to those studying the past present and future of the Russian

Mikhail Bakhtin Ken Hirschkop, 1999-12-09 This book makes a radical break with earlier interpretations of Bakhtin's work Using recent Russian scholarship Ken Hirschkop explodes many of the myths which have surrounded Bakhtin and his work and lays the ground for a new more historically acute sense of his achievement Through a comprehensive reading of Bakhtin's work Hirschkop demonstrates that his discussion of the philosophy of language literary history popular festive culture and the phenomenology of everyday life revolved around a lifelong search for a new kind of modern ethical culture A detailed examination of the major works reveals the careful interweaving of philosophical and historical argument which makes Bakhtin at once so compelling and so frustrating a writer Hirschkop treats Bakhtin not as a metaphysician or a philosopher for the ages but as a writer inevitably drawn into the historical conflicts produced by a modernizing and democratizing Europe As a consequence Bakhtin becomes a more sober but also more original writer with a striking contribution to make to the definition of the democratic project
