Secrets of the Sprakkar Eliza Reid,2024-06-04 The Canadian first lady of Iceland pens a book about why this tiny nation is leading the charge in gender equality in the vein of The Moment of Lift Iceland is the best place on earth to be a woman but why For the past twelve years the World Economic Forum s Global Gender Gap Report has ranked Iceland number one on its list of countries closing the gap in equality between men and women What is it about Iceland that enables its society to make such meaningful progress in this ongoing battle from electing the world s first female president to passing legislation specifically designed to help even the playing field at work and at home The answer is found in the country s sprakkar an ancient Icelandic word meaning extraordinary or outstanding women Eliza Reid Canadian born and raised and now first lady of Iceland examines her adopted homeland s attitude toward women the deep seated cultural sense of fairness the influence of current and historical role models and crucially the areas where Iceland still has room for improvement Throughout she interviews dozens of sprakkar to tell their inspirational stories and expertly weaves in her own experiences as an immigrant from small town Canada The result is an illuminating discussion of what it means to move

through the world as a woman and how the rules of society play more of a role in who we view as equal than we may understand What makes many women s experiences there so positive And what can we learn about fairness to benefit our society Like influential and progressive first ladies Eleanor Roosevelt Hillary Rodham Clinton and Michelle Obama Reid uses her platform to bring the best of her nation to the world Secrets of the Sprakkar is a powerful and atmospheric portrait of a tiny country that could lead the way forward for us all **Cross-Cultural Dimensions in Conscious Thought** George A. De Vos,Eric S. De Vos,2004-03-12 Cross Cultural Dimensions in Conscious Thought represents a major contribution describing an empirically validated method for analyzing the thematic content of narratives as a tool for comparative research in Anthropology Cultural Psychology and Ethnopsychiatry This second volume in the two volume series presents research conducted in Ireland Kenya Japan the Philippines Canada the United States India Brazil and Venezuela This research illustrates for the cross cultural researcher the usefulness of projective techniques as a means for eliciting culturally relevant information from informants It also exemplifies how the analysis of narrative themes when it is related to other material obtained in field settings can reveal meaningful within group and between group differences in human experience and can help us make sense of conscious human experience across a wide range of sociocultural contexts

Elysia Malcolm Chester,2012-07-26 Courtney looked at her small drab room and sighed Her dolls sat in a corner along with her warrior princess outfit sword and shield She spent countless hours playing with these toys one moment giving tea to her dolls and the next fighting her friends as the warrior princess While her real world life had become a much better place since she had visited Elysia every night she still missed her earlier childhood when she and both her parents spent so much time together She lived in a happy world then one filled with family parties trips to the movies and parks and just time spent quietly together Then the anger and the darkness came Her father and mother suddenly lost their jobs and the arguments started soon after Her mom found work at another company but her dad did not find a new job Then one day after a long argument the police came and took her dad away Courtney had seen him only once from afar since that terrible day In her mind she journeyed back to this time Courtney lay in her bed waiting for sleep to come Just a few months ago Courtney had been able to fall asleep as soon as her head hit the pillow When sleep finally came this night Courtney found herself in front of an elaborate wrought iron gate with a large sign reading Elysia set amid the swirling pieces of iron The sun shone very brightly birds sang happily and sweet flower smells escaped from the spaces between the iron bars of the fence The place looked very much like illustrations in her books but instead of being pictures on a page or the more fuzzy parts of the dreams she remembered this place seemed very real to her as real as the life she ordinarily led Even in her eleven year old mind Courtney knew this place could not exist but nonetheless she stood here
