More-Than-Human Choreography Moritz Frischkorn, 2023-08-04 In the global context of the Great Acceleration things and people have been on the move more than ever before Moritz Frischkorn takes a fresh look at recent performing arts practices that deal with everyday objects on and beyond the stage Contrasting these practices with the business field of logistics he examines the aesthetic and ethical concerns of moving things Drawing on concepts from performance as well as Black studies and philosophy and based on an artistic research methodology the book formulates a notion of more than human choreography as an ecologically informed infinitely indebted practice of living within the material world **Empire and Education** Alexander J. interviews with participants This book will be of great interest to students and scholars in theater performance and dance studies
