brought regeneration and hope The names of the schemes Loch Sloy Glen Shira Tummel Garry the Conon valley Glen Affric Strathfarrar Kilmorack Glenmoriston Garry Shin Breadalbane Ben Cruchan are vivid in the memories of all who worked on them in an epic of hard physical labour in a beautiful landscape By the time the last scheme was opened in Foyers in 1975 the engineers had built some fifty major dams and power stations almost 200 miles of tunnel 400 miles of road and over 20 000 miles of power line The Board had to overcome adverse weather and thrwn geology as well as political opposition At the peak of construction the workforce numbered around 12 000 and included men from Ireland and many parts of Europe as well as indigenous Scots The Dam Builders Power From the Glens is a vivid account of the schemes and includes eyewitness stories from many of the workers who made the electrification of the Highlands a reality Lachlan Macquarie John Ritchie,2014-02-28 Ritchie has provided an exciting and dramatic account of the life and work of Macquarie We learn in contrast to the antiseptic treatment of the standard text books that Macquarie was a man of strong passions beliefs plans and ambitions which drove him to hobnob with polite London society to beg for promotion and favours from his superiors to wangle commissions for his relatives to be generous to a fault with those he sought to help and to demand unquestioning support from those he promoted or pardoned Malcolm J Kennedy Agora The New Shell Guide to the Lowlands and Borders of Scotland Roderick Martine,1989 *The Historical Arthur and The Gawain Poet* Andrew Breeze,2023-01-09 The Historical Arthur and The Gawain Poet Studies on Arthurian and Other Traditions delves into the origins of Arthur and reveals the author of the famous Gawain Manuscript Its first part contains evidence for the Arthur of film and legend as a real person a Celtic commander not a king who fought battles in North Britain during the terrible volcanic winter of 536 7 before dying a hero s death in a conflict on Hadrian s Wall Its second part moves on to Sir Gawain and the Green Knight an Arthurian poem on magic near death and near seduction Its author has always been unknown but Dr Breeze uses arguments of the US scholar Ann W Astell to date the text to 1387 and name the poet as Sir John Stanley d 1414 a Cheshire and Lancashire grandee He can now be recognized as an artist of genius comparable to Chaucer himself What is said in this book on John Stanley and his circle thus allows the greatest advance in Arthurian Studies since 1934 when Walter Oakeshott discovered the Winchester Malory amongst manuscripts of an English school library **Origin of Placenames in Peckham and Nunhead** John D. Beasley,2010-05-15 This book offers an engaging catalogue of local place names and their history and covers the origin of pub names and local shops **The Spectator** ,1977 A weekly review of politics literature theology and art **Handbook for British and Irish Archaeology** ,1997 A one stop truly comprehensive dedicated and reliable sourcebook for archaeology **Mary, Queen of Scots, and the Murder of Lord Darnley** Alison Weir,2007-12-18 A brilliant investigation of one of Britain s notorious unsolved mysteries the murder of Lord Darnley second husband of Mary Queen of Scots from the New York Times bestselling author hailed as the finest historian of English monarchical succession writing The Boston Globe All the elements of a juicy murder mystery are within these pages Fort Worth Star Telegram As

dramatic as witnessing firsthand the most riveting court case Booklist starred review Tall handsome accomplished and charming Henry Stuart Lord Darnley had it all including a strong claim to the English throne a fact that threatened the already insecure Elizabeth I She therefore opposed any plan for Darnley to marry her cousin Mary Queen of Scots who herself claimed to be Queen of England But in 1565 Mary met and fell in love with Darnley and defied Elizabeth by marrying him It was not long before she discovered that her new husband was weak and vicious and interested only in securing sovereign power for himself Then on February 10 1567 an explosion at his lodgings left Darnley dead the intrigue thickened after it was discovered that he had apparently been suffocated before the blast The murder of Darnley ultimately led to Mary's ruin After her deposition there conveniently came to light a box of documents the notorious Casket Letters that her enemies claimed were proof of her guilt But Mary was never allowed to see them and they disappeared in 1584 The question of their authenticity has haunted historians ever since After exhaustive reexamination and reevaluation of the source material Alison Weir has come up with a solution to this enduring mystery that shatters many of the misconceptions about Mary Queen of Scots Complete with bright writing and stunning characterizations Mary Queen of Scots and the Murder of Lord Darnley is an engaging excursion into Britain's bloodstained power obsessed past

Coal Mine Disasters of North Carolina John Hairr, 2017 During the past two centuries the central region of the Tar Heel State was populated with numerous active coal mines many of which dealt with catastrophes such as cave ins or gas explosions Over fifty three miners lost their lives in an explosion at the Carolina Mine at Coal Glen in 1925 the largest industrial disaster in state history The Egypt Coal Mine was a key resource for Confederate forces during the Civil War despite a series of explosions that claimed scores of lives The last efforts by the Raleigh Mining Company to continue coal mining in the state in the 1950s were marred by accidents and signaled an eventual end to the industry Author John Hairr chronicles the history and tragedy of coal mining in North Carolina's Deep River region

Rural Modernity, Everyday Life and Visual Culture Rosemary Shirley, 2016-03-03 Through the lens of the everyday this book explores the countryside as an inhabited and practised realm with lived rhythms and routines It relocates the topography of everyday life from its habitually urban focus out into the English countryside The rural is often portrayed as existing outside of modernity or as its passive victim Here the rural is recast as an active and complex site of modernity a shift which contributes alternative ways of thinking the rural and a new perspective on the everyday In each chapter pieces of visual culture including scrapbooks art works adverts photographs and films are presented as tools of analysis which articulate how aspects of the everyday might operate differently in non metropolitan places The book features new readings of the work of significant artists and photographers such as Jeremy Deller and Alan Kane Stephen Willats Anna Fox Andrew Cross Tony Ray Jones and Homer Sykes seen through this rural lens together with analysis of visually fascinating archival materials including early Shell Guides and rarely seen scrapbooks made by the Women's Institute Combining everyday life rural modernity and visual cultures this book is able to uncover new and different stories about the English countryside and contribute significantly to current thinking on everyday life rural geographies and visual cultures *Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971* New York Public Library.
