Fetzer and the Quest for the New Age** Brian C. Wilson,2018-08-06 John E Fetzer and the Quest for the New Age is the remarkable story of the spiritual search of one of Michigan s most successful entrepreneurs a search that culminated in the Fetzer Institute whose ambitious mission is nothing less than the spiritual transformation of the world John E Fetzer and the Quest for the New Age follows the spiritual sojourn of John E Fetzer a Michigan business tycoon Born in 1901 and living most of his life in Kalamazoo Fetzer parlayed his first radio station into extensive holdings in broadcasting and other enterprises leading to his sole ownership of the Detroit Tigers in 1961 By the time he died in 1991 Fetzer had been listed in Forbes magazine as one of the four hundred wealthiest people in America And yet business success was never enough for Fetzer his deep spiritual yearnings led him from the Christianity of his youth to a restless exploration of metaphysical religions and movements

ranging from Spiritualism Theosophy Freemasonry UFOology and parapsychology all the way to the New Age as it blossomed in the 1980s Author Brian C Wilson demonstrates how Fetzer s quest mirrored those of thousands of Americans who sought new ways of thinking and being in the ever changing spiritual movements of the twentieth century Over his lifetime Fetzer s worldview continuously evolved combining and recombining elements from dozens of traditions in a process he called freedom of the spirit Unlike most others who engaged in a similar process Fetzer s synthesis can be documented step by step using extensive archival materials providing readers with a remarkably rich and detailed roadmap through metaphysical America The book also documents how Fetzer s wealth allowed him to institutionalize his spiritual vision into a thriving foundation the Fetzer Institute which was designed to carry his insights into the future in hopes that it would help catalyze a global spiritual transformation John E Fetzer and the Quest for the New Age offers a window into the rich and complex history of metaphysical religions in the Midwest and the United States at large It will be read with interest by those wishing to learn more about this enigmatic Michigan figure as well as those looking for an engaging introduction into America s rapidly shifting spiritual landscape

Stepping Stones Bryan Britton, 2012-11-12 The educational system in South Africa has failed the young learners of this new nation says author Bryan Britton who has contributed this work as a very small step in the giant leap necessary to rehabilitate our highly susceptible youth and help them make sound and moral judgements There has been little concern for the aspirations of the young people of South Africa The benefits of learning character building moral education and religion were lost in the turmoil of the 1980s and 1990s resulting in a rudderless sometimes murderous element pervading South African society The Rainbow Nation is today the crime mecca of the world and the haves now have more and the have nots appallingly less Can we put an end to this moral decay Perhaps adopting sound non sexist non racial and evergreen wisdom from the past can be used to commence regenerating the shredded moral fibre of this country To aid youngsters in their search for ethics the author has gathered a selection of pertinent wisdom from the past Perhaps young people in South Africa will see in these excerpts building blocks with which to construct a viable morality for their young lives and hence for the country they are destined to inherit
