are correlated and people who fit them congregate 6 An expert or enthusiast of any kind One might be an astronomy hacker for example 7 One who enjoys the intellectual challenge of creatively overcoming or circumventing limitations 8 deprecated A malicious meddler who tries to discover sensitive information by poking around Hence password hacker network hacker The correct term is cracker The term hacker also tends to connote membership in the global community defined by the net see network the and Internet address It also implies that the person described is seen to subscribe to some version of the hacker ethic see hacker ethic the It is better to be described as a hacker by others than to describe oneself that way Hackers consider themselves something of an elite a meritocracy based on ability though one to which new members are gladly welcome There is thus a certain ego satisfaction to be had in identifying yourself as a hacker but if you claim to be one and are not you ll quickly be labeled bogus See also wannabee

Language in Psychotherapy Robert L. Russell, 2013-11-21 This book of original contributions presents investigations of psycho therapeutic interaction While the methodological strategies and the theoretical orientations of these investigations are notably diverse the utterance by utterance analysis of client therapist dialogue provides a strong commonality of interest and a particularly productive perspective from which the process of psychotherapy can be illuminated It is hoped that the contributions selected and the problems with which they are occupied will make evident the rich possibilities such a perspective has to offer It should be noted however that the present volume is not a compendium any effort to be exhaustive would be thwarted by considerations of length alone Thus certain omissions were inevitable It is hoped that the interested reader will use the extensive references to become acquainted with the works not here included Whatever effort I extended as editor and contributor to this volume could not have been undertaken without the lifelong spirit of support of my parents Selma S and Jay F Russell I dedicate my contribution to them
