John's Gospel and the Formula Behind the Myth of Jesus Greg O'Shea,2016-01-01 John s Gospel and the Formula behind the Myth of Jesus is about a set of ideas that largely dictated the form and content of John s Gospel and profoundly influenced the three Synoptic Gospels Far from the simple narrative it seems to be John s Gospel is a highly complex work geared to the depiction of Jesus as a type of cosmic figure To this end its author draws on astrology the annual cycle of Jewish festivals symbolism taken from the Qabalah and a section of Genesis The book examines clues that Qabalah and Hellenestic astrology were already in existence at the time of writing of Genesis John s Gospel and the Formula behind the Myth of Jesus also looks at evidence that the true nature of John s Gospel has been known for some time

The Houses - Temples of the Sky Deborah Houlding,2006 There is very little written on the most contentious area of astrology and this greatly updated and revised edition more than adequately fills the gap

A History of Western Astrology Volume II Nicholas Campion,2009-04-16 Astrology is a major feature of contemporary popular culture Recent research indicates that 99% of adults in the modern west know their birth sign In the modern west astrology thrives as part of our culture despite being a pre Christian pre scientific world view Medieval and Renaissance Europe marked the high water mark for astrology It was a subject of high theological speculation was used to advise kings and popes and to arrange any activity from the beginning of battles to the most auspicious time to have one s hair cut Nicholas Campion examines the foundation of modern astrology in the medieval and Renaissance worlds Spanning the period between the collapse of classical astrology in the fifth century and the rise of popular astrology on the web in the twentieth Campion challenges the historical convention that astrology flourished only between the twelfth and seventeenth centuries

Concluding with a discussion of astrology's popularity and appeal in the twenty first century Campion asks whether it should be seen as an integral part of modernity or as an element of the post modern world
