As a teenager Toni Murphy had a life full of typical adolescent complications: a boyfriend she adored, a younger sister she couldn't relate to, a strained relationship with her parents and classmates who seemed hell-bent on making her life miserable. Things weren't easy, but Toni could never have predicted how horrific they would become until her younger sister was brutally murdered one summer night. Toni and her boyfriend Ryan were convicted of the murder and sent to prison. Now thirty-four, Toni is out on parole and back in her hometown struggling to adjust to a new life on the outside. Prison changed her, hardened her, and she's doing everything in her power to avoid violating her parole and going back. This means having absolutely no contact with Ryan, avoiding fellow parolees looking to pick fights and steering clear of trouble in all its forms. But nothing is making that easy: not Ryan, who is convinced he can figure out the truth; not her mother, who doubts Toni's innocence; and certainly not the group of women who made Toni's life hell in high school and may have darker secrets than anyone realizes. No matter how hard she tries, ignoring her old life to start a new one is impossible. Before Toni can truly move on, she must risk everything to find out what really happened that night. But in *That Night* by Chevy Stevens, the truth might be the most terrifying thing of all. **British Short-fiction Writers, 1945-1980** Dean R. Baldwin, 1994

Being part of a violent community in revolt can be addictive; it can be fun. This

book offers a fascinating inside look at present day political violence in Pakistan through a historical ethnography of the Muhajir Qaumi Movement MQM one of the most remarkable and successful religious nationalist movements in postcolonial South Asia The MQM has mobilized much of the migrant Muhajir population in Karachi and other urban centers in southern Pakistan and has fomented large scale ethnic religious violence Oskar Verkaaik argues that urban youth see it as an irresistible opportunity for fun Drawing on both anthropological fieldwork including participatory observation among political militants and historical analyses of state formation nation building and the ethnicization of Islam since 1947 he provides an absorbing and important contribution to theoretical debates about political religious and nationalist violence Migrants and Militants brings together two perspectives on political violence Recent studies on ethnic cleansing genocide terrorism and religious violence have emphasized processes of identification and purification Verkaaik combines these insights with a focus on urban youth culture in which masculinity physicality and the performance of violence are key values He shows that only through fun and absurdity can a nascent movement transgress the dominant discourse to come of its own Using these observations he considers violence as a ludic practice violence as martyrdom and sacrifice and violence as terrorism and resistance
