Japanese geisha is the ultimate erotic icon the courtesan par excellence and this is her definitive book The life of the geisha is the most secret and traditional in Japan and today remains largely unchanged and unknown behind the tea house doors This remarkable work was the first to reveal the hidden world of the geisha of the famous Yoshiwara quarter of Tokyo the nightless city and it has never been surpassed Written over a hundred years ago it is a meticulous description of every aspect of geisha life there including the history of the geisha life stories of famous geisha the decoration of the tea houses the different grades of courtesans their costumes and hairstyles the instruction of young girls brought to the tea houses the art of selecting a geisha for the evening proper conduct on the morning after erotic practices and charms used by geisha to attract lovers The vibrant life of the Yoshiwara quarter is evoked with finesse portraying the procurers and madames the festivals and geisha processions even the menus of the tea houses along with such matters as forms of contracts between brothels and courtesans Profusely illustrated with photographs prints and drawings this is an essential volume for all who are fascinated by the sophisticated sensuality of the willow the cherry blossom and the silken kimono **The Sexual Life of Japan** Joseph Ernest De Becker,1903 *The Image of Japan* Jean-Pierre Lehmann,2010-10-18 Japan's image has experienced numerous transmutations The book covers the metamorphosis from Japan's image of a feudal exotic and romantic land inhabited by Madam Butterflies to its sudden emergence as a geopolitical power following its defeat of Russia in 1905 More was to come In the 1930s and 40s the image of the kamikaze vividly illustrated the fanaticism and barbarity associated with Japan in World War II With the 1964 Tokyo Olympics Japan rejoined the international community as a friend and ally of the US The next transmutation came in the 1980s when the Japanese economy appeared to be functioning on anabolic steroids and its continued ascent to take over the US was predicted Japanese management became more than a science almost a religion among business schools and consultancies Today there are two images one is conveyed through manga karaoke and the global fashion for sushi the other is of an economically and demographically declining nation Will this image correspond to Japan's swan song or are there more transmutations on the way One constant in Japanese history and the image it has projected has been the country's constant ability to surprise Licentious Worlds Julie Peakman,2019-10-15 Licentious Worlds is a history of sexual attitudes and behavior through five hundred years of empire building around the world In a graphic and sometimes unsettling account Julie Peakman examines colonization and the imperial experience of women as well as marginalized men showing how women were not only involved in the building of empires but how they were also almost invariably exploited Women acted as negotiators brothel keepers traders and peace keepers but they were also forced into marriages and raped The book describes women in Turkish harems Mughal zenanas and Japanese geisha houses as well as in royal palaces and private households and onboard ships Their stories are drawn from many sources from captains logs missionary reports and cannibals memoirs to travelers letters traders accounts and reports on prostitutes From debauched clerics and hog bugging Pilgrims to sexually confused cannibals and sodomizing samurai Licentious Worlds takes history

into its darkest corners *A History of Prostitution* George Ryley Scott,2014-01-21 This scientific survey of history of prostitution from antiquity to the twentieth century is one of the first comprehensive studies of this sociological phenomenon of our time George Ryley Scott writes this treatise in reaction to the lack of literature on the subject at this time dismissing the only volumes available as outdated fragmentary or prejudiced as they were often sponsored by reformist groups Thus Scott presents us with a refreshingly honest and nonbiased view of prostitution as it was throughout history up until its first publishing in 1936 **The Traffic in Obscenity From Byron to Beardsley** C. Colligan,2006-08-22 Colligan argues that Nineteenth century obscenity was caught up in the global cultural traffic of print technology international trade and exoticism She reveals that obscenity intersected majority and minority culture searched out new print and visual media and built commercial and fantasmatic global networks for its continuation and survival *Tokyo A Cultural History* Stephen Mansfield,2009-06-01 In this addition to Oxford s Cityscapes series Stephen Mansfield explores a city rich in diversity tracing its evolution from the founding of its massive stone citadel when it was known as Edo through the rise of a merchant class who transformed the town into a center for art to the emergence of modern Tokyo Mansfield traces a city of print masters Kabuki theater novelists and great architecture which has overcome many disasters from the 1923 earthquake through the fire bombings of World War II to the 1995 subway gas attacks
