The Ninth Corps at Antietam John W. Schildt, 1988

The Eighth Connecticut Volunteer Infantry in the Civil War

William A. Liska, Kim L. Perlotto, 2022-12-16 The Eighth Connecticut Infantry was one of the longest serving Union volunteer regiments in the Civil War and saw action throughout the Eastern Theater from Burnside's expedition in North Carolina to the battles at Antietam, Fredericksburg, Cold Harbor, and Petersburg, and campaigns throughout Virginia. Drawing on soldiers' letters and diaries, this first ever regimental history of the Eighth chronicles four years of combat service with maps newly created from historical accounts. **The War of the Rebellion** United States. War Department, 1887 Official records produced by the armies of the United States and the Confederacy and the executive branches of their respective governments concerning the military operations of the Civil War and prisoners of war or prisoners of state. Also annual reports of military departments, calls for troops, correspondence between national and state governments, correspondence between Union and Confederate officials. The final volume includes a synopsis, general index, special index for various military divisions, and background information on how these documents were collected and published. Accompanied by an atlas.

The War of the Rebellion: v.1-53 [serial no. 1-111] Formal reports, both Union and Confederate, of the first seizures of United States property in the southern states, and of all military operations in the field, with the correspondence, orders and returns relating specially thereto. 1880-1898. 111v United States. War Department, 1887 Burnside's Boys Darin Wipperman, 2023-04-01 Unique among Union army corps, the Ninth fought in both the Eastern and Western theaters of the Civil War. The corps veterans called their service a geography class, and others have called the Ninth a wandering corps because it covered more ground than any corps in the Union armies. With the same attention to detail that he gave to the First Corps in *First for the Union*, Darin Wipperman vividly reconstructs life and death in the Ninth Corps. The roots of the Ninth Corps lay in the early 1862 coastal expeditions in the Carolinas under Ambrose Burnside. After this successful campaign, a master class in Civil War amphibious warfare that turned Burnside into a star, Burnside's units coalesced into a corps, part of which reinforced Pope's Army of Virginia at Second Bull Run during the summer of 1862. The Ninth fought with the Army of the Potomac in the Maryland campaign in September 1862, first at the Battle of South Mountain and then in its most famous action at Antietam, where it suffered 25 percent casualties attempting to seize what became known as Burnside's Bridge. Three months later, the corps was lightly engaged at the Battle of Fredericksburg, during which Burnside commanded the entire Army of the Potomac. After the disaster of Fredericksburg, the Ninth again under Burnside spent much of 1863 in the West with the Army of the Ohio performing occupation duty in Kentucky, and then in Grant's campaign to take Vicksburg, Mississippi. It fought in Tennessee and helped take Knoxville before returning East, a shell of itself thanks largely to disease. Reorganized, the Ninth joined Grant's Overland Campaign in Virginia, fighting with horrifying losses at the Wilderness and Spotsylvania. It joined the siege of Petersburg, including the infamous Battle of the Crater in July 1864, and remained at

Petersburg through the end of the war where it participated in the assault that broke the siege in April 1865 forcing Lee's army into retreat and final defeat at Appomattox. From the Carolinas to Maryland from Kentucky Mississippi and Tennessee to Virginia the Ninth Corps sacrificed for the Union and burnished its place in the annals of the American Civil War. *The Ever-Changing Leaders and Organization of the Army of the Potomac* George S. Maharay, 2010 This book describes the changes in leadership and organization for the Army of the Potomac. The author explores the reasons for the changes and shows them in 23 pictorial organization charts. *The Story of the Forty-eighth* Joseph Gould, 1908 *The Original Iron Brigade* Thomas J. Reed, 2011-06-10 Alan Nolan's 1961 *Iron Brigade* the classic study of Brigadier General John Gibbon's Black Hat Brigade composed of the 19th Indiana the 2nd 6th and 7th Wisconsin and the 24th Michigan drew public attention to the superior unit during the Civil War Centennial. Since then much has been written about Gibbon's Iron Brigade but nothing has published on the original Iron Brigade from which Gibbon's brigade inherited its name. In *The Original Iron Brigade* author Thomas Reed discusses the history of the 1st Brigade 1st Division 1st Corps Army of the Potomac composed of three New York two year regiments the 22nd 34th and 30th New York Infantry the 14th Brooklyn Militia 84th New York Infantry and the 2nd United States Sharpshooters. The brigade's story begins with the 14th Brooklyn's role during the First Battle of Manassas in 1861 and ends with the disbanding of the brigade in June 1863. Based on original unpublished diaries and letters of the men of the brigade this book describes how the Original Iron Brigade earned its name by its hard marching during the spring of 1862. The brigade attacked Stonewall Jackson's troops along the unfinished railroad line during the Second Battle of Manassas stormed Turner's Gap during the Battle of South Mountain and attacked Stonewall Jackson's men again at the Dunker Church in the Battle of Antietam. *Military Reminiscences of the Civil War (Vol. 1&2)* Jacob D.
