Wicca Timothy Roderick, 2015-10-08 Expand your understanding of Wicca and Witchcraft gain greater spiritual insight and explore ways to boost your magical potential with this step by step guide to the Second Degree In his long awaited follow up to Wicca A Year and a Day Timothy Roderick presents daily methods to cultivate your spirituality and become an adept in the Old Ways With its disciplined structure and engaging style Wicca Another Year and a Day encourages you to push your magical boundaries by honing your core practices and delving into advanced work Challenge yourself with topics beyond those in your first year of study including how to channel deities perform planetary magic and align with the forces of nature Through engaging lessons and hands on exercises magic will take center stage in your daily life Some Witchcraft essentials covered in the daily lessons include Elemental Magic Sigil Work Ancient Grimoire Workings Lunar Ceremonies Self and Home Protection Easing Negative Karma Advanced Oil and Incense Magic Exorcisms Psychic Development Sabbat Mystery Plays Magical Condensers Magic Squares Pentacle Practice Taming Spiritual Forces The Ninth Sabbat Richard Haddock, 2001-12-09 All DC police sergeant Mike Wesley wants to do is coast through his last year before retiring but when he is assigned a 21 year old female rookie to mentor she turns their first murder case into a serial killer scenario that covers 20 years and scores of Satanic type murders When his partner targets a local businessman as a suspect Wesley is caught between his quest for the truth and his Captain's orders to squelch the investigation As they shadow the suspect Wesley discovers an even greater scope to the murders than his partner had imagined When he bypasses his Captain and goes to the FBI Wesley discovers the impact of high level politics on law enforcement the pervasiveness of Satanic cult behavior and uncovers the shocking truth behind the crime of the century Will you believe what the story suggests a crime so staggering as to defy belief or is this just another clever horror story There's only one way to find out *The Universal Kabbalah* Leonora Leet, 2004-09-29 Presents a new understanding of the laws of cosmic manifestation through the sacred geometry of the Sabbath Star diagram Explores three higher levels of consciousness above the four worlds of the classical Kabbalah Reveals the mathematical code of the laws of all cosmic manifestation This landmark work by an innovative modern Kabbalist develops a scientific model for kabbalistic cosmology and soul psychology derived from the kabbalistic diagram of the Tree of Life and the author's own Sabbath Star diagram a configuration of seven Star of David hexagrams This geometric model begins with the four worlds of the classical Kabbalah which bring us to the present time and birthright level of the soul and is then expanded to three higher enclosing worlds or levels of evolving consciousness The Sabbath Star diagram therefore accommodates both the emanationist cosmology of the earlier Zoharic Kabbalah and the future orientation of the later Kabbalah of Isaac Luria The hexagram elements that construct each expansion of the Sabbath Star diagram configure the cosmic stages of each of its worlds The matrix that is produced by these construction elements configures the level of the multi dimensional soul that is correlated with each cosmic world In its final stage this model unites the finite and infinite

halves of the Sabbatical world in a way that exemplifies the secret doctrine of the Kabbalah Not only does this work offer a new inclusive model for the Kabbalah but it also provides a basis for complexity theory with its final extrapolation to infinity The universality of this model is further shown by its applicability to such other domains as physics sociology linguistics and human history This universal model encodes the laws of all cosmic manifestation in terms that are particularly coherent with the formulations of the Kabbalah giving a mathematical basis to many aspects of this mystical tradition and providing a new synthesis of science and spirituality for our time that may well write a new chapter to the Kabbalah
