**Raphael and the Noble Task**

Catherine Salton, 2010-11-16 Raphael is a griffin one of the ferocious stone creatures sworn to guard the Cathedral from harm Yet Raphael feels a mysterious longing for something more a Noble Task one that will bring meaning to his life When a baby is abandoned at the Cathedral door Raphael believes he s found his Noble Task at last But Raphael soon learns that caring for the child brings danger and sacrifice as well as love And when the baby s mother returns only to find that her child is missing Raphael must set things right by performing an act of enormous courage an act that depends not only on a legend kept secret for generations but that will demand of him all of his heart and soul to prevail More than twenty illustrations bring the characters of the Cathedral to life in this unforgettable adventure destined to be cherished as an enduring Christmas classic

Beyond the Call of Duty Gregory Mellema, 1991-01-01 A surprisingly large number of people have denied that it is possible for human moral agents to act in such a way as to go beyond or transcend what moral duty or obligation requires of them Some of this opposition to the possibility of supererogation as it is called has been motivated by theological concerns This book surveys the concerns of Luther Calvin and Melancthon as they react to certain teachings of the Roman Catholic Church as well as the concerns of several contemporary theologians It also examines some contemporary philosophers whose concerns have grown out of a commitment to a Kantian utilitarian or prescriptive type of ethics and urges that there are valuable lessons to be learned from these theologians and philosophers At the same time it is argued that some of their concerns are the result of a mistaken idea of what it means to perform an act of supererogation In addition it is argued that some of their concerns can be addressed in ways that do not require a denial of the possibility of going beyond the call of duty in human life This stage of the argument involves a discussion of virtue ethics and an examination of the concept of vocation particularly as it has developed in Protestant thought and illustrates the relevance of virtue and vocation to the problem of supererogation

**Unbattled Fears: Reckoning the National Security** Sumit Walia, 2021-02-16

Strategic thinking has not been part of our national discourse

Till the end of 20th century there were a very few public or private think tanks discussing the challenges our nation faced

There was no private news

channel till 1999 and when they started they went about doing their news business Lack of strategic thinking was apparent during 1962 war with China when we had clear indications of heinous moves and design of China The Indian Army had submitted reports highlighting the Chinese threat but it all fell on deaf ears The Prime Minister of the time thumped the table and said It is not the job of Commander in Chief to tell the Government who will attack India China will never attack us rather China would come to our rescue if needed You should concentrate on Pakistan Rest is history Successive governments did not learn the lesson Strategic and National Security matters were still prerogative of government institutions Till 2000 there were a few government funded or private think tanks United Service Institution of India Indian Direct Selling Association Indian Defence Review etc working on this vital subject New think tanks came up but their reach was limited There appears to be much more interest in masses now than what it was 20 years ago This book is a compilation of articles written on different subjects It is divided in four sections every section dealing with a different subject Readers should consider the backdrop date given at the first page of every chapter This will help putting things in the right perspective

The Care of Souls Harold L. Senkbeil, 2019-06-26 Drawing on a lifetime of pastoral experience The Care of Souls is a beautifully written treasury of proven wisdom which pastors will find themselves turning to again and again Harold Senkbeil helps remind pastors of the essential calling of the ministry preaching and living out the Word of God while orienting others in the same direction And he offers practical and fruitful advice born out of his five decades as a pastor that will benefit both new pastors and those with years in the pulpit In a time when many churches have lost sight of the real purpose of the church The Care of Souls invites a new generation of pastors to form the godly habits and practical wisdom needed to minister to the hearts and souls of those committed to their care
