Emma's Postcard Album Faith Mitchell, 2022-12-21 BCALA 2023 Outstanding Contribution to Publishing Citation Award winner The turn of the twentieth century was an extraordinarily difficult period for African Americans a time of unchecked lynchings mob attacks and rampant Jim Crow segregation During these bleak years Emma Crawford a young African American woman living in Pennsylvania corresponded by postcard with friends and family members and collected the cards she received from all over the country Her album spanning from 1906 to 1910 and analyzed in *Emma's Postcard Album* becomes an entry point into a deeply textured understanding of the nuances and complexities of African American lives and the survival strategies that enabled people to make a way from no way As snippets of lived experience eye catching visual images and reflections of historical moments the cards in the collection become sources for understanding not only African American life but also broader American history and culture In *Emma's Postcard Album* Faith Mitchell innovatively places the contents of this postcard collection into specific historic and biographical contexts and provides a new interpretation of postcards as life writings a much neglected aspect of scholarship Through these techniques a riveting world that is far too little known is revealed and new insights are gained into the perspectives and experience of African Americans Capping off these contributions the text is a visual feast illustrated with arresting images from the Golden Age of postcards as well as newspaper clippings and other archival material

Pennsylvania History, 1981 Includes section Book reviews and Book notices

Muncy Robin Van Auken, 2006 Muncy a small river town founded shortly after the French and Indian War was the earliest European settlement in the West Branch Valley of the Susquehanna River By 1769 land speculator Samuel Wallis had acquired more than 7 000 acres so he sold much of this land to pioneers in search of a better way of life By 1772 the West

Branch Canal made Muncy a business thoroughfare and lumber boomtown Like most Pennsylvania river towns Muncy suffered great loss in the flood of 1889 which also devastated Johnstown Another massive flood in 1894 sounded the death knell for the canal system The railroad which superseded the canal system throughout the United States kept the local industry alive although the port businesses disappeared Through vintage postcards Muncy depicts the varied past of this quiet town

Jurin, 2008 Perkasie named after William Penn's country manor in Upper Bucks County was a boomtown that sprang up along the North Pennsylvania Railroad in the late 1870s From the 1880s to the 1920s Perkasie grew rapidly becoming a transportation and cultural center and drawing crowds with commerce industry summer retreats and even an amusement park Through nearly 200 vintage postcards Perkasie chronicles the expansion of this once small town as well as its impact on neighboring rural communities such as Rockhill Bedminster and Silverdale The postcards in this book re create a visual memory of the economic and social changes that worked to shape this dynamic community

Long Island Rail Road Stations David D. Morrison, Valerie Pakaluk, 2003-07-01 Chartered in 1834 to provide a route between New York City and Boston the Long Island Rail Road ran from the Brooklyn waterfront through the center of Long Island to Greenport The railroad served the agricultural market on Long Island until

branches and competing lines eventually developed on the north and south shores of the island and several hundred passenger stations were built After Penn Station was opened in 1910 the number of passengers commuting between Manhattan and Long Island began to multiply Today one hundred twenty five stations serve the Long Island Rail Road Long Island Rail Road Stations contains vintage postcards of the old Penn Station which was demolished in the mid 1960s the Grand Stairway at the Forest Hills Station where Theodore Roosevelt delivered his famous unification speech on July 4 1917 and the Amagansett station building where Nazi spies boarded a train bound for New York City on June 13 1942 Many of the historic stations featured in this book have been preserved by local preservation groups while others have been replaced with modern buildings to accommodate the passengers who commute on the nation s largest commuter railroad Land of Amber Waters Doug Hoverson, A visual history of Minnesota beers and breweries traces the evolution of the state s beer industry from the 1849 construction of the first brewery to the growth of small town enterprises that gave way to large companies of regional and national prominence offering a comprehensive list of Minnesota breweries as well as more than three hundred illustrations of beer and breweriana *Mystics and Messiahs* Philip Jenkins, 2000-04-06 In *Mystics and Messiahs* the first full account of cults and anti cult scares in American history Philip Jenkins shows that contrary to popular belief cults were by no means an invention of the 1960s In fact most of the frightening images and stereotypes surrounding fringe religious movements are traceable to the mid nineteenth century when Mormons Freemasons and even Catholics were denounced for supposed ritualistic violence fraud and sexual depravity But America has also been the home of an often hysterical anti cult backlash Jenkins offers an insightful new analysis of why cults arouse such fear and hatred both in the secular world and in mainstream churches many of which were themselves originally regarded as cults He argues that an accurate historical perspective is urgently needed if we are to avoid the kind of catastrophic confrontation that occurred in Waco or the ruinous prosecution of imagined Satanic cults that swept the country in the 1980s Without ignoring genuine instances of aberrant behavior *Mystics and Messiahs* goes beyond the vast edifice of myth distortion and hype to reveal the true characteristics of religious fringe movements and why they inspire such fierce antagonism Farm Life, 1910

Railroad Depots of Northern Indiana David E. Longest, 2007 Through photographs of depots freight houses and other railroad structures long demolished yet an integral part of community development *Railroad Depots of Northern Indiana* reviews the history of the cities and towns that used the rail to transport raw materials and finished manufactured products across the state **Pennsylvania Heritage**, 2008 *Lynching and Leisure* Terry Anne Scott, 2022-03-04 Winner 2022 Ottis Lock Endowment Best Book Award from the East Texas Historical Association In *Lynching and Leisure* Terry Anne Scott examines how white Texans transformed lynching from a largely clandestine strategy of extralegal punishment into a form of racialized recreation in which crowd involvement was integral to the mode and methods of the violence Scott powerfully documents how lynchings came to function not only as tools for debasing the status of Black people but also as

highly anticipated occasions for entertainment making memories with friends and neighbors and reifying whiteness In focusing on the sense of pleasure and normality that prevailed among the white spectatorship this comprehensive study of Texas lynchings sheds new light on the practice understood as one of the chief strategies of racial domination in the nineteenth and twentieth century South **National Stockman and Farmer** ,1915 Princeton Alumni Weekly ,1928
