The Notebooks Of Robinson Crusoe And Other Poems:

The Prodigal Son in English and American Literature Alison M. Jack, 2019 This groundbreaking study focuses on the reconfiguring of the character of the Prodigal Son and his family as they appear in drama novels and poetry in English from the fifteenth to the twenty first centuries

The Ruins of Experience Matthew Wickman, 2013-04-23 There emerged during the latter half of the eighteenth century a reflexive relationship between shifting codes of legal evidence in British courtrooms and the growing fascination throughout Europe with the primitive Scottish Highlands New methods for determining evidential truth linked with the growing prominence of lawyers and a formalized division of labor between witnesses and jurors combined to devalue the authority of witness testimony magnifying the rupture between experience and knowledge Juries now pronounced verdicts based not upon the certainty of direct experience but rather upon abstractions of probability or reasonable likelihood Yet even as these changes were occurring the Scottish Highlands and Hebridean Islands were attracting increased attention as a region where witness experience in sublime and communal forms had managed to trump enlightened progress and the probabilistic abstract and mediated mentality on which the Enlightenment was predicated There in a remote corner of Britain natives and tourists beheld things that surpassed enlightened understanding experience was becoming all the more alluring to the extent that it signified something other than knowledge Matthew Wickman examines this uncanny return of experiential authority at the very moment of its supposed decline and traces the alluring improbability of experience into our own time Thematic in its focus and cross disciplinary in its approach *The Ruins of Experience* situates the literary next to the nonliterary the old beside the new Wickman looks to poems novels philosophical texts travel narratives contemporary theory and evidential treatises and trial narratives to suggest an alternative historical view of the paradoxical tensions of the Enlightenment and Romantic eras

Who's who in Twentieth-century World Poetry Mark Willhardt, Alan Michael Parker, 2002 Global in perspective this comprehensive volume provides biographical information on the greatest poets of the 20th century and critical accounts of their work It features 900 entries by 75 international contributors

Empire Islands Rebecca Weaver-Hightower, 2007 Through a detailed unpacking of the castaway genre's appeal in English literature *Empire Islands* forwards our understanding of the sociopsychology of British Empire Rebecca Weaver Hightower argues convincingly that by helping generations of readers to make sense of and perhaps feel better about imperial aggression the castaway story in effect enabled the expansion and maintenance of European empire *Empire Islands* asks why so many colonial authors chose islands as the setting for their stories of imperial adventure and why so many postcolonial writers write back to those island castaway narratives Drawing on insightful readings of works from Thomas More's *Utopia* to Caribbean novels like George Lamming's *Water with Berries* from canonical works such as *Robinson Crusoe* and *The Tempest* to the lesser known *A Narrative of the Life and Astonishing Adventures of John Daniel* by Ralph Morris Weaver Hightower examines themes of cannibalism piracy monstrosity imperial

aggression and the concept of going native Ending with analysis of contemporary film and the role of the United States in global neoimperialism Weaver Hightower exposes how island narratives continue not only to describe but to justify colonialism Rebecca Weaver Hightower is assistant professor of English and postcolonial studies at the University of North Dakota

Poetry and the Sense of Panic ,2021-09-20 For all the disciplined artifice of Elizabeth Bishop and John Ashbery the essays in this collection show that panic plays a crucial role in their work giving substance to Bishop s claim that an element of mortal panic and fear underlines all art Panic emerges as a condition of creative anxiety and the self imposed demands of originality in response to the poetic traditions Bishop and Ashbery inherited These concerns are explored in essays addressed to Bishop and Ashbery s engagement with European Surrealism as an alternative to the dominant poetics of Modernism and its aftermath in the middle years of the twentieth century Other essays debate the philosophical religious and political orientation of their work in relation to Romantic orthodoxies and Postmodern ironies in terms of cultural history ideology and poetic practice This collection provides original commentaries on the work of two poets widely regarded as amongst the most significant American poets of the second half of the twentieth century with essays by notable scholars from the United States and Britain known for their special interests in modern poetry including Joanne Feit Diehl Mark Ford Edward Larissy Peter Nicholls Peter Robinson Thomas Travisano Cheryl Walker and Geoff Ward

Twentieth-Century English Literature A. Norman Jeffares,Michael Morony,1986-12-12 In revising this book for a second edition Harry Blamires has updated his final chapters to give a thorough coverage to the work of dramatists novelists and poets who have achieved prominence in the 1980s either as new writers or rediscovered authors who have recently been brought back into print or revived by radio and television

At the Barriers Joshua Weiner,2009-08-01 Maverick gay poetic icon Thom Gunn 1929 2004 and his body of work have long dared the British and American poetry establishments either to claim or disavow him To critics in the UK and US alike Gunn demonstrated that formal poetry could successfully include new speech rhythms and open forms and that experimental styles could still maintain technical and intellectual rigor Along the way Gunn s verse captured the social upheavals of the 1960s the existential possibilities of the late twentieth century and the tumult of post Stonewall gay culture The first book length

study of this major poet At the Barriers surveys Gunn s career from his youth in 1930s Britain to his final years in California from his earliest publications to his later unpublished notebooks bringing together some of the most important poet critics from both sides of the Atlantic to assess his oeuvre This landmark volume traces how Gunn in both his life and his writings pushed at boundaries of different kinds be they geographic sexual or poetic At the Barriers will solidify Gunn s rightful place in the pantheon of Anglo American letters **Twentieth Century Poetry** Peter Robinson,2005-01-06 Peter Robinson s third book of literary criticism presents a sequence of chapters exploring ways that selves and situations interact and become imaginatively identified with each other in poems Readings of works by Ezra Pound Basil Bunting Louis MacNeice W S Graham Elizabeth Bishop Allen Curnow Charles Tomlinson Mairi MacInnes Tom Raworth and Roy Fisher share an interest in how poems can be both attached to and detached from the culture society and conditions in which they were written These studies draw out and underline both the ubiquity and elusiveness of the self in the situation of the text The poems studied here are also discussed as focal points for relations between readerly and writerly selves and their situations in and over time

New Collected Poems Iain Crichton Smith,2011 Collected poems first published in Great Britain in 1992 by Carcanet Press **Unforbidden Pleasures** Adam Phillips,2016-05-17 Much has been written of the forbidden pleasures But what of the unforbidden pleasures Unforbidden Pleasures is the singular new book from Adam Phillips the author of Missing Out Going Sane and On Balance Here with his signature insight and erudition Phillips takes Oscar Wilde as a springboard for a deep dive into the meanings and importance of the unforbidden from the fall of our first parents Adam and Eve to the work of the great psychoanalytic thinkers Forbidden pleasures he argues are the ones we tend to think about yet when you look into it it is probable that we get as much pleasure if not more from unforbidden pleasures than from those that are taboo And we may have underestimated just how restricted our restrictiveness in thrall to the forbidden and its rules may make us An ambitious book that speaks to the precariousness of modern life Unforbidden Pleasures explores the philosophical psychological and social dynamics that govern human desire and shape our everyday reality **Scottish Literature in English and Scots** William Russell Aitken,1982 **The Notebooks of Robert Frost** Robert Frost,2007-01-01 During his lifetime Robert Frost notoriously resisted collecting his prose going so far as to halt the publication of one prepared compilation and to lose the transcripts of the Charles Eliot Norton Lectures he delivered at Harvard in 1936 But for all his qualms Frost conceded to his son that you can say a lot in prose that verse won t let you say and that the prose he had written had in fact made good competition for his verse This volume the first critical edition of Robert Frost s prose allows readers and scholars to appreciate the great American author s forays beyond poetry and to discover in the prose that he did make public in newspapers magazines journals speeches and books the wit force and grace that made his poetry famous The Collected Prose of Robert Frost offers an extensive and illuminating body of work ranging from juvenilia Frost s contributions to his high school Bulletin to the charming chicken stories he wrote as a young family man for The Eastern Poultryman and

Farm Poultry to such famous essays as *The Figure a Poem Makes* and the speeches and contributions to magazines solicited when he had become the Grand Old Man of American letters Gathered annotated and cross referenced by Mark Richardson the collection is based on extensive work in archives of Frost's manuscripts It provides detailed notes on the author's habits of composition and on important textual issues and includes much previously unpublished material It is a book of boundless appeal and importance one that should find a home on the bookshelf of anyone interested in Frost *British Poetry from the 1950s to the 1990s* Gary Day, Brian Docherty, 1997-07-13 This collection looks at the developments in British poetry from the Movement until the present The introduction not only provides a context for these changes but also argues that poetry criticism has been debilitated by the quest for political respectability a trend which can only be reversed by reconsidering the idea of tradition The essays themselves focus on general themes or individual authors Written in a clear and informed manner they provoke the reader into a fresh awareness of the nature of poetry and its relation to society **Annual**

Bibliography of Scottish Literature, 1976 *Centre and Periphery in Modern British Poetry* Andrew Duncan, 2005-01-01 Does what is true depend on where you are or can we speak of a British culture which varies gradually over the 600 miles from one end of the island to the other with currents gradually mutating and turning into their opposites as they cross such a distance In *Centre and Periphery in Modern British Poetry* Andrew Duncan a published poet himself identifies distinctive traditions in three regions of the British Isles providing a polemic tour of Scotland Wales and the North of England while revealing the struggle for cultural assets The book exposes the possibility that the finest poets of the last 50 years have lived in the outlands not networking and neglecting to acquire linguistic signs of status *Centre and Periphery in Modern British Poetry* provides insightful accounts of major poets such as Sorley Maclean Glyn Jones Colin Simms and Michael Haslam
