**The Nouveau Roman** Stephen Heath,1972      **Nathalie Sarraute, Fiction and Theory** Ann Jefferson,2000-07-03

Nathalie Sarraute 1900-99 is regarded as one of the major French novelists of the twentieth century Initially hailed as a leading theorist and exemplar of the nouveau roman she has come to be regarded as an important author in her own right with her own distinctive concerns In this major 2000 study of Sarraute the first in English since her death Ann Jefferson offers a fresh perspective on Sarraute's entire oeuvre her novels her outstanding autobiography *Enfance* and her influential critical writings by focusing on the crucial issue of difference which emerges as one of her central preoccupations Drawing on a variety of critical approaches Jefferson explores Sarraute's fundamental ambivalence to differences of various kinds including questions of gender and genre She argues that difference is simultaneously asserted and denied in Sarraute's work and that the notion of difference so often celebrated by other writers and thinkers is shown in Sarraute's work to be inseparable from ambiguity and anxiety      *The Cambridge Companion to the French Novel* Timothy Unwin,1997-10-28 This volume offers a unique and valuable insight into the novel in French over the past two centuries In a series of essays acknowledged experts discuss a variety of topics including nineteenth century realism women and fiction popular fiction experiment and innovation war and the Holocaust the Francophone novel and postmodern fiction They offer a challenging reassessment of major figures while deliberately reading traditional views of literary history against the grain Theoretical discussion is combined with close reading of texts and exploration of context comparison with other genres and other literatures and reference to novels from earlier periods This companionable introduction includes a chronology and guide to further reading From it emerges a strong sense of the vitality and energy of the modern French novel and of the debates surrounding it      **Understanding Alain Robbe-Grillet** Roch C. Smith,2000 Transforming bewilderment into

understanding and pleasure while preserving a sense of Robbe-Grillet's considerable richness and complexity Smith elucidates the defining elements of the writer's fictional world characters that barely exist changeable narrators plots that defy logic notoriously meticulous descriptions that never quite form a complete story Smith examines Robbe-Grillet's embrace of discontinuity circularity indeterminacy and linguistic play Smith also poses questions about how we should view this perplexing writer as an author of hyperobjective novels and short stories a subjective novelist a realist or a writer who undermines the narrative's claim to represent reality In addition Smith evaluates the sado-erotic imagery of Robbe-Grillet's middle and late novels as a metaphorical play with textual and social conventions BOOK JACKET      **The Film Career of**

**Alain Robbe-Grillet** William F. Van Wert,1977      **Juan Goytisolo and the Poetics of Contagion** Stanley

Black,2001-01-01 Juan Goytisolo is arguably Spain's foremost contemporary novelist This book is one of the few major studies in English to examine all of his mature works from *Se as de identidad* in 1966 to *Las semanas del jardín* published in 1997 It focuses on the interface between the thematic content of the novels and its formal expression viewing this as the crucial

nexus of their meaning Goytisolo's writing is in his own words a commitment of myself for a transformation of the world The Poetics of Contagion dissects the nature of the relationship between writer and reader to show how Goytisolo's political commitment is reflected in his work

**The Cultural Politics of Tel Quel** Danielle Marx-Scouras, 2010-11-01

**A New History of French Literature** Denis Hollier, 1998-08-19 This splendid introduction to French literature from 842 A D to the present decade is the most imaginative single volume guide to the French literary tradition available in English

**Alain Robbe-Grillet** John Fletcher, 2019-10-01 Alain Robbe Grillet had traditionally been seen as an austere experimentalist in fiction addicted to arid and interminable descriptions of objects like coffee pots erasers and pieces of string His own rather bellicose theoretical pronouncements were partly to blame for this unattractive picture belied by the immense popular success of the film Last Year at Marienbad 1961 made by Alain Resnais from Robbe Grillet's script and the high critical esteem in which novels like Jealousy and The Voyeur are held In his original study first published in 1983 John Fletcher attempts to resolve this paradox by offering a new interpretation of Robbe Grillet's work which stresses the subversive qualities of his imagination and the disturbing power of his vision of a world of labyrinths and bizarre sexual stereotypes haunted by images of love and loss

**Nathalie Sarraute and the Feminist Reader** Sarah Barbour, 1993 Situated at an intersection of feminist critical practice in the United States and feminist cultural theory in France Nathalie Sarraute and the Feminist Reader is an investigation of the way in which this French New Novelist's first eight works in their increasing dramatization of the issue of reading problematize certain feminist literary analyses especially in relation to *l'écriture féminine* After an exploration of the difficulty Sarraute's writing poses for the critical enterprise through a lengthy reading of Sarrautien criticism in the U S and France Sarah Barbour shows how Sarraute's works eventually prohibit any fixed reading and open up instead a space in which we as readers are moved toward a more personal understanding of our use of narrative and of socio sexual constructs in the continual day to day constitution and reconstitution of subjectivity Nathalie Sarraute conceives of the evolution of the novel as a movement through history and thus situates her work within a tradition of psychological realism at the same time that she proposes radical innovations of the tradition Her novels do not discard or revise past works but rather internalize them in an effort to expand the notion of what is possible for psychological realism This study takes as its model Sarraute's example of simultaneity which invites an understanding of time both as a diachronic movement through phases from the psychological realism of Dostoyevski to that of Kafka to her own and as a synchronic encounter that elicits simultaneous relationships to different phases Within the movement of feminist literary criticism scholars have often discerned what are also referred to as phases that is criticism in the United States has moved from its initial concern with images of women in fiction by male writers to a desire to establish a feminine tradition of women's writing Nathalie Sarraute and the Feminist Reader is not an attempt to claim that Sarraute's work represents *écriture féminine* Reading Sarraute's novels in their evolution Sarah Barbour has found that they forced her own reading and

understanding of this term to evolve She therefore proposes that the novels open up a space that is beyond the frozen shells of gender which continue to bind women and men personally and critically The power of Sarraute's work lies in the solitary experience of our encounter with her presentation and perception of reality In this encounter we are forced to experience the fluid nature of subjectivity that is to internalize and explore differences within personal and sexual identity that by extension affect the identity of larger political movements

**Subversive Intent** Susan Rubin Suleiman, 1990 With this important new book Susan Suleiman lays the foundation for a postmodern feminist poetics and theory of the avant garde She shows how the figure of Woman as fantasy myth or metaphor has functioned in the work of male avant garde writers and artists of this century Focusing also on women's avant garde artistic practices Suleiman demonstrates how to read difficult modern works in a way that reveals their political as well as their aesthetic impact Suleiman directly addresses the subversive intent of avant garde movements from Surrealism to postmodernism Through her detailed readings of provocatively transgressive works by Andr Breton Georges Bataille Roland Barthes Alain Robbe Grillet Marcel Duchamp Max Ernst and others Suleiman demonstrates the central role of the female body in the male erotic imagination and illuminates the extent to which masculinist assumptions have influenced modern art and theory By examining the work of contemporary women avantgarde artists and theorists including Hélène Cixous Marguerite Duras Monique Wittig Luce Irigaray Angela Carter Jeanette Winterson Leonora Carrington Barbara Kruger Jenny Holzer and Cindy Sherman Suleiman shows the political power of feminist critiques of patriarchal ideology and especially emphasizes the power of feminist humor and parody Central to Suleiman's revisionary theory of the avant garde is the figure of the playful laughing mother True to the radically irreverent spirit of the historical avant gardes and their postmodernist successors Suleiman's laughing mother embodies the need for a link between symbolic innovation and political and social change

Modernizing George Eliot K.M. Newton, 2011-12-08 George Eliot's work has been subject to a wide range of critical questioning most of which relates her substantially to a Victorian context and intellectual framework This book examines the ways in which her work anticipates significant aspects of writing in the twentieth and indeed twenty first century in regard to both art and philosophy This new book presents a series of linked essays exploring Eliot's credentials as a radical thinker Opening with her relationship to the Romantic tradition Newton goes on to discuss her reading of Darwinism her radical critique of Victorian values and her affiliation with the modernists The final essays discuss her work in relation to Derridean themes and to Bernard Williams concept of moral luck What emerges is a very different Eliot from the conservative figure portrayed in much critical literature

*The Ethnographic Imagination (Routledge Revivals)* Paul Atkinson, 2014-04-04 First published in 1990 The Ethnographic Imagination explores how sociologists use literary and rhetorical conventions to convey their findings and arguments and to persuade their colleagues and students of the

authenticity of their accounts Looking at selected sociological texts in the light of contemporary social theory the author analyses how their arguments are constructed and illustrated and gives many new insights into the literary convention of realism and factual accounts

The Novels of Claude Simon J. A. E. Loubère, 2019-06-30 This lucid and illuminating study traces the development of an extraordinary experimental writer from his earliest work of the 1940 s to his most recent fiction Ms Loub re assesses Simon s aims and achievements and parallels his development as a novelist to the development of the modern novel itself showing how both moved from traditionalist forms and material toward the highly idiosyncratic New Novel After discussing his early works she devotes a chapter each to *Le Vent L Herbe* *La Route des Flandres* *Le Palace* *Histoire* *La Bataille de Pharsale* *Les Corps conducteurs* and *Triptyque* Step by step she points out the changes in technique and focus that occur in each succeeding novel as Simon rejects conventional forms and introduces new ones

*Dreams of Authority* Ronald R. Thomas, 1990

**Claude Simon** Alastair B. Duncan, 1994 This study of Claude Simon proposes a reading of Simon s work based on the premise that his novels are as much written adventures as adventures in language Special attention is paid to the major novels of the 1980s *The Georgics* and *The Acacia* Simon s development is set in the context of the intellectual and critical debates in which his novels were written and first read from Jean Ricardou s formalism to post structuralism intertextuality and psychoanalytic theory

*Sub-versions of the Archive* Carlos Riobó, 2010-12-29 *Sub Versions of the Archive* Manuel Puig s and Severo Sarduy s *Alternative Identities* analyzes recent theories of the archive to examine how Manuel Puig and Severo Sarduy reformulate the Latin American literary tradition This study focuses on eclectic theories of the archive as both repository and danger drawing from an array of sources both within and outside the Hispanic literary tradition from Borges Foucault Arrom Derrida Gonz lez Echevarr a and Guillory to digital media and biotechnology This book also applies theories of cultural contamination Maria Lugones and symbolic capital Pierre Bourdieu to the novels of Puig and Sarduy to explore the representation of marginal cultures within a body of literature that previously altered or elided these subaltern cultures from the tradition Through close readings and critical theoretical applications this book demonstrates how archival fiction continues to be one of the most popular strategies among Latin American novelists and most importantly how they have successfully managed to find new ways to inscribe their alternative fictions within this tradition Puig s and Sarduy s novels reproduce discourses popular culture and the mass media that lack prestige within the traditional archive These discourses mirror realities of marginal groups gay people children the poor the illiterate women and racial minorities Their cultural variants sub versions of hegemonic masterstories are endowed with truth bearing power for them but were previously left out of the archive as legitimate novelistic models To date this is the only study of contemporary Latin American fiction that puts current theories of the archive especially that of Roberto Gonz lez Echevarr a to practice in such a systematic way Riob s analysis of how Puig and Sarduy reformulate the Latin American canon is both a necessary complement of Gonz lez Echevarr a s work and an intelligent answer to the first of his projected masterstories

Riob s multidisciplinary approach
